FOR DESCRIPTION AND PRICE SEE PAGE 2

Giant Magnolia-Scented Moonflower

(IPEMEA MAXIMA)

A VAST IMPROVEMENT OVER THE COMMON MOONVINE.

It is of rarest beauty and startling proportions. The foliage is graceful and serviceable, and the vine a rapid climber, attaining a length of 30 feet in a season and making a dense shade. As a vine for covering trellises, fences, verandas, etc., it has few equals, and with a little training can be made to cover a large space in a very short time. The flowers are pure white, five to six inches in diameter, and as they expand toward evening have a very striking effect. A good-sized plant will produce fifty to one hundred flowers every evening. They are delightfully fragrant and begin to open about sundown, and close before noon the following day. Price 15c each, 2 for 25c, 5 for 50c.

BLUE MOONFLOWER (Ipomea Leari)

Valuable on account of its beautiful contrast with the White Moonflower. Habit of growth and flowering the same. The color is clear satiny blue, with well-defined crimson bars. We recommend planting the Blue Moonflower with the White; the effect will be novel and attractive. Strong plants, 10 cts. each, 3 for 25 cts.

PLEASE REMEMBER—THAT PREMIUMS ARE NOT ALLOWED ON ORDERS FROM PAGES 89 TO 95.

**We would appreciate the addresses of a few of your friends who buy Plants.
and will send them our Catalogue.**

WITH all of our greenhouses full of the good things offered in this catalogue, we look forward with a great deal of pleasure to the coming season, feeling sure that we are in as good, or better, position than ever to serve our customers promptly and well. Owing to the awful floods that visited this state last March, causing us to suspend shipping for nearly two weeks on account of railroad wash-outs, we were obliged to disappoint some of our customers who desired more prompt shipment, but with no unforeseen troubles this season, we hope to serve all with reasonable promptness.

Fortunately we are located on high ground and were not injured by the high waters; we take this opportunity of thanking the many friends who made anxious inquiry concerning us last spring.

We again solicit your orders, large or small, believing that we have one of the finest selections of varieties, the best grown stock in all departments that can be produced, the best facilities for handling and shipping, and the disposition to fill orders so that you will be well pleased.

Send in your order NOW. If you do not want the plants until later, we will enter your order for sending at any time you say.

Very respectfully,

SPRINGFIELD, OHIO.
The Greatest Plant Growing Center in the
World.

OFFER OF EXTRA PLANTS

We treat our customers liberally by adding extra plants, seeds or bulbs in each order according to its size, except orders for Nursery Stock and special collections. Many florists simply "throw in" anything they may have in surplus, but we believe such a plan is often unsatisfactory to the purchaser, and we allow each one sending over a dollar to select plants, seeds or bulbs (no fruits or other nursery stock) of their own choosing for the following named amounts, graded according to size of remittance and manner of shipment:

SCHEDULE OF EXTRA ALLOWANCES

We make the following inducements for the sending of larger orders

GET YOUR FRIENDS TO ORDER WITH YOU

Special Notice These Club Rates are not allowed on Nursery Stock, pages 89-95; Special Offers and Collections, and a few other articles where it is expressly stated must not be included in Club Rates, nor can we allow any of these to be selected as premiums. They apply only to plants, bulbs and seeds at price per single plant, bulb or packet. Please remember this when ordering, and if possible keep above named exceptions separate from that part of your order entered to Club Rates.

A Word About Express Charges

SHALL WE REMOVE SOIL FROM ROOTS AND SHIP EXPRESS PREPAID?

Removing the soil, or ball of earth, from the roots of the plants places the shipping of plants on a mail order basis, and inasmuch as we pay postage to all points of the United States we are willing to prepay the express charges on orders amounting to \$3.00 or more when shipped in this way, except, however, on orders for such plants as Palms, Ficus, Azaleas, Araucarias, Camellias, Rhododendrons, large Lemons or other large decorative plants. Such plants as these must be shipped without the roots being disturbed if one must expect the best results from them. The prepay offer applies only on such plants as Roses, Begonias, Chrysanthemums, Carnations, Cannas, and ornamental Ferns, Geraniums, Fuchsias, Lilies, mailing size Shrubs, hardy vines, some of the hardy perennials and miscellaneous bedding plants. These plants can be shipped to the most far away sections of our country with the soil removed, and transplanted safely.

We are willing to send a plant order except as above noted by prepaid express, IF SO REQUESTED, provided you are willing to have the plants come to you WITHOUT SOIL ON THE ROOTS, and that your selection is made strictly in accordance with our Mail Club Rates. All plants, except dormant stock, that we send by express, charges to be paid by the purchaser, are packed with some soil on the roots, thus insuring their uninterrupted growth when received. We pack as light as possible consistent with safety, and our customers have the benefit of from 20 to 33 per cent. reduction from regular merchandise express rates. The weight and correct charge for collection will be plainly marked on each express tag; if different amount is collected, take receipt of agent, send it to us, and we will see that any overcharge is refunded to you.

 PARCEL POST RATES DO NOT APPLY TO PLANTS, SEEDS OR BULBS.

SUGGESTIONS and INFORMATION

Springfield, Ohio

Is the acknowledged headquarters in the United States for the growing and shipping of plants by mail and express, and is the greatest Rose producing center in the world. It is centrally located, geographically, with four express companies—American, Adams, United States and Wells Fargo—which connect with all others and has unequalled facilities for receiving and shipping orders and procuring the lowest rates to all parts of the country.

This Book Is Our Salesman

from whom our patrons can buy at convenience. Prices are plainly marked and everything suitable to go by mail is delivered free at the prices named. We give close personal attention to every part of our business, and are always glad to accommodate and assist our customers in every way we can.

All Orders Whether large or small, receive from us the same uniform, prompt and careful attention. We fill all in the order of their reception. We wish our customers to remember that it is our determination to please all who deal with us, and we should like to hear from every package we send out. If the purchaser is satisfied, it is pleasant to know it; if not, we intend that he or she become so.

Our Terms Are Cash With Order No order sent C. O. D. unless a remittance of one-fourth of the amount of the order be made to guarantee the acceptance.

Outdoor Planting We are often asked the best time to plant. Always choose the most favorable time in your locality, and order accordingly. We can send most plants safely when desired. As there are so many degrees of latitude, and such varieties of temperature from various causes, it is impossible to dictate as to the precise time to plant out of doors. Customers must judge of this for themselves, always remembering that it is not safe to plant out until all danger of freezing is past, and the ground is warm, in mellow condition.

We Guarantee That every package we send out shall reach its destination in good condition. If a package is lost, or any of its contents injured on the way, we will send again. Examine carefully on receipt and report within ten days should there be any cause for complaint. We do not guarantee that plants we send out will not be killed by drought, insects, accidents or frost after they are planted.

All Plants Plainly Labeled All plants are plainly labeled with a printed label, and a printed sheet of cultural directions is sent with each shipment.

Our Plants Are All on Their Own Roots And as long as any part of the plant remains it will produce uniformly the same beautiful flower. We grow them slowly to avoid forcing, our particular aim being to have a plant small enough to transport through the mail readily without injury, but with the vigor and thrift of much older plants.

We Pack All Plants Carefully In strong boxes, which insure safe transit through mails to the remotest part of the country.

Free by Mail We send Seeds, Bulbs and Plants free by mail, unless otherwise stated in offer, at the price named in this Catalogue to all points in the United States. This brings them to the very doors of our customers without trouble or expense.

Plants by Express We always recommend having plants sent by express where there are many ordered, and where there is an express office near, as we can usually send much larger plants, and do not have to wash the soil off the roots, as is the case when sent by mail. When the weather is sufficiently warm we pack all express orders in light, strong jute board boxes (which we furnish free). Plants packed in this manner will carry nicely for a great distance and keep for a week or ten days in a fresh condition. Purchaser pays express charges, but our Liberal Express Club Rates more than compensate for express charges.

When Best to Order Order Early—We strive to fill orders within a few days after they reach us, but this is frequently made impossible by the great rush of business about planting time. Do not wait until you need your seeds and bulbs before ordering. Anticipate planting time by getting your orders in early.

If You Wish Orders Held Be sure to say so, then we can book your order (and set items aside for you if necessary) until proper time to ship; otherwise we will assume the order is wanted at once.

You Can Have the Choicest Roses Geraniums and other plants in our collection as easily and cheaply as though they were grown at your own door, if you remit as above directed. We will take all of the risk, and promise to deliver any plants you may select from our catalogue in good growing condition.

How We Pack Our Club Orders Each person's plants will be packed separately with his or her name attached, so you will have nothing to do but deliver the bundle. If the plants are to be sent by mail and you desire them to be sent direct to the person, we will do so when their order amounts to \$1 or more.

Be Sure to Sign Name and Give Address Many orders reach us lacking either or both. Customers when writing about unsigned orders will aid us in identification by mentioning some of the articles ordered. We have a number of unidentified orders on hand now.

Remittances Should be made either in the form of P. O. Money Orders, Bank Draft, Express Money Order, or Registered Letter. Remittances in any other way are entirely at the sender's risk. When money is sent as above indicated we will send a plant or seeds of your selection, to amount of cost of money order, etc., if amount sent us is \$1.00 or more. United States Postage Stamps will be received if currency cannot be obtained. If personal check is sent, add ten cents for collection charges.

Our Plant, Seed and Fruit Departments Are entirely separate. Often the seeds or plants on a combined order may be sent before balance of order is filled. If only one part of order is received, please wait a few days for the balance before writing us.

Index On page 96 will be found an alphabetically arranged table of contents. This will greatly assist you in finding any particular plant that you may wish.

The Purest White Rose FRAU KARL DRUSCHKI or White American Beauty

Shown on First Cover Page

This magnificent variety has taken first prize at all the great flower shows of Europe. Pure snow white, with long buds and immense, perfectly double flowers (four to five inches across), with wax-like petals and very durable. It is one of the most continuous flowering Roses in this excellent class. The bush is a vigorous grower of upright habit and luxuriant foliage. Hardy everywhere that Roses grow. Both for cutting and for garden decorations, White American Beauty is universally admitted to be the finest white Rose in cultivation. Universally admired—enthusiastically praised. We offer fine plants, strong, vigorous and healthy, in one size only.

Price, 25 cents each; three for 60 cents.

Beauty Collection of TUBEROUS-ROOTED BEGONIAS

Eight of the finest for 60 cents.

The Tuberous Rooted Begonia is the fashionable plant of the day, and richly does it deserve its honors, for in addition to very handsome foliage, it bears a never-ending profusion of the most ravishingly beautiful flowers the whole summer, and then with the coming of cold weather, very obligingly takes a nap until spring, asking no further care through the winter than to be packed in soil away from frost. The enormous size and intense brilliancy of the flowers astonish those who have never seen any but the ordinary house Begonia. The bulbs can be started from March to June and will soon be in full bloom. Must be kept from direct sunshine. A good place for them is on the north side of a house or grape arbor.

The Beauty Collection comprises Four Single and Four Double Flowering of White, Scarlet, Pink and Yellow, including one single frilled (Crispa). All for 60 cents postpaid.

See other offers on page 32.

Suggestions for Porch Boxes, Vases and Hanging Baskets

Porch Box.

COMBINATION PORCH-BOX COLLECTION

Eighteen Beautiful Plants by Mail for \$1.00.

The plants and vines contained in this collection are suitable for filling hanging baskets, porch and window boxes. They will fill a hanging basket ten to fifteen inches in diameter and a window or porch box two and one-half feet long and six inches wide. This collection will make a beautiful display all summer and fall, and the Ferns will make handsome plants for the house next winter.

Collection will consist of the following:

- One strong Boston Fern.
- One strong Ostrich Plume Fern.
- Three Vincas.
- Two German Ivies.
- Two bright Coleus.
- Two Petunias.
- Two Begonias.
- Two Verbenas.
- Three Geraniums.

Eighteen beautiful plants sent by mail, postpaid, for only \$1.25. Ask for "Combination Collection."

(MUST NOT BE INCLUDED IN CLUB RATES)

UP-TO-DATE VASE COLLECTIONS

FOR FILLING VASES EXPOSED TO THE SUN

Most of these plants will be large, and must be shipped by express at your expense.

Remember, selection of variety must be left to us, but we assure you that only such varieties as are suitable for vase filling will be sent. Quality of stock will be A No. 1.

Vase Collection No. 1 This collection will be made up as follows: One Canna for center, four large Geraniums, two large Begonias, three Petunias, three bright Coleus, one Dracena Indivisa, two Impatiens, one Royal Purple, one Croton, and for border three Asparagus Sprengeri and six Variegated Vincas. This collection will fill a vase from fifteen to eighteen inches in diameter, and we will send it to you by express for \$2.00. In ordering, please ask for \$2.00 Vase Collection.

Vase Collection No. 2 For \$3.00 we will increase the number of plants in this collection to fill a vase from eighteen to twenty-four inches in diameter. In ordering, please ask for the \$3.00 Vase Collection.

Place your confidence in us for satisfactorily filling these collections, and we will not disappoint you.

(THESE COLLECTIONS MUST NOT BE INCLUDED IN CLUB RATES)

Another pretty effect may be had by filling vase with Red Salvia and bordering with Variegated Vinca. For price of Salvias, Vincas and Coleus, see page 5.

Still another nice way is to fill the vase with Ferns and border with either Asparagus Sprengeri or Vincas, but when so filled it must not be exposed to the full force of the hot sun. Large Ferns should be used where an immediate effect is desired. We can furnish for this purpose either Boston or Piersoni Ferns, strong plants from four-inch pots, \$1.25 per half dozen; \$2.25 per dozen.

Bear in mind that your vase should always be well supplied with water

THE PRICE AT WHICH WE HAVE OFFERED THESE COLLECTIONS IS VERY LOW, AND WE CANNOT ALLOW ANY DISCOUNT OR SELECTION OF EXTRAS—THE PRICE IS NET, AND THEY MUST NOT BE INCLUDED IN CLUB RATES.

Special Offers of Bedding Plants

These are the plants best suited for making your summer flower beds. They are easy to grow and sure to make a pleasing color display all summer and until frost. We grow them in large quantities and would be pleased to have your orders in early, so we can book them for shipment at proper time, which is usually about May 1st in this latitude.

FOR SPECIAL PRICES OF BEDDING PLANTS SEE PAGE 5

Beautify Your Lawn With a Bed of Cannas==The King of Bedders

Nothing makes a finer appearance on a lawn than a bed of Cannas. If you have a suitable spot that gets the sunshine, plant a bed of Cannas. For example, the dwarfier kinds may be planted in single or double rows along the walk, or side of the porch; others may be banked against the side of a building or in front of a hedge or a background of shrubs (always placing the shortest kinds in front), or used as a hedge plant they prettily mark a dividing line where no real barrier is needed, but the best effect of all is produced when many plants of a kind are placed together in masses or large beds, round, square, oval or oblong, or a triangle bed of glowing color for some suitable corner.

Directions for Laying Out Circular Beds of Cannas

Always use tallest growing varieties in the center, and then carefully grade each succeeding circle, using dwarf kinds for the outside. Plant one Canna in center of bed, next six Cannas twelve inches apart in a circular row twelve inches from center. For each succeeding circle use six more Cannas than were used in the previous circle and make it twelve inches farther away from the center. Measure your beds, and you can soon tell just how many plants you need. A square bed will take about the same number of plants. An oval bed, add length and breadth and divide by two. For example, an oval 7 feet long by 5 feet wide will require same number of plants as a circular bed 6 feet in diameter.

If you will simply state the color and number you want for each circle or straight line, as the case may be, we will select the proper variety for you. We know of no other plant in the floral kingdom which blossoms so luxuriantly, continuously and beautifully as do these Canna Lilies. If you prefer to have a bed of all one color, please say so when ordering and select any of the following colors: Pink, dark red, light red, orange-scarlet, yellow, yellow with red dots or variegated. We will send any of these colors, but the selection of variety must be left entirely to us. Remember that our Cannas are started plants, not dormant roots, as are often sent out, and will come to you in good growing condition.

For a border to the Canna bed we would recommend red Salvia or Coleus (red or yellow). Salvias should be planted twelve inches apart and the Coleus eight inches apart.

Brilliant Salvias

They grow into a bush from two to two and a half feet high. The foliage is large and covers the ground, forming a mound or vivid green surmounted by blazing red flowers. It attracts immediate attention in the garden, and is one of the most effective and gorgeous plants for bedding in cultivation. Salvias for solid bedding should be planted fifteen inches apart and where used as a border plant twelve inches apart. As a border plant to Salvias we would recommend light colored Coleus.

Bright Colored Coleus

Whoever has been in our large city parks will never forget the little ornamental beds that look like vari-colored rugs spread at short intervals on the smooth lawn. Fill body of your bed with any fancy or dark maroon leaved varieties and border with a light green or yellow leaved sort. Plants for Coleus bed should be set about ten inches apart, for the border line they should be set a little closer to give the desired effect.

Ever-Blooming Impatiens

If you have a shady nook about your lawn or house, plant it with Impatiens. They are very satisfactory plants for outdoor bedding or for house plants for winter blooming. These plants commence blooming when very small, are seldom out of bloom, and when at their best display a gorgeous profusion of flowers against a rounded background of glossy green leaves. Plant twelve inches apart. Use Pansies for border, planted eight inches apart.

Beautiful Single Petunias

Where effect is wanted, nothing excels the large, free-flowering varieties of Petunias. They are of compact, bushy habit, and are covered the entire summer and fall with their bright flowers, and can be used in beds, borders, baskets, vases, window boxes, or in any sunny place where a mass of color is needed. They are always full of flowers and always satisfactory. For border to Petuna bed we would advise planting either blue or white Ageratum. Petunias should be planted twelve and Ageratum eight inches apart.

Unrivalled Dwarf Lantanas

Indeed, a great acquisition to the list of bedding plants, and will give the utmost satisfaction and keenest delight to all those that will plant a bed of Lantanas. The flowers embrace all of the most delicate shades, changing from one color to another as they develop. The varieties described in this catalogue give a wide range of color, and include the most distinct and profuse blooming varieties. Lantanas should be planted twelve inches apart. For a border we would recommend the silver-leaved Centaurea, commonly called Dusty Miller. These should be planted eight inches apart.

Geraniums for Bedding

All know how useful Geraniums are for bedding, and we need not say another word about it to convince you of the fact. We can furnish Geraniums for this purpose in the following colors: Red, white, pink and salmon in either single or double flowering varieties. The directions for laying out a circular Canna bed (as given on this page) will apply to a Geranium bed. Geraniums should be planted twelve inches apart. For a border to the Geraniums we would recommend the Silver-Leaved Geranium Madame Salleri, or Coleus in either red, yellow or fancy leaved.

Giant Flowering Heliotropes

Heliotropes are great favorites for bedding out, but, above all, for their delicious, vanilla-like odor, which has given to the plant a great reputation among fragrant flowers. The plants make a rapid growth in the open air and bear immense flowers which are freely produced and much sought after on account of their delicate colors, they being colors that are rare among choice flowers. We can furnish the purple, true blue, lavender and white. Heliotropes should be planted twelve inches apart, and for border use Sweet Alyssum, ten inches apart.

SPECIAL OFFERS OF BEDDING PLANTS===Continued

BED OF MAMMOTH FLOWERING VERBENAS.

The Verbena is in every respect a desirable bedding plant, but of little use for pot culture. In the open air it is a rapid grower, an abundant bloomer, and the various colors and shades of the flowers are almost without limit. About one month after planting they will assume a spreading form, and from then on will be covered with scores of beautiful, bright, and, in some varieties, fragrant flowers. They should be planted fifteen inches apart. A Verbena bed will have the desired effect without a border.

SIX GARDEN COLLECTIONS OF

Ever-Blooming Roses for Bedding or Indoor Pot Culture

Our list of ever-blooming Garden Roses, described and illustrated on the foregoing pages, will, we trust, find favor with our customers. While it contains some of the most satisfactory varieties of recent introduction, it also contains sorts which have made a reputation for themselves as splendid bedding varieties.

As is our custom in making up collections for our customers, we have selected varieties showing marked contrasts in color combined with hardiness, vigor of growth and abundance of bloom, so that purchasers in obtaining one or more of these collections may rest assured that they procure sorts which, although limited in number, will give them a variety unexcelled in all the prime qualities of the best Garden Roses.

Our Garden Roses are famous throughout the country; they give universal satisfaction, as is evidenced by the number of orders and congratulatory letters we receive annually from purchasers. Even the smallest size will, under ordinary conditions, give an abundance of bloom the first year, but the larger sizes will, of course, bloom earlier and more profusely.

And How to Grow Them

"THE QUEEN OF FLOWERS"

THE ROSE is the "Queen of Flowers." No garden, however small, is complete without Roses. There are no flowers grown that are more universally admired than the Rose, and their cultivation is yearly extended as it becomes more generally known that they are so easily grown, and that they can be procured at so trifling an expense. All that is necessary to have them grow and bloom freely is to plant them in a bed of deep, fresh, loamy soil, well enriched with thoroughly rotted manure, and they are certain to do as well as a bed of Geraniums.

The Springfield method of growing Roses, which originated in our establishment 35 years ago, and has been adopted by all the growers here, is to propagate them in the summer, give them a rest in the winter in cold greenhouses, and in spring they are ready for duty with full strength and vigor. The Rose must have a rest each and every year if the best results are to be obtained—this is but natural.

Springfield is known as the world's center for the growing of fine Rose plants, and the large number of greenhouse establishments here count their annual output by the millions. This and our constantly growing business is good evidence that our "methods" are all right.

ROSES ALL ON THEIR OWN ROOTS

Our Roses are all grown from cuttings and are consequently all on their own roots. If they are inclined to sprout from the roots, they should be encouraged to do so, as young, vigorous shoots produce the finest flowers; they cannot throw up wild shoots, because root and top are the same. As long as any part of the plant or root remains it will produce the same beautiful flower. We do not send out any budded or grafted Roses.

Our Roses are all Grown in Pots, In good, fresh soil, without stimulants; are strong, healthy plants, kept from blooming here by cutting the buds off as they appear, and with any fair treatment on your part will be sure to grow; and the ever-blooming class will bud and bloom as soon as they start to grow vigorously.

Pot Culture for House and Conservatory

The ever-blooming Roses alone are best for house culture. Have a good, rich soil, mixed with one-fifth sand. Sods and well-rotted cow manure make the best soil for Roses. After potting, the plants ought to be thoroughly watered and kept from the burning sun. The earth should be moderately dry before watering again. If the Rose gets too large for that pot, shift into one or two sizes larger, but do not use too large pots.

Preparation of Rose Bed Select a sunny spot not undermined by roots of trees, and quite level with the grassplot. Prepare your bed by digging to the depth of eighteen inches. Any good garden mould will grow Roses, but they are especially fond of small clods of clay in the soil. If the bed is not underdrained naturally, provide drainage by means of broken bricks and stones at the bottom. Add one-fourth old, well-rotted cow manure to the soil and clay. Ground bone ranks next to cow manure as a fertilizer, and may be used in place of it or in addition to it. Roses are rank feeders and amply repay the food and moisture given them, both with luxuriance and elegance of foliage, and profusion and size of bloom. After the plants have been set out, which should be early in the season, keep the soil loose by frequent shallow stirrings, till the middle of June, when they should be mulched by covering the surface of the bed to the depth of an inch or so with old manure or any strawy material, to prevent evaporation. An occasional application of manure water greatly stimulates growth, which, with most Roses, means bloom.

Water We are frequently asked how often to water. Do so whenever the soil gets dry, but whenever water is applied do it thoroughly, so as to soak the soil to the roots; when the bed dries off a day or so after, loosen the soil around them lightly.

Pruning March and April are the best months for this operation. Moderate pruning insures growth and more blooms. Cut out all decayed wood. All the shoots bearing flowers ought to be shortened two-thirds after blooming.

Winter Protection In the latitude of Springfield a covering of three or four inches of manure or leaves over the entire bed is sufficient. In colder latitudes, draw the leaves up around the stems six or eight inches higher, and in very cold places earth them up and protect with corn stalks or evergreen boughs. For Tea Roses a good plan is to put a temporary fence of twelve-inch chicken wire netting around the bed, filling in loosely with leaves, with a little earth or some branches over all to prevent them from blowing away. This should not be done, however, until severe cold weather sets in, so that nearly all the leaves are off the plants and they are thoroughly ripened, which is usually about December first in this latitude.

DISEASES AND INSECTS

Healthy, vigorous, well-cultivated Roses in well-located beds are less liable to the ravages of insects and diseases than weak specimens of slender growth and poor vitality. Therefore, keep your Roses healthy by good cultivation. It is the indifferent, indolent grower whose Roses are the prey for insects, although the weather in certain seasons aggravates the troubles of a Rose grower considerably.

Mildew This is a fungus disease, shown by the grayish, crinkled and mouldy appearance of the foliage, caused chiefly by cool nights and hot days. Remedy: Dust lightly over the foliage flour of sulphur on a warm, sunny day.

Black Spot Another fungus disease, usually making its appearance on Hybrid and Hybrid Tea Roses late in the season. The black spots on the foliage cause same to turn yellow and drop off. Pick off affected leaves and spray with "Bordeaux Mixture." Spray also when dormant the following spring.

Aphis, or Green Fly A little sucking, green insect, which sometimes gather in countless numbers upon the new growth. Steep tobacco stems or leaves in water over night and apply with a spray pump or whisk broom. Warm soap suds is also effective.

SUPERB COLLECTION OF

Ever-Blooming Hybrid Tea Roses

THE HYBRID TEA AND BOURBON ROSES are the hardiest of the ever-bloomers, standing the winter in the northern latitudes with but little protection, and are perfectly hardy south of the Ohio River without any protection whatever. They bloom constantly throughout the summer. The flowers increase in size and beauty as the weather becomes cooler, coming into perfection in autumn. This is, we believe, the most popular class of Roses now in cultivation. These varieties are the result of a union between the ever-blooming Teas and the Hardy Hybrid-Perpetual class, thus combining the exquisite richness of coloring and beauty of form in the one with the hardiness, vigorous growth and pungent fragrance of the other. The following collection has no equal:

Price, 10 cents each, except where noted; any six for 50 cents; any thirteen for \$1.00. Two-year-old plants, 30 cents each; any four for \$1.00.

Crown Princess Victoria.

Crown Princess Victoria, or White Malmaison

This Rose is one of the loveliest of all Roses. The color is a pure, waxy snow-white; the center of the flower has a lemon tint, just enough to lighten up and brighten it. 15c each.

Hermosa, the Old Favorite Everybody knows this famous variety. It has been held in high esteem for many years and will always be popular, as it embraces so many desirable traits that go to make up the ideal Rose. It is hardy as an oak and always covered with its clear pink blooms.

Helen Gambier Great Yellow Garden Rose. The growth is free and vigorous, very free-blooming, flowers of splendid substance and a delightful shade of deep rich golden-yellow. In extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the Rose discloses depths of golden-yellow, with light orange tints, while the outer petals lessen to lemon-yellow, giving a combination of tints and tones unequalled in their beauty.

Annie Besant A vigorous growing and free flowering variety. Blooms very large, full, perfectly formed; color delicate salmon-pink suffused satiny-flesh; very beautiful.

Aurora (New) Center rich bright pink with outside petals paler. 15c each.

Antoine Rivoire A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy-flesh, on a yellow ground, shaded with a border of carmine; flowers five inches in diameter.

Bessie Brown We regard this Rose as one of the finest Roses in cultivation. The flowers are very large and highly built and double; color is a creamy-white with a beautiful shade of pale, tender flesh, resembling gloss silk. It is highly scented and a most magnificent Rose in the open ground.

Beauty of Stapleford A free bloomer; full, perfect form; of large size, with bright pink color shaded carmine.

Clara Watson Rich salmon-pink, with very graceful flowers, resembling Bridesmaid in form and produced in remarkable profusion. The buds, which are supported on long stems, are very beautiful.

Champion of the World

Everyone wants a hardy ever-blooming Rose. From early summer until frost it can be depended upon to produce flowers in abundance; color rich glossy pink, delightfully fragrant, and such a strong, vigorous grower that it is almost invulnerable against attacks of insects.

Col. R. S. Williamson

A truly superb Rose and a distinctly grand addition to the popular Hybrid Tea class. The blooms are very large, full, perfectly formed, with high-pointed center; the petals are round, smooth and possessed of great substance. Color, satiny white with deep blush center; very lovely. A first-rate Rose for any purpose.

Countess of Gosford

Color salmon-pink shading to rose and pink; suffused with saffron-yellow at the base of the petals; very free flowering.

Dean Hole The flowers are large, of great substance and fine form; color silvery-carmine shaded salmon; absolutely distinct and by far the finest in its way of color. Should be in every garden.

Etoile de France The gold medal Rose of France; flowers very large and borne on good, long, stiff stems; color a lovely shade of clear red, crimson-velvet; very fragrant and keeps well. In England, where it has been tried extensively, it has caused quite a sensation. Good grower, free bloomer, fine, rich color, deliciously fragrant.

Gruss an Teplitz As a bedding Rose this is one of the finest. The color is brightest scarlet, shading to deep, rich velvety-crimson. It is very fragrant. The freest grower and the most profuse of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the young growth being a bronzy-plum color. A queen among scarlet bedders.

SUPERB COLLECTION OF EVER-BLOOMING HYBRID TEA ROSES—Concluded

Price, 10 Cents Each, Except Where Noted; Any 6 for 50 Cents, Any 13 for \$1 00. Two-Year-Old Plants, 30 Cents Each, Any 4 for \$1.00.

Helen Gould This is a better Rose for general planting than American Beauty, the dream and hope of every Rose grower for years past. The flowers are full and perfectly double, the buds beautifully made, long and pointed. The color is warm rosy-crimson, like the color of a ripe red watermelon.

Hugh Watson Crimson shaded carmine; large, full; floriferous; fragrant. Most beautiful.

Kaiserin Augusta Victoria The best white Rose in the world. This beautiful Rose has not only a royal name, but is a royal Rose as well. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color pure creamy-white. It far surpasses any other white Rose in all particulars, and has a much richer perfume.

Killarney A very beautiful Hybrid Tea Rose. The color is an exquisite shade of deep shell-pink lightened with silvery-pink. The base of the petals is a soft silvery-white, relieved with enough yellow to make it more attractive. The buds are exceptionally long and beautifully formed, the open flower is graceful in the extreme. It is free in growth; strong, heavy shoots, which are crowned with buds.

Lady Battersea This variety has long pointed buds of the largest size and very striking in form; the color is bright cherry-crimson; the stems are stiff and extremely long; a vigorous grower and free in bloom.

Lucien de Lemos Pink, center rosy-white; large, full, globular; fragrant. A most excellent Rose.

Leuchtfeuer (H. T.) Color is deep blood-red, shaded with scarlet. An excellent Rose, remarkable for its free-blooming qualities.

Mme. Caroline Testout A grand Rose, with large, full flowers and handsome buds, closely resembling La France, but bright satiny-rose, finely edged with silvery-pink; an abundant bloomer. Price, 15 cents.

Madame Jules Grolez (Red Kaiserin.) From exquisite bud to the full shapely flower, this new Hybrid Tea Rose is superb. Color soft China rose, passing to clear satiny-pink.

Mme. Simone Beaumez A vigorous grower with long, willowy stems; very large flowers of exquisite form, high pointed center and outer petals beautifully reflexed; flesh-white with shining texture; a beautiful variety.

My Maryland This splendid American introduction is destined to become one of the most popular varieties in cultivation. Large, full, double flowers, a pleasing shade of salmon-pink. Distinct and beautiful. Splendid for forcing. Price, 15 cents each.

Meteor This splendid Rose is one of the brightest colored of all, and must still be considered among the very best for bedding and general planting, as well as for growing in pots and conservatory. The color is a rich velvety crimson, exceedingly bright and striking, and the flowers are large and regular, fully double and borne on nice, long stems. It is a quick and constant bloomer and quite fragrant. Never fails to please.

Mme. Abel Chatenay Flowers large and full, petals recurve and of a beautiful creamy-rose. Shaded rose-vermilion and tinged with salmon. The base of the petals is very highly colored. Flowers borne on long stems.

Miss Kate Moulton Soft shell-pink, with reverse of petals deeper; very ample foliage, with good, long stems. A fine bedder. Price, 15 cents.

Mme. Melanie Soupert A good grower, quickly forming a well-branched bush; foliage bronzy-green, flowers very large, almost full and globular; immense cupped petals; color golden-yellow suffused bright pink. An extraordinarily fine Rose, promising to force readily, as the growths are slender, stiff and freely produced.

Pink La France It is of superb form and double as a Rose can be. No variety can surpass it in delicate coloring; silvery-rose shaded with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, as it is hardly beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored and fragrant in the highest degree.

Mme. Jenny Gillemot.

Madame Jenny Gillemot Buds long and pointed, deep saffron-yellow, opening canary with dark golden shadings; blooms large, petals immense; opens very freely; a fine upright grower of branching habit; exquisitely beautiful; very large in size, but very long and pointed.

Pernet's Triumph The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious tea fragrance. Color a fine clear magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time.

President Taft There have been two Roses sent out under this name, a red variety from Europe without merit, and the one we here describe. This Rose was raised in Cincinnati, the home of President Taft. It is without question the most remarkable of all pink Roses. It has a shining, intense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant.

Red La France Color a rich, deep even pink throughout. The growth of the plant is vigorous, the habit good and the flowers, which are thrown up well above the foliage, are produced very freely. Price 15 cents each.

Rosemary A beautiful Rose of shining silvery-pink, recommended for bedding; very large and very double. A sturdy grower with stiff stems and large foliage. Flowers freely produced. Up to date this is the best garden Rose that Mr. E. G. Hill has introduced.

Striped La France This beautiful new Rose is free in bloom; nicely striped. A beautiful bright rose on a satin-pink ground. Very distinct and showy.

Souv. de President Carnot A charming new French Rose. A strong, clean, healthy grower, with handsome bronzy-green foliage and large, elegant shaped buds. The flower is of large size, exquisite shape, with heavy, thick, shell-like petals; buds long and pointed, similar to Niphetos, but very much larger, and all borne on long, stiff, erect stems. Color a delicate rose-flesh, shaded a trifle deeper at center. Very profuse bloomer. Price, 15 cents each.

White La France It is identical with La France, except in color. Pure white, sometimes tinted with fawn.

Wellesley The Beautiful New Pink Rose—The color is a beautiful shade of pink, the outside of the petals being bright and clear, with a silvery reverse. It is a very vigorous, healthy grower, carrying the flowers on long, stiff stems, which are clothed with heavy dark green foliage. It is remarkably free flowering, and possesses unusually fine keeping qualities.

NEW EVER-BLOOMING HYBRID TEA ROSES

In this list we offer the latest and finest introductions, both European and American. They represent the highest achievements of the world's best and most skilled hybridizers. All on their own roots. Most of these varieties are imported from England, Ireland and France.

WE RECOMMEND THEM TO YOUR ATTENTION

Price, Young Plants, Except Where Noted, 15 Cents Each; Any Four for 50 Cents. Two-Year-Old Plants, 35 Cents Each; Any Four for \$1.25.

Andre Gamon A very vigorous grower of erect, branching habit; fine bronzy foliage, with long, finely shaped buds; the flowers are large, full and globular, carried well above the foliage upon rigid and strong stems. Color deep rose and carmine. Edges of petals carmine-lake. As a garden Rose this will become popular on account of its distinct soft color and its remarkably free flowering qualities and hardness.

Dr. Campbell Hall Coral rose; suffused white, base of petals yellow; a charming Rose, flowers large, full and perfectly formed; very free.

Eugene Boulet This Rose is a very free bloomer and has proved itself valuable as a bedder for the garden. Color is deep crimson to carmine, and the large flowers are so freely produced that they make a sheet of gorgeous color. Price, 20 cents.

F. R. Patzer A beautiful and distinct Rose of very free flowering character; the growth is very robust and erect, with large and handsome foliage. The blooms are produced with great freedom, they are carried on stiff stems and are of large size and substance and perfect formation; highly tea-scented. Color, brilliant salmon-pink, of very fine shape, buds sharply pointed.

General MacArthur Dazzling crimson-scarlet. One of the grandest red Roses ever offered. Buds are of ideal shape and exquisite perfume, making the variety very desirable for cut flowers; while its clear glossy foliage, generous bloom, and brilliancy of color demand recognition in the garden.

Grace Molyneux Creamy apricot, flesh-colored center. Blooms large and fine.

George Reimers Growth vigorous, robust and free; flower large, very full and of excellent form. Color, brilliant fiery-red; buds long and elegant. A splendid bedder.

Florence Pemberton.

Florence Pemberton Creamy-white, suffused pink, the edge of the petals occasionally flushed peach. Flowers very large and full, of perfect form and wonderful substance. This is without doubt one of the finest Roses it has yet been our pleasure to offer, and we predict that it will become one of our most generally cultivated sorts in a very short time. Price 20 cents.

Helen Wattine White with lemon-yellow center, very double and of the largest size, opening flat as a plate; a vigorous grower and a very pleasing bedder. Has the beautiful form of Malmaison.

Mrs. Theodore Roosevelt Creamy-white with rose center; bud long and pointed, flowers very large, full and of splendid form. Its freedom of bloom is most remarkable, beginning on very small plants and continuing without interruption. A grand garden Rose. Has made a fine record in Europe as well as in America. Price, 20 cents.

Madame Victoria Gagniere Vigorous growth, flowers large, long; color white, shaded with rose, reverse of petals carmine; very floriferous, superb.

Lucien de Lemos A large globular Hybrid Tea, with very large outer petals on long, upright stalks; warm pink, center rosy-white; flowers durable and fragrant; free in bloom;

Lady Ashtown Deep rose, shading to silvery-pink, with touches of yellow at base of the petals; large, full and fine form, free and constant. A grand garden Rose, much prized in England.

Madame Leon Pain Robust growth; smooth wood; handsome plum colored foliage; flowers large, full and free in opening; silvery-salmon, center orange-yellow, reverse bright red and yellow.

Mme. Segond Weber Rosy-salmon, one of the grandest novelties of recent years; the bud is long and pointed, opening into an enormous bloom which deepens its color until fully expanded, when it is as impressive as an American Beauty,

Mrs. A. R. Waddell A strong, rampant grower with foliage that is ornamental in itself; buds long and pointed, rosy-scarlet, opening copper-salmon; large and semi-double, but a wonderful keeper. One of the showiest Roses extant.

Mrs. Aaron Ward This Rose is a real joy to the grower and absolutely distinct. One of the most delightful Roses of recent years in a color that catches the eye at once. Coppery-orange in the open bud, golden-orange when partly developed, pinkish-fawn of lovely shade when fully open when it looks like a full fluffy-silk rosette. No wonder everybody that sees it falls in love with it; one of the most beautiful Roses in existence.

Mrs. G. W. Kershaw Very long, pointed bud, on long, stiff stem; color, the most brilliant and intense pink; of wonderful freedom and quite continuous.

Mrs. Theodore Roosevelt.

New Ever-Blooming Hybrid Tea Roses—Continued

Price, Young Plants, 15 Cents Each, Except Where Noted; Any Four for 50 Cents. Two-Year-Old Plants, 35 Cents Each; Any Four for \$1.25.

Mme. Valere Beaumez Of unusual and delightful color, light flame with golden center, shaded glowing salmon. Form full and beautifully rounded, of large size on heavy, upright canes; the foliage is very handsome, thick and glossy, of beautiful dark green. A wonderfully striking flower; looks as if illuminated.

Mrs. Dudley Cross Pale, soft, rosy-yellow with deeper shadings, a delightful color and of beautiful, rounded form, has good stems, holding the blooms quite upright. A splendid bedding variety.

Mme. P. Euler Silvery rosy-red; very large, very full on stiff, strong stems; of the general type of American Beauty, but much dwarfier in growth; flowers deliciously fragrant. Grand bedder.

Margaret Molyneux Saffron-yellow, shaded apricot and peach, shading to canary-yellow as the blooms expand. Small, semi-double flowers freely and abundantly produced

May Kenyon Slaney A rose of wonderful distinctness and charm, possessing a wondrously profuse and continuous flowering habit; the blooms are large and of wonderful finish; the color is a charming bluish-pink on rich cream, the pink intensifying as the flower expands; delightfully tea scented. Valuable.

Mrs. Fred Straker Orange-crimson in the bud, developing as the bloom expands to silvery-fawn on front of petals, and delicate orange-pink on back—it is barely possible to describe the coloring; buds long and elegant, with a perfect spiral finish, very floriferous, and in every respect a splendid Rose. Highly tea perfumed.

Mrs. Arthur Munt Suffused peach and deep cream, which becomes ivory-white as the flower develops; the blooms are large, full, and perfectly formed, with high pointed center and delicately tea scented. A delightful Rose for any purpose, but particularly valuable for the garden.

Rhea Reid.

Rhea Reid A Rose of the type of the American Beauty, but of the easiest culture. It never mildews or blackspots and opens its large flowers perfectly under all weather conditions. In color it varies with the temperature, in summer a bright cherry-rose, while in winter it is a rich crimson-scarlet.

Mrs. George Preston A most beautiful and thoroughly distinct Rose, flowering in the greatest profusion. The blooms are very large, full and of globular form, the color is a very delicate, warm silvery rose-pink, a truly delightful color. Sometimes in autumn it is lighted up with delicate orange. Very fragrant.

Mrs. George Shawyer The color is a very lovely bright shade of pink and the flowers are freely produced on straight, upright stems which shows them off to good advantage on the bush and makes them valuable for cutting.

Mrs. Walter Easlea Is of robustly vigorous and erect growth, with handsome deep green foliage. The blooms are large, full, and are most freely produced; the petals are very massive, smooth and circular; the color is a glowing crimson-carmine, which, as the flower expands deepens to intense crimson-orange; back of petals intense satiny-crimson. It is deliciously perfumed, and is an excellent forcing Rose of distinct merit. Price, 20 cents.

Olivia The ideal red bedding Rose; was always just a little ways ahead—never quite reached. Such varieties as Meteor, Helen Gould, General McArthur, Gruss an Teplitz, Etoile de France each lacked something to make them ideal. Rhea Reid came nearer the mark in some localities, but now comes Olivia, coming under the wire first an easy winner. It has more petals in it than General McArthur and is a shade lighter in color than Rhea Reid, but has them both backed off of the boards when it comes to free blooming. A superb Rose.

Perle Von Godesberg A splendid Rose and worthy of a trial. The color is a rich canary yellow, with light saffron shadings. It was sent out from Germany as a yellow Kaiserin Augusta Victoria, but with us it has failed to prove to be a pure yellow.

President Taft There have been two Roses sent out under this name, a red variety from Europe without merit, and the one we here describe. This Rose was raised in Cincinnati, the home of President Taft. It is without question the most remarkable of all pink Roses. It has a shining, intense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant.

Prince Englebert Charles de Arenberg Erect, vigorous growth; buds and flowers of large and perfect form, being long and pointed; massive petals. Color brilliant fiery-scarlet.

Robin Hood This new Rose has a glorious rosy-scarlet color that is at once soft and bright and lasting; the bloom is full and of beautiful build. It is a grand grower, heavy caned and profuse in foliage; flowers very freely produced.

Rheinland's Eyre A fine large flower of clear, even satin-rose, of brilliant finish. Bud long; flower large, form of a perfect Camellia. A variety of the first order for the garden.

Radiance Color a brilliant rosy-carmine, displaying beautiful opaline-pink tints in the open flower. The form is fine; flower large and full with cupped petals. A fine variety, especially on account of its value as a summer cut flower variety. Very free in growth and production of bloom, has good habit; lasting qualities of the flowers are wonderful.

Sunburst This magnificent giant yellow Rose is a fine forcer; it stands head and shoulders above all others of its color and will rank with American Beauty and the Killarneys in value and grandeur. It has long, pointed buds, which can be cut tight for market. The color is orange-copper or golden-orange and golden-yellow; edge of petals lighter; all intense shades, extremely brilliant in effect. Belongs in the class of big Roses; has created a sensation wherever shown. Price, 20 cents.

Theresa Deep orange-apricot, passing to madder-pink with carmine splashes. As the flower expands it becomes ecru-veined flesh-pink passing to silvery-pink. The flowers, which are semi-double, are produced continuously in the greatest profusion, and are delicately tea-perfumed.

White Killarney This is the greatest forcing Rose of any color or class. Benches of it during the winter give the appearance of a bank of snow. It is pure white in color, long in bud, of fine form; in fact it is the one Rose par excellence. It is also a great garden Rose, having more petals than its parent Killarney. A great acquisition and a really wonderful Rose.

E. W. Lippiatt Brilliant velvety-crimson, shaded deeper; large and full on erect stems.

Our "Garden Collection" of CHOICE EVER-BLOOMING TEA ROSES For Outdoor Bedding or Indoor Pot Culture

Price, 10 cents each, except where noted; any six for 50 cents or any thirteen for \$1.00; large two-year-old plants, 30 cents each; any four for \$1.00.

The Roses in this collection are highly valued because of their fine colors and exquisite tea fragrance. They will bloom freely from June until November, even the one-year-old size (two-year-old plants of course will bloom more). This is a collection of Roses that no real Rose lover can afford to miss; some of them are particularly famous for the large size, beauty and brilliant colors of the blossoms. They bloom freely, flowering not only once, but all summer through. If planted in the spring so that they may become thoroughly established during the summer, they will, with few exceptions, prove hardy here, with protection during the winter. We wish to remind our friends of the superior quality of these plants; they are the product of years of experience and our improved methods of culture, which insure plants of the greatest possible vitality and abundance of bloom. We wish it were possible to show you a sample flower from each one of the Roses in this collection. You would be delighted with their exquisite beauty of form and color. The only reason we do not say more about them is, simply, because there is not room in our catalogue. Examine the list carefully.

Cornelia Cook.

Cornelia Cook The buds are of immense size, borne up high on massive stems and with their round, full, heavy form, carry an air of dignity and grace quite unusual. The flowers are of the clearest, snowiest white.

Alliance Franco-Russe One of the really good Roses of the year. Very large, double and of beautiful rounded form, a soft, glowing orange and copper, flushed and shaded with ruddy crimson.

Archduke Charles Rich, bright red, large, full and double; early and constant bloomer; very hardy and good.

Beaute Inconstante Color is variable, some pink, red, copper and some white.

Blumenschmidt Pure citron-yellow, outer petals edged tender rose, a sport from Franzisca Krüger which it resembles in form, and which has a more vigorous growth. Winner of three first premiums.

Bon Silene Noted for the great size and beauty of its buds, which are valued very highly for bouquets; deep rose color, sometimes bright rosy-crimson; splendid for outdoor cultivation.

Burbank A perfectly hardy, free-flowering, ever-blooming Rose. The flowers are double, of fine form, nearly three inches across. The color is a deep rose-pink, shading to a beautiful soft rose at the center. The petals are well incurved, so that the center is hidden. In September and October the outer petals change to a deep, rich carmine. Delightfully fragrant.

Bougere This is a superb Rose; extra large, very double and full; exceedingly sweet tea scent; color bronze-rose or violet-crimson, delicately shaded with lilac.

Beau Carmine A splendid Rose for bedding; fine carmine-red, with rich velvety color; flowers large, full and double; constant and profuse bloomer; fragrant and very desirable.

Bridesmaid The most popular pink Tea Rose. Thousands of this variety are grown every year for cut flowers, and it is also very desirable for summer bedding out of doors. It is a delightful shade of bright pink, very free flowering, and easily grown.

Catherine Mermet One of the finest Roses grown. Faultless in form and charming in every shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose, which illumines the base of the petals.

Clothilde Soupert Color a French white, deepening to a rosy-blush in the center, exceeding in distinctness of shadings the well known Malmaison. Its greatest value lies in its compact, vigorous habit and wonderful profusion of bloom. Form and substance of the flowers are so perfect that the hottest weather does not cause a deterioration of either, so that even in midsummer a bouquet of splendid buds and open flowers can be obtained from this fine variety.

Coquette de Lyon Vigorous, rapid grower and constant bloomer; pure canary-yellow.

Dr. Grill Coppery-yellow, with fawny-rose reflex. An entirely new color and one of great brilliance. The outer petals are large, round and shell-shaped, and inclose a mass of shorter petals, which are of a brilliant color. A grand garden Rose.

Devoniensis On account of its whiteness and sweetness, often called the "Magnolia Rose." Creamy-white, delicately flushed in the center with pink. One of the most fragrant Roses and a favorite of long standing.

Duchesse de Brabant This Rose combines exquisite perfume, beautiful coloring and matchless profusion of flowers and foliage. Soft, light rose, with heavy shading of amber and salmon. Quite hardy.

Etoile de Lyon This magnificent Tea Rose, south of the Ohio River, has proved to be perfectly hardy. Blooms in the greatest profusion and each bud is a gem. Flowers are very large, double, full and deliciously fragrant. The color is a beautiful chrome-yellow, deepening at center to pure golden-yellow.

COLLECTION OF

Choice Ever-Blooming Tea Roses—Continued

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED; ANY SIX FOR 50 CENTS, ANY THIRTEEN FOR \$1.00; LARGE-TWO-YEAR-OLD PLANTS, 30 CENTS EACH, ANY FOUR FOR \$1.00.

Freiherr von Marshall As an outdoor Rose it has no superior. The flowers are large, beautifully shaped, double and full, and borne in wonderful profusion all through the growing season. It is bright red, one of the brightest, if not the very richest colored Tea Rose in existence, fine, long, well-shaped buds.

Francois Dubreuil Fine, large double flowers, which in color are equal to the best of our deep-colored Hybrid Perpetuals. The flowers are large, very full and double, with thick, regularly arranged petals. Color is red, with velvety shadings; rich and very fragrant.

Friedrichsruhe Color deep blood red, large, full, well formed, flowering freely and continuously; excellent habit of growth. Awarded gold medal at Dusseldorf. A splendid Rose.

General de Tartas A first-class Rose for bedding. brilliant carmine, deeply shaded with violet-purple, extra large, very double, full and fragrant.

Gen. Rcbt. E. Lee Orange-yellow. It is a good grower, has elegant long buds, borne on long stems. It forces easily, being at its best in midwinter. The color is so peculiar and rich that it attracts attention wherever seen.

Golden Gate The flowers are extra large, very full and finely formed, and of excellent substance; the buds are long and of the most desirable form; the color is rich creamy-white, beautifully tinged with fine golden-yellow. The petals are large and broad and exquisitely bordered and tinted with clear rose, making altogether a Rose of the rarest and most indescribable beauty. In short, we can heartily recommend it as one of the finest and most beautiful Tea Roses grown.

Henry M. Stanley The color is a rare and remarkably beautiful shade of clear amber-rose, delicately tinged toward the center with fine apricot-yellow; the petals are beautifully edged and bordered with rich carmine, and on the outer reverse side pass to a lovely shade of salmon or buff-rose; the flowers are large, fine, full form, excellent substance and deliciously fragrant, having a rich tea scent.

Mlle. F. Kruger.

Mlle. Franzisca Kruger The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps.

Freiherr von Marshall.

Helen Good, the Beauty Cochet This is a true Cochet Rose, and after two years' trial in the garden we pronounce it as good as, if not better than, any Rose for the garden ever sent out. The color is a delicate yellow, suffused with pink, each petal edged deeper.

Ivory, or White Golden Gate Golden Gate has become so well known to all Rose growers as an extremely free forcing variety of the largest size, that all will understand what the new Rose, Ivory, is like when it is described as a pure white Golden Gate, a sport from that variety.

Isabella Sprunt A bright canary-yellow; large beautiful buds suitable for cut flowers; a very sweet tea scent; profuse bloomer. It is no doubt the freest bloomer of all yellow Roses.

Jules; Finger A magnificent Rose; elegant and valuable. The color is bright rosy-scarlet, beautifully shaded with intense crimson.

La Princesse Vera One of the finest Tea Roses. Very full and double; immense buds which are prettily shaped and quite distinct. Color pale flesh, changing to salmon-rose, shaded with carmine.

Lady Mary Corry Growth vigorous and of erect branching habit, blooms of good size, freely produced and perfectly formed. Color deep golden-yellow, distinct and fine.

Louis Richard A superb Rose imported from France; extra large size; splendid full form, very double, delicious tea scent; color rich coppery-rose, changing to buff, shaded with carmine; center sometimes brilliant rosy-crimson.

Lady Hillingdon Of quick free growth, with narrow foliage and slender graceful stems, each surmounted with beautiful long pointed bud of rich orange-yellow color. Fine cut flower sort. Awarded several Gold Medals in England. Price 15 cents each.

Mrs. Hubert Taylor Shell-pink, the edges of the petals being ivory-white; a really superb Rose, of perfect formation and finish. A very chaste and charming variety, and quite distinct, an immense gain to the Tea class. Price, 15 cents.

Media Ranked by many enthusiasts as the best yellow Tea Rose. The flowers are of large size, perfectly double. The color is magnificent—deep, rich lemon-yellow, with creamy-yellow center, with tints of sulphur.

Mme. E. Duranthon This is one of the most unique colored Roses in existence. Large flowers, surmounting a long stiff stem; creamy-white outside, center pink and coppery-yellow. Extremely free.

Marquise de Vivens The color is a novel shade of rich violet, with center and base of petals creamy-yellow, exquisitely tinted salmon and fawn. Large full flowers, sweet. Constant and profuse bloomer.

GARDEN COLLECTION OF CHOICE EVER-BLOOMING TEA ROSES—Concluded

PRICE, 10 CENTS EACH, ANY SIX FOR 50 CENTS, ANY THIRTEEN FOR \$1.00. LARGE TWO-YEAR-OLD PLANTS, 30 CENTS EACH, ANY FOUR FOR \$1.00.

Mrs. Foley Hobbs Delicate ivory-white, faintly tinged clear pink on edge of petals; blooms large, exquisite form, perfect finish; petals thick and shell shaped, floriferous, deliciously tea perfumed, exceptionally fine for exhibition, superb.

Mosella Clusters on single stems. The color is chrome-yellow in the center, getting creamy-white on the edges of the petals. It will make a great bedder and is perfectly hardy.

Maurice Rouvier The color is a bright pinkish-rose, tinted with shades of buff, veined with deep crimson, while many of the petals have a wide border of silvery-white; strong grower and prolific bloomer.

Mme. Joseph Schwartz Pure white, tinted rose.

Mme. Cecile Berthod Most beautiful both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color.

Mme. de Vetry, the Creole Beauty It makes big clean buds of great beauty and opens well, showing large, full double flowers to great advantage. The color is a rich red, changing to silver-peach—reminds one of the delicate hues seen on the inside of the fairest deep-sea shells—rosy-flesh bathed in golden-amber, broad, shell-like petals, bright and beautiful; in every way a fine Rose.

Mme. Caroline Custer Bright lemon-yellow; very free and handsomely shaped; one of the finest Roses; very free flowering.

Madame Margottin A famous Rose. Flowers very large, full and double, borne profusely. Color dark citron-yellow, bright red center. A strong grower and a remarkably fine Rose in every way.

Mme. Welche The flowers have great depth and substance and are of fine globular form with broad, thick petals and large, finely-shaped buds. The color is a beautiful shade of soft amber-yellow, deepening toward the center to fine orange or coppery-yellow, delicately tinged and clouded with pale ruddy-crimson. Both flowers and buds are remarkably sweet, and the plant is a good healthy grower.

Mme. Lombard A first-class Rose for bedding; extra large, full flowers; very double and sweet; color a beautiful shade of rosy-bronze, passing to salmon and fawn, beautifully shaded with carmine; an elegant Rose.

Madame De Watteville The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large, and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance; flowers large, very full.

Madame Edmond Sablayrolles Color, bright yellow on the outside; center, orange-yellow; large, full flower, opening well.

Madison This is a greatly improved Bride, and when we say improvement, we mean a genuine improvement. Pure white, edged pink; a great bloomer.

Marie Van Houtte This exceedingly lovely Rose cannot be surpassed by any Rose of its color. In the open ground it is truly magnificent. The flowers are extra large and are deliciously fragrant. The color is pale canary-yellow, shading to pale rose. Magnificent.

Marie Guillot This beautiful Tea Rose continues in popular favor, and still maintains its position as one of the best white Roses of its class; flowers of an unusual style, entirely double to the center; very sweet-scented.

Papa Gontier A grand red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is of fine size and graceful form. Extremely free both in growth and bloom. Very long and beautifully leaved stems can be cut, the foliage begins very dark and heavy. One of the best, and a perfect bedder.

Princesse de Sagan Crimson is a scarce color among Tea Roses, and for that reason, as well as for its vigorous growth, this is a Rose of great value and beauty. The color is rich velvety-crimson, brilliantly beautiful. It blooms quickly and abundantly; in fact, is one of the freest blooming of Tea Roses.

Perle des Jardins Probably better known than any other yellow Rose grown. Beautiful clear yellow, distinct from all other Tea Roses.

Rainbow Deep coral-pink, striped red; very fine.

Rose Gubert Color canary-yellow, deepening at the center; bud long, producing a large flower. Extremely free in growth and bloom.

Queen's Scarlet This is, without any doubt, the very best of the red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums.

Souvenir de Pierre Notting The bloom is very large, perfectly full, of elegant form; has a beautiful long bud; the colors are very bright, distinct and clear, and have no unpleasant tones—orange-yellow, bordered in carmine-rose.

Snowflake This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest flowering white Rose we have ever seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose.

Souvenir de la Malmaison This grand old variety when used as a bedding Rose in summer has no equal, as it produces the most perfect flowers in the hottest weather. Its rich flesh-colored flowers are of immense size, double to the center; are produced in abundance; exquisitely fragrant; a noble Rose.

Safrano Bright apricot-yellow, changing to orange and fawn, sometimes tinted with rose; valued highly for its beautiful buds; fragrant and a rampant grower.

Souv. d'un Ami The color is a deep rosy-flesh, beautifully shaded with rich carmine; edges reverse petals silver-rose; clear and bright. A Rose that will please.

Sombreuil Beautiful white, tinged with delicate rose; buds are large and full, blooming in clusters.

Sunset A grand variety. The flowers are of large size, fine full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark ruddy copper. Intensely beautiful and resembling in color a splendid "After-glow."

The Queen This elegant new Tea Rose originated in this country. It is a very large, pure snow-white, ever-blooming Rose; the flowers are extremely large, very full and double, and delightfully perfumed; a vigorous and healthy grower.

The Largest White Rose, The Bride The buds are very large and of exquisite form; the petals are of fine texture and substance, and the full flower is very double, measuring from three and one-half to four inches in diameter. The color is a delicate creamy-white. The blooms can be cut with long stems and will last in a fresh state after being cut longer than any known variety.

Uncle John Never out of bloom during the whole growing season. Pretty buff-yellow flowers, shading to white and pink, large, full and fragrant; a strong, bushy grower.

White Bougere A beautiful large pure white flower, with shell-shaped petals; fine both in bud and fully open flower. Plant is a strong, healthy grower, equally valuable for pot or garden culture.

William Notting The flowers are very large and full; color a bright rosy-cerise, center deeper, sweetly perfumed. It is a grand bedding Rose.

Wm. R. Smith A most promising summer bedder with beautiful, firm, glossy foliage, quite like Cochet in appearance and durability; very vigorous in growth, with flowers of heavy texture; color, creamy-white with shadings of pink. Succeeds admirably in the open ground, bringing fine blooms on long, stiff stems. Hardy with light protection.

Papa Gontier.

FOUR FAMOUS COCHET ROSES

These are among the very finest hardy ever-blooming Roses in cultivation. They stand at the head of the list and are not surpassed by any others in beauty or productiveness, and no difference what other Roses you have, you want the Four Great Cochet Roses also. They should be included with every order.

Price, 15 cents each; set of four for 50 cents; large two-year-old plants 35 cents each; set of four for \$1.25.

PINK MAMAN COCHET The Queen of All Garden Roses

Such beauty and exquisite form as is possessed by this variety is well-nigh marvellous, and cannot be seen in any other Rose we know of, outside of its counterparts, White and Yellow Maman Cochet. The buds are beautiful, large, full and firm, and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Small pot plants will in the open ground quickly make large, strong bushes, and produce, on long, stiff stems, great numbers of perfect flowers that are enchanting in fragrance and delicate brightness. The color is rich, clear pink, changing to silvery-rose.

RED MAMAN COCHET (Mrs. B. R. Cant)

A fine garden variety of even shade of deep rose or red, round and full, the form of a good Hybrid Perpetual. A very free grower, in fact it is one of the strongest growing Roses we have. It flowers as continuously and freely as a China Rose, and is especially fine in autumn. This Rose is bound to take rank with the best Roses grown.

WHITE COCHET

A grand Rose. Identical with its parent, Maman Cochet, the queen of all pink garden Roses, except in color of flower, which is snowy-white, sometimes faintly tinged with the faintest suggestion of pale blush. It has the same freedom of bloom, magnificent form of buds and flowers, which is marvelously beautiful in its perfection. The flowers are large and very double, with petals of unusually heavy texture, making it of more than ordinary value in open ground.

YELLOW MAMAN COCHET (Madame Derepas Matrat)

The unusual hardness of this Rose—a pure Tea—makes it especially adapted for bedding. It is a fitting companion to those other grand summer Roses—the White and Pink Cochets—offering a sturdy, clean growth with stiff stems and luxuriant bloom. Flowers large, perfectly double and shapely, of a rich sulphur-yellow.

Maman Cochet.

Price, Entire Set of Fourteen for \$1.25; Two-Year-Old Plants, Any Six for \$1.50; Set of Fourteen for \$3.25.

By our faithful attention to the wants of customers we have won a confidence that we consider one of the most valuable assets of our business. Our appreciation of this confidence, therefore, makes us feel especially the responsibility of selecting from among our entire list fourteen Roses which we can recommend as the most reliable for general planting. There are so many beautiful Roses nowadays that it would not be just to say of any fourteen, "These are the best," but we do say that in this set of fourteen each one contains the qualities of a high grade Rose. They are all strong, vigorous growers, bloom abundantly and all are among the hardiest in this ever-blooming class. They will bloom the first season and every succeeding season, all summer long, even the one-year size, but best about them is the beauty of the flowers, in form, color, fragrance, every way; but read the descriptions on preceding pages and then order. If you can only have a few Roses, don't fail to get this collection. It will give you unbounded satisfaction. We have made the price very moderate, placing them within the reach of all.

Our "Giant" Collection of Large Two-Year-Old Ever-Blooming Roses FOR IMMEDIATE EFFECT

These bushes are two years old, strong and healthy. They make, of course, more of an appearance from the first than does the smaller stock, having practically a year the advantage in all respects—an advantage for which we find many persons willing to incur the additional expense.

The selection of varieties must be left to us, and we will send only strictly high-grade Roses. All will be different, and all correctly labeled.

Ever=Blooming CLIMBING ROSES

Price, 10c each; Any 6 for 50c. Large, Two-year-old Plants, 35c; Any 3 for \$1.00

In the South or on the Pacific Coast, where they stand the winters, nothing can compare with them for beauty of bud and foliage. Are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

NOTE—The Roses on this and the following pages are the most rampant and vigorous in the whole Rose family. They may be kept out of doors in the North by laying them down and covering with leaves or litter. If you want Roses to "get there quick," these are the ones to plant:

Climbing White Maman Cochet If there is one Rose that stands out in the affections of the people more than another it is White Maman Cochet. Here we have a climbing form that will become as popular as a climber as its parent has as a bush Rose. Grand, huge white flowers tinged pink.

Chromatella, or Cloth of Gold A grand Rose for the South. Clear, bright yellow, very sweet and beautiful. It blooms rather sparingly, but makes up for this deficiency by being wonderfully beautiful.

Climbing Malmaison There is no finer pink than the old, well-known Malmaison, or "Souvenir" of the South, and we are sure that our patrons, one and all, will be glad to hear that we have a climbing variety that is identical with the parent. This variety will prove of inestimable value to all lovers of fine climbing Roses. It will prove perfectly hardy south of Washington D. C.

Caroline Goodrich, or Climbing General Jacqueminot This Rose has finely formed, very double flowers, and its fragrance is most delicious. This is a hardy Climbing Tea, and should not be classed with the hardy climbers that bloom but once a year. The color is the same as that of General Jacqueminot.

Caroline Marniesse A hardy ever-blooming bedding Rose that deserves more than ordinary attention. Flowers medium size, pure white, very double and borne in clusters. Of easy culture and free bloomer. Perfectly hardy if slightly protected. This we consider one of the most desirable Roses for cemetery planting, as it is quite hardy and produces its clusters of pure white flowers throughout the season.

Climbing Devoniensis Identical in all respects with the Tea Rose "Devoniensis," except it has the climbing habit; flowers of great size, very double; a magnificent variety.

A Grand, Velvety-Red Rose, Climbing Meteor

Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer, and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for summer blooming, as it will make a strong growth and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor, and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of Climbing Meteor.

Climbing Paul Neyron (Madame Wagram.) Paul Neyron has always been known as the largest Rose extant. In Climbing Paul Neyron we have the largest size coupled with its bright, fresh pink color, that no Rose excels; and it is also a true perpetual bloomer. The freest of all climbers. This Rose is a wonder. Be sure and try it.

Climbing Clothilde Soupert In a single season small plants will grow fifteen to twenty-five feet. They are distinct, large, round, full and double, with beautifully imbricated petals, and deliciously sweet. The color effect is magnificent—ivory-white shading toward the center to a silvery-rose. Cluster after cluster of flowers is produced throughout the entire season, and the bush at all times is literally loaded down with them.

EVER = BLOOMING CLIMBING ROSES

(CONCLUDED)

Price, 10c Each; Any 6 for 50c. Large, Two-year-old Plants, 35c; Any 3 for \$1.00.

Climbing Bride This grand new Rose will immediately become popular. It is identical with its parent, The Bride, in flower, while it greatly excels it in growth, showing strongly the climbing habit, making it one of the most desirable Roses to be had, especially for the Southern states. The buds are of grand size, and are carried on high and erect stems, and the flowers are unsurpassed for purity of whiteness.

Climbing Killarney A climbing type of the famous pink "Killarney." It is identical with the parent variety except that it is of the climbing habit of growth. Color is a most exquisite shade of rich imperial pink; deliciously fragrant. It is a strong, rapid grower. A splendid addition to the class of hardy Ever-blooming Climbing Roses.

Climbing Perle des Jardins Same as the grand old Perle des Jardins, equally good in every way; vigorous climbing habit. Its large, full, well-formed golden-yellow flowers, borne on stiff stems, make this variety desirable for bouquets and artistic floral decorations.

Climbing Welche A new ever-blooming Tea Rose of the most promising type. It has everything to commend it. All the valuable characteristics of Mme. Welche, from which it is an offspring. Grows rapidly and strongly, and blooms freely as does its parent. The flowers are identical with Mme. Welche, a beautiful shade of soft amber-yellow, deepening towards the center to fine orange or coppery-yellow, delicately tinged and clouded with pale ruddy crimson. Both flowers and buds are remarkably sweet. Hardy if protected.

Empress of China There is no other Rose like it that will bloom for so long a time. It is simply wonderful. When it first opens, the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy and a vigorous grower.

Golden Chain, or Climbing Safrano (Reve d'Or) A beautiful pillar Rose, being a strong climber. Color orange-yellow, or deep saffron; good size, full and sweet.

Lamarque White with sulphur center, sometimes pure white; very large, full flowers, fragrant and makes beautiful buds; an excellent Rose. Well-established plants bear thousands of its beautiful white buds.

Mary Washington Its flowers are of medium size, pure white, perfectly double to the center, sweet, and borne in endless number all summer. It is a vigorous and rapid grower, and at once becomes a general favorite. It makes a great profusion of fine buds, which are borne on long stems and usually in large clusters. Its fragrance is tinged with the old-fashioned musky flavor so much admired in olden times.

Mrs. Robert Perry, or Climbing Kaiserin

This is by all odds the most remarkable new Rose of recent introduction. It is an offspring of that grand variety, Kaiserin Augusta Victoria. The flowers are extra large, full, deep and double; are of excellent substance and produced on long, stiff stems, like a forcing Rose; buds are long and pointed. Pure ivory-white. Fragrance is delicious. It grows to perfection outdoors, throwing up numerous shoots ten to fifteen feet high in a single season.

Marechal Niel, The Most Popular of All

A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its perfection, and are almost massive in dimensions. It is almost universally held to be the finest climber indoors or out, where the climate admits of its cultivation. This is one of the Roses that starts rather slowly, and for that reason the best success will be had with the larger plants. This superb Rose is especially recommended for the Southern states, where it requires but little outdoor protection.

Mme. Driout The striped Reine Marie Henriette (as the name implies, it is a sport from the old favorite Reine Marie Henriette). Has the splendid vigor and the form of the mother Rose, while beautifully striped, flamed and shaded in bright carmine over pale rose.

Pillar of Gold Pillar of Gold introduces the Rose lover to something quite distinct in climbing Roses. The color of its flowers places it in a distinct class by itself. In Pillar of Gold we have a jewel. The blooms are double to the center, of the largest size, and come in immense sprays or bunches of from five to ten blooms on a single branch, and the effect throughout the summer is a perfect sheet of gold. The color is a deep yellow flushed with coppery-yellow. Reverse of petals shows touches of bright rose. If you have seen the deep yellow of Mlle. Franziska Kruger in the fall when the nights get cool, then you get an idea of the beautiful deep golden-yellow of this Rose.

Reine Marie Henriette An excellent crimson-flowered ever-blooming climber. The flowers are exquisitely formed, very full and double, nicely tea-scented, strong growing and very free-flowering.

Solfatara Fine, clear sulphur-yellow; large, double, full and fragrant; an excellent climbing Rose; valuable.

The Red Marechal Niel This brand new Rose is a strong, vigorous grower; flowers large, full and of fine form; color a pure cherry-red and sweet-scented. A splendid Rose, and destined to become very popular.

W. A. Richardson Branches strong and spreading; flowers of good size, full, of fine form, color orange-yellow; a new shade of Noisettes.

White Marechal Niel The fame of Marechal Niel, with its large, deep golden-yellow flowers, is so world-wide that nothing further need be said of this new variety to make it instantly popular, than that it is the counterpart in every respect of Marechal Niel, its parent, save the color of the flower, which is pale creamy-white, totally distinct. It is a rapid climber.

THE BEST OF THE HARDY RAMBLER ROSES

THESE beautiful, new hardy Climbing Roses are unexcelled. There is nothing like them after they become established in their strong luxuriant growth, freedom of bloom and bright colors. This family of Roses has become so popular everywhere, notably the famous **Crimson Rambler**, **Pink Dorothy Perkins**, **White Dorothy Perkins** and **Flower of Fairfield**, that extended descriptions are not necessary. They are almost as necessary adjuncts to one's home as the furniture in it. Absolutely hardy everywhere; once planted, they are practically permanent. **Price, 15 cents each, except where noted, any six for 60 cents; two-year-old plants, 35 cents, any five for \$1.50.**

American Pillar Climbing Polyantha. A new single flowering Rose with blooms two to three inches across, borne in immense clusters. Color lovely apple-blossom-pink with bright golden stamens followed in autumn with red hips. A great Rose to grow in pots for Easter.

Baroness Von Ittersum A fine climber with glossy foliage; very early and free bloomer. Flowers are large and color is brilliant scarlet-crimson. An excellent addition to this class.

Bagatelle White overlaid with shadings of soft rosy-pink, a distinct new color, flowering in immense clusters on long stems. Stay in perfection a long time. Most valuable.

Climbing American Beauty A seedling from American Beauty with Wichuraiana and Tea blood in its veins. The introducers say of it: "Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good foliage, and better blooming qualities. Blooms three to four inches across; has proved perfectly hardy and stands heat and drought as well as any Rose in our collection." We feel sure this Rose has a great future.

Crimson Rambler Bright crimson flowers produced in large clusters of pyramidal form; grand variety for pillars and arches and to train over porches; also makes a fine attractive hedge. Awarded gold medal, N. R. S. **Price, 10 cents each.**

Count Zeppelin A brilliant rose colored flower that attracts from a great distance; vigor of **Crimson Rambler**. Cupped form; double. In immense trusses; unusually floriferous. This Rose is unsurpassed as a Climber.

Dr. W. Van Fleet Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a remarkable delicate shade of flesh-pink on the outer surface, deepening to rosy-flesh in the center. The flowers are full and double, of delicate perfume; buds pointed. It very much resembles *Souv. de Pres*. *Carnot* in color.

Flower of Fairfield A sport from the notable **Crimson Rambler**, which it resembles in every respect, except that it continues to bloom all summer. Its European growers claim that it produces a marvelous succession of brilliant crimson clusters from early spring until late autumn. Sure to be in great demand.

Keystone This great new Rose has a vigor of constitution found in no other Rose. The open flower is perfectly double, resembling *Clothilde Soupert*; buds beautifully formed; color deep lemon-yellow. Fragrance delicious, like that of *Magnolia* blossoms.

Lady Gay Flowers numerous and of good size, delicately perfumed. Warm cherry-pink, shading to soft white. One of the strongest climbers as well as a fine carpet Rose and exceptionally showy for fence covering.

Miss Messman (Climbing Baby Rambler) There has been a widespread demand for a **Crimson Rambler** that would bloom more than once. Here you have it. Everyone knows how **Baby Rambler** is always in bloom. This is simply a climbing form of the **Baby Rambler**, embracing all its good qualities.

Philadelphia Rambler It differs from the **Crimson Rambler**. The color is deeper and more intense; the flowers are perfectly double to the center, very durable and of fine substance. The blooms are larger than those of **Crimson Rambler**. **Price, 10 cents each.**

Pink Dorothy Perkins Extremely hardy, withstanding the most severe winters with impunity. The flowers are borne in clusters of from six to ten and are very double, with prettily crinkled petals. Remarkably pretty pointed buds, beautiful clear shell-pink in color, lasting a long time without fading. The flowers are sweet scented. The foliage is rich, deep green, and of thick, leathery substance.

Shower of Gold A very vigorous grower with deep golden-yellow and orange flowers borne in fine trusses. It produces a mass of bloom and the *Wichuraiana* foliage is beautiful in form, in color and in its high metallic luster.

Tausendschoen, or Thousand Beauties The flowers are the most delicate shade of pink ever seen in a Rose, might be described as a white delicately flushed with pink changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring.

Veilchenblau, the New Violet-Blue Rose, or "Blue Rambler"

"A Rambler or Climbing Rose, with steel-blue flowers semi-double, medium sized, appearing in large clusters. Has showy yellow stamens which, combined with the blue of the petals, make a very attractive flower. It is a very strong grower with glossy green foliage and few thorns. **Price, 10 cents each.**

White Dorothy Perkins (New.) A pure white sport of the well-known **Dorothy Perkins**, of same habit of growth and same time. A most valuable addition to this class.

Wartburg A seedling of **Tausendschoen**, flowers double, carmine rose in very large clusters; a vigorous grower, making shoots the second year twelve feet in length, which are nearly thornless. Dark green foliage.

Yellow Rambler (Aglaiä) Flowers are deep golden-yellow and very fragrant. **Price, 10 cents each.**

Excelsa (New.) A distinct variety in form, color and habit. The color is an intense crimson-maroon, with tips of the petals tinged scarlet. Flowers are large and double, produced thirty to forty on a stem, and almost every eye on a shoot produces a cluster of bright blossoms. An improved **Crimson Rambler**.

The Hybrid Polyanthas

Or BABY RAMBLERS

This charming class of Roses is the sensation of the last few years. They represent the triumph of productive effort among Rose growers in bringing the vivid colors, prodigal freedom and beautiful clustering form of the grand outdoor Rambler Roses into the house for winter decoration. Price, 15 cents each; the set of seven for 75 cents. Strong, two-year-old plants, 30 cents each, any three for 75 cents.

Baby Dorothy A true dwarf form of Dorothy Perkins, containing the family virtues, and pink beauty. The prettiest pot Rose on the market.

Cyclope (New.) A pretty little bush plant of unique color, purple and heliotrope, found in no other Rose; the petals have rays of white.

Erna Teschendorff (New.) Brilliant, rosy-crimson with flowers of good size in clusters; reminds one of the coloring of "Gruss an Teplitz," said to be the best red among Polyanthas.

Jessie An ideal Rose for bedding, massing or for pot culture. The flowers, which are produced in huge clusters, are of a bright cherry-crimson color, which does not fade; superb.

Mistress Taft (New.) A brilliant rosy-crimson; flowers and foliage somewhat resembling Baby Rambler.

Orleans Rose (New.) A charming sort of the true Polyantha type, of clean, vigorous growth and unusually brilliant foliage. Flowers are strikingly handsome; a warm geranium-red with center of pure white.

White Baby Rambler As delicately tinted and as full of clusters as any Polyantha Rose. Its pure white flowers are perfectly double, and bloom with the unceasing freedom of the reds and pinks of this class.

The Wonderful Baby Rose Jessie.

Arbor or Hardy

CLIMBING PRAIRIE ROSES

These are the only Climbing Roses that are perfectly hardy everywhere, and are consequently of the greatest value. They can be readily trained to a height of ten to twenty feet, as they grow with very great vigor. They bloom the second year and but once in a season, but are then loaded with splendid Roses, and are among the most beautiful of flowering plants.

Price, 10 cents each, any three for 25 cents; two-year-old plants, 30 cents each, any three for 75 cents.

Baltimore Belle Pale blush, variegated carmine, rose and white; very double flowers, in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the very best of the type.

Greville, or Seven Sisters Flowers in large clusters; varies in color from white to crimson.

Prairie Queen Flowers very large and of peculiar globular form. Bright rosy-red, changing to lighter as the flowers open.

Tennessee Belle Flowers bright, beautiful pink; is more slender and graceful in growth than any of the varieties.

The Lady Banks or Banksian Roses

The Rose for California

These are fine climbing or trailing Roses, should bloom the second year after planting and are very beautiful. As the flowers are produced on the old growth, they should be pruned very little. The flowers are quite small, very double, come in immense clusters, and have a delicious Violet fragrance; indeed, if you were blindfolded you could not detect the difference between the fragrance of the Banksia Rose and the Violet.

White Banksia Pure white; beautiful, perfect form. 15 cents; two-year-old plants, 35 cents.

Japanese Creeping or Memorial Roses

These are most desirable Roses for planting on banks, or for slopes or for covering graves. Entirely hardy everywhere.

Price, 10 cents, any three for 25 cents; two-year-old plants, 30 cents each, four for \$1.00.

These charming Roses are of the same creeping habit as Rosa Wichuraiana, trailing over the ground or creeping about the trunks of trees and pillars with delightful effect. These Roses are of intense hardiness, and succeed in all soils, even on the poorest and driest conceivable.

Mrs. Lovett New double sweet-scented Memorial Rose. Roses are very double, two to two and one-half inches in diameter, of the liveliest, most cheerful, bright rosy-pink. Best of all, it is as fragrant as the American Beauty.

Manda's Triumph Produces large clusters of well-formed double flowers of pure white, two inches in diameter.

Pink Roamer Single variety; flowers nearly two inches in diameter, bright, rich pink, with almost white center and orange-red stamens.

Wm. C. Egan A cross between General Jacqueminot and R. Wichuraiana. Blooms in large attractive trusses. Flowers large, full, and a beautiful pink, always hardy and dependable. A grand Rose.

Rosa Wichuraiana (Memorial Rose.) Handsome for covering rockeries, mounds or embankments; especially valuable for cemetery planting. The pure white, single flowers appear in greatest profusion during the month of July, while its almost evergreen foliage makes it very desirable at all seasons of the year.

Universal Favorite Double flowers of a beautiful rose color, over two inches in diameter

Three Hardy Climbing Cherokee Roses

Price, 10 cents each, set of three for 25 cents; two-year-old plants, 40 cents each; set of three for \$1.00.

Amoena This wonderful Rose was raised in California and it will sweep the country like wildfire when it is once known. The flowers are the same as the white-flowering Cherokee, except that the color is a glowing pink with golden-yellow center. Resembles huge apple blossoms. This is one of the really valuable Roses of the times; it is beautiful beyond description.

Cherokee Single This is the famous Cherokee Rose so well known in California and other parts of the country. Large, pure white single flowers with center filled with golden-yellow anthers.

Cherokee Double A beautiful hardy Rose, bearing double white flowers; very fine. The foliage of this Rose is very distinct.

EIGHT OF THE BEST AND MOST DESIRABLE HYBRID PERPETUAL ROSES

Price, 15 cents each; four for 50 cents; set of eight for 90 cents; large two-year-old plants, 40 cents each; any three for \$1.00; set of eight for \$2.25.

Rose American Beauty.

Frau Karl Druschki, or White American Beauty

This is undoubtedly one of the grandest hardy pure white Roses ever introduced. Makes splendid buds and immense flowers four to five inches across, perfectly double and delightfully fragrant, large thick petals, very double and handsome. Bright, shining green leaves, elegantly veined; a healthy, vigorous grower, entirely hardy and a constant and abundant bloomer.

Conrad F. Meyer

This magnificent new Rose is perfectly hardy, and blooms all through the summer and fall. The flowers are four inches across, perfectly full and double. The color is clear flesh-pink, with bright red center; it is very sweet, and has the delightful fragrance of the Wild Rose or Sweetbriar. It is extremely free from the attacks of insects, rust or blight. This is certainly a grand variety.

Hugh Dickson

A vigorous grower with handsome foliage, deep red on the young shoots, changing to deep green with age; a free perpetual bloomer; color brilliant crimson shaded scarlet; very large and of exquisite form, with large smooth petals, slightly reflexed on the

edges; does not burn in the sun; very fragrant.

Robert Duncan

Bright crimson flushed with rosy-lake; very floriferous.

Captain Hayward

This is probably the grandest of all red Hybrid Perpetuals. The bloom is of the largest size. Color, deep glowing red flushed with crimson. A free bloomer; deliciously perfumed.

John Hopper

An excellent Rose; hardy and an abundant bloomer; solid and regular flowers, perfectly double; clear bright rosy-pink, very fragrant. One of the first to open.

American Beauty Rose Flowers very large, of beautiful form and very double; color a deep, rich rose. The fragrance is delightful, resembling La France or the old-fashioned Damask Rose. A true ever-bloomer, each shoot producing a bud. This popular Rose is too well known to need further description.

His Majesty

Dark deep crimson, shaded deep vermilion-crimson towards the edges. The blooms are full, of great size, having wonderful substance and depth of petal, with high pointed center. It is also one of the sweetest perfumed Roses in cultivation.

Moss Roses

Henri Martin Rich, glossy pink, tinged with crimson; large globular flowers, very full and sweet; finely mossed; one of the finest. Price, 20 cents each; two-year-old plants, 40 cents.

John Cranston Color violet-red, very fine, strong grower; very desirable. Price, 20 cents each; two-year-old plants, 40 cents.

Comtesse de Murinais Flowers white, sometimes tinged with flesh color; large, double cupped buds heavily mossed. One of the best Moss Roses. Price, 20 cents each; two-year-old plants, 40 cents.

De Luxembourg Bright crimson-scarlet, large and double, very sweet and mossy. Price, 20 cents each; two-year-old plants, 40 cents.

Henri Martin.

ONE EACH OF THESE FOUR BEAUTIFUL MOSS ROSES IN ONE-YEAR-OLD PLANTS, 60 CENTS; SAME IN TWO-YEAR-OLD PLANTS, \$1.25.

Hardy Hybrid PERPETUAL ROSES

Coquette des Alps.

Black Prince.

THE Hybrid Perpetuals or "June Roses," as they are commonly called, are the hardiest of all Roses, standing the cold winters of the North. After once planted they require but little care, increasing in size and beauty each year. They are covered with bloom in June, although they bloom considerably through the summer and fall; but the greatest profusion of bloom is to be seen in June. Our collection of this class of Roses comprises such varieties as are most valuable. They are strong plants, grown on their own roots, will grow and give a profusion of fragrant bloom.

Price, 15 cents each, any four for 50 cents, nine for \$1.00. Two-year-old plants, 40 cents each, any three for \$1.00, six for \$1.75.

Anna De Diesbach (Glory of Paris.) Brilliant crimson, sometimes shaded with bright maroon. Long, pointed buds and large, finely formed, compact flowers, very full and sweet. One of the best.

Ball of Snow (Boule de Neige.) In the Ball of Snow we have a Rose of large size which is perfectly double, exquisitely fragrant, pure white in color and entirely hardy. It is invaluable for cemetery or other planting where white flowers are desired, as it blooms freely all summer.

Black Prince A rich, brilliant dark crimson, very bright and striking; large, double and finely cupped flowers. One of the best Roses in our collection.

Captain Christy The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free bloomer.

Clio The flowers of this magnificent Rose are simply perfection in form, with fine, broad petals and are beautiful at all stages of development, from the small bud to the full open flower; color delicate satin-blush, with a light shading of rosy-pink at the center. Very free blooming and strong, healthy grower.

Coquette Des Alps Large, full flowers; color pure white, sometimes faintly tinged with pale blush; profuse bloomer, very hardy and beautiful.

General Jacqueminot Bright, shining crimson, very rich and velvety; exceedingly brilliant and handsome; makes magnificent buds, and is highly esteemed as one of the best and most desirable for open ground and also for forcing.

Giant of Battles The color is a most intense glowing red. The flowers are very large, perfectly double.

Gloire Lyonnaise This grand Rose is the only yellow Hybrid Perpetual that has been produced. It cannot be called deep yellow, but rather a pale shade of chamois or salmon-yellow, deepest in center, sometimes passing to a rich creamy-white, finely tinted orange and fawn.

HARDY HYBRID PERPETUAL ROSES—Continued

Price, 15 cents each; any four for 50 cents; nine for \$1.00. Two-year-old plants, 40 cents each; any three for \$1.00; six for \$1.75

Vick's Caprice.

Vick's Caprice A striking Rose, totally unlike any other variety. The flowers are large, slightly cup shaped, but full and deep; the petals are thick and lasting, having the ground color clear satiny-pink, distinctly striped and dashed with white and bright carmine. It makes lovely, elegant-shaped buds, which show the stripes and markings to great advantage.

Madame Plantier.

Madame Plantier One of the old June Roses, at which time it is literally covered with pure white perfectly double fragrant flowers, which hang on for a long time. Makes large, dense bushes. As hardy as an oak. A beautiful cemetery Rose. One of the best for forming hedges.

Marshall P. Wilder

A grand Rose for all purposes; flowers large, semi-globular, full and of good substance; bright scarlet crimson richly shaded with maroon.

Magna Charta

Superb, bold, full flowers, very double and sweet, borne erect on stiff, stout canes, bright satiny-pink, tinged with carmine.

Marie Bauman

Very productive; flowers of exquisite form and fragrance. Color, crimson-vermilion suffused with carmine. Large and full.

Madame Masson

An excellent Hybrid Perpetual noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting.

Prince Camille De Ro-

han Very dark, rich velvety-crimson, passing to intense maroon, shaded black. Large full flowers, looking at a little distance as if really black. One of the darkest Roses.

Paul Neyron

Color deep, shining rose, very fresh and pretty, and flowers large, often measuring five inches in diameter, and it has this merit—though very large, the buds always develop fine, perfect Roses. Grown by thousands for its good free-blooming qualities.

Mme. Charles Wood

Color, very bright, rich cherry-red; blooms the first season and all the time, and is delightfully fragrant.

Paul Neyron.

Climbing Wich-Moss "Baby Moss" Rose

This is a wonderful break in new Roses, being a cross of Wichuraiana and Moss Rose, Salet. It has retained the scandent habit of the Wichuraiana, making long growths 5 to 8 feet in length, with fine resistant foliage, while the bud is heavily mossed in bright green, and has the peculiar aromatic odor of the Moss Rose family. The flowers are borne in clusters, and are a Daybreak pink in color, opening into bloom that is a good semi-double in fullness. We were quite carried away with its beauty as a four-inch pot plant last spring, the clusters of tiny moss buds are quite irresistible; as a cut rose, it is very durable, and makes an exquisite spring corsage. A Climbing Moss is a wonder, and it is quite hardy. Price, 25 cents each; two-year-old plants, 50 cents.

CHRYSANTHEMUMS

THE PEOPLE'S FLOWER. Magnificent, Large Flowering Japanese Exhibition Varieties

Cultural Directions

If the Following Directions are Carefully Followed, the Blooms Can be Brought to Perfection Outdoors as Late as November 15th.

For Large Cut Flowers

Plant in a bed enriched with a good amount of well-rotted cow manure. As the side shoots, or suckers, appear at the base of the leaves, carefully pinch them out, thereby throwing the strength into the main stem, which keep carefully tied to a stake. When the buds appear, pinch out all the buds save the strongest one and water with liquid cow manure about once a week until the bud begins to show color, then water only with clear water, being careful to keep the water off the flower. By the above culture any person should be able to produce flowers of mammoth size, which should mature before the early frosts appear. If there is

danger of frosts, drive stakes in the bed and cover with muslin. If desired, four or five branches may be left, but only one flower should be allowed to each branch.

Pot Plants

When the main stem has attained a growth of about six inches pinch the top out of it, leaving four or five eyes, which will start out side branches; when these side branches have attained a growth of about four inches, pinch them, same as the main stem. When the buds appear you can disbud each branch, leaving only the strongest bud, or allow all of the buds to mature in a cluster on each branch.

Col. D. Appleton.

COL. D. APPLETON ONE OF THE LARGEST AND FINEST YELLOW CHRYSANTHEMUMS

After thorough tests this Chrysanthemum has proved to be one of the finest yellows ever sent out. It is an ideal exhibition variety, with flowers of immense size, measuring twenty-two inches in circumference and of great depth. Flower is a magnificent Japanese incurved, with lower petals reflexed, and not showing any center. Besides its immense size and beautiful shade of clear yellow, another point in its favor is its almost faultless stem and foliage, growing fully up to the flower.

A FEW OF THE MOST RECENT INTRODUCTIONS IN

Chrysanthemums

NEW AND RARE

Those marked with a star (*) are the earlier flowering varieties.

On this page we offer a carefully selected list of the best of the new and rare varieties shown at the exhibitions the past two seasons. They are all very distinct and marked improvements over previously introduced sorts. Price, 15 cents each; two for 25 cents. Entire set of eight for 75 cents.

Christy Mathewson A big, fine white, full and massive; very distinct in form. Fine for exhibition.

***Lynnwood Hall** Glistening snow-white of the largest size, perfectly incurved, of elegant finish and stiff stem and beautiful foliage; of excellent keeping qualities; a very easy grower.

Mrs. Jos. Sinnot A fine rosy-purple, reverse, light pink; stem and foliage perfect; makes a splendid bush plant. Fine exhibition variety.

Mrs. O. H. Kahn A beautiful bronze, with shading that lights up finely; leaves nothing to be desired in its color.

Romance A golden-yellow, very intense in color, of shining luster, a perfect incurve, substantial in build, keeps indefinitely and carries in perfect condition.

Roman Gold Foliage and stem of excellent character. The flower is finely formed and a deep rich yellow in color.

***Unaka** A strong grower with long stems and good foliage; a fine incurved bloom from early buds. Color, lavender-pink.

***Yellow October Frost** A sport from "October Frost" that will be found very valuable for early cutting; a stronger grower than the parent; and easier to get into high-grade bloom.

Yellow October Frost.

Our Exhibition Collection of Large-Flowering Chrysanthemums

Exhibition Collection Illustrated.

In this collection we have listed and illustrated some of the grandest varieties of Chrysanthemums that have ever been offered to the public—not one, but all of them are up-to-date varieties.

It occurs to us that out of such a large collection it would be almost impossible for you to come to any conclusion as to what varieties to select, so we give you the benefit of our experience, selecting eighteen varieties that we can recommend as among the best and most valuable up-to-date. They are good healthy growers, early and abundant bloomers, and bear flowers of the largest size and most beautiful colors. Many of them have taken first prizes at the great shows and all are recognized as among the very best of their respective classes.

The following varieties will be included in this collection. For descriptions see pages 25, 26, 27 and 28.

General Collection CHRYSANTHEMUMS

Price, 10 cents each; any six for 50 cents; your selection of any fourteen for \$1.00.

***Alice Byron** Color purest white, with clear, smooth florets. This will be found an extraordinary exhibition variety.

Admiral Sampson A tall, erect-growing variety. Color deep, rich crimson, with bronze reverse; very fine.

***Black Hawk** Dark velvety-crimson. Extremely fine grown in sprays. Beautifully reflexed; shows no reverse. (President Roosevelt's favorite variety.)

Bronze Giant Rich bronze or old-gold color; robust habit. Petals hook up at the end, showing the light straw reverse; upper surface bright yellow, shading to red at the base. The flower, being flat, shows the three colors to advantage. The most beautiful combination of color yet produced. Five feet high, seven inches in diameter. Received premium of fifty dollars for best bronze.

*Clementine Touse

The bloom is the largest obtainable white. It is one of the most lasting varieties, either on or off the plants; has splendid stem and foliage. The finest early commercial variety of recent years; a very profitable sort.

Cullingfordii Japanese incurved. crimson, richly shaded with scarlet. Florets are of a beautiful, rich, velvety texture.

Dr. Enguehard Japanese incurved.

One of the best introductions of recent years; has been awarded highest honors wherever exhibited. Color a true pink, without the least trace of purple. Stem and foliage perfect. Equally valuable for exhibition or commercial purposes. Perfectly double. Every flower is perfect; midseason variety.

Daisy Moore A very distinct sort, reflexing and outer petals twisting, full to the center. Color bright pink.

Dolly Dimple Extra good yellow of medium shade, unusually fine form, a rather flat, inrolling incurved of great spread; fine stem and foliage.

Edna Prass Salmon. A fine, bold, recurving, globular flower of great substance and depth. When opening, of a delicate salmon, then changing to a creamy-white, delicately shaded blush.

***Estelle** Produces extra-sized flowers of the purest white. Fine, deep form, with foliage evenly distributed along stem. Marketable blooms were cut on October 4th.

Effie Dean A beautiful sport from the fine commercial sort, Maud Dean. The color is a charming ivory-white, beautifully veined; when flower is fully developed shows the carmine center, making it very effective.

F. S. Vallis An immense Japanese flower, yellow, deepening to a fine citron shade. Long petals twisting and reflexing into a broad, deep bloom. Easy to grow and extra fine.

***Glory of the Pacific** An extra early pink, being in good shape for cutting October 8th. It is of fine size and depth, with broad petals, which reflex, showing the clear pink color to excellent advantage.

Black Hawk.

***Golden Glow** Bright yellow, of velvety finish; fine stem and foliage. Flower five and one-half inches in diameter, elegant in form. The very best early yellow. Blooms from August 20th to September 10th.

Golden Eagle Deep, bright, golden-yellow, of shining texture; very large, bold flowers, with lovely twisted petals.

Golden Wedding Richest golden-yellow, intense and dazzling in color; flowers of the very largest size; petals irregular, interlacing and incurving. The grandest of yellows if well grown, for pots as well as cut flowers.

Golden Chadwick The variety is perhaps the most unique sort of its color yet introduced, and should be in every collection. It is a strong grower and remarkably prolific bloomer, producing its bright golden-yellow flowers in the greatest profusion.

Intensity Form reflexed, showing only the bright crimson, upper surface of petals. Stem slender, but sufficiently wiry to carry the flower erect. A bright crimson, in perfection November 20th to 30th.

***Ivory** Unexcelled for pot culture or cutting; pure white flower of exquisite form and finish; it is especially noticeable for its grand globular form, its Dahlia-like petals and absolute purity of color.

Jeannie Nonin Of the largest size, perfectly globular, finely finished, an easy doer, and a splendid keeper and shipper. This variety is queen of commercial whites, the color being very pure.

John K. Shaw Very solid Japanese incurved; large in size, fine light pink, splendid stem and foliage; grows to a height of three and a half feet and blooms about October 15th.

PRICE, 10 CENTS EACH; SIX FOR 50 CENTS. YOUR SELECTION OF ANY FOURTEEN FOR \$1.00

Those marked with a star (*) are the earlier flowering varieties.

Four Exceptionally good ones.

***Mrs. Henry Robinson** In the entire Chrysanthemum family there is no grander white variety; it is of the most popular style—immense incurving, broad channeled petals of great substance and the purest white. From a flat incurved form it gradually changes into a perfect ball of snow.

Kate Broomhead A grand exhibition variety, producing a massive flower of golden-amber or orange.

Mrs. Robt. Foerderer A fine globular of unique color, soft creamy-yellow with light amber shadings, broad incurving petals, and ideal stem and growth.

***Monrovia** One of the very earliest bloomers, coming into bloom at the same time as Marion Henderson. Flower good sized and perfectly round, of a pleasing shade of deep yellow, with perfect stem and foliage.

L'Africaine.

L'Africaine A giant; velvety-crimson. Won first prize at the National Exhibition for best red in seedling class. An easy grower; does not burn with ordinary culture.

Lavender Queen A new and distinct coloring in Chrysanthemums; a soft lavender-pink. Flower is large with outer petals reflexed and center erect. A grand addition to the list of Mums.

Lady Carmichael Pure white, Japanese reflexed. Fine grower; splendid bloom.

***Millicent Richardson** A rare color in Chrysanthemums and very attractive. It is best described as rosy-violet with a silvery sheen on the back of the petals; this sometimes shows at the edges, giving a charming effect. It is a massive but graceful Japanese recurved flower.

Miss Clay Frick This is a white sport from the grand prize-winning variety, Wm. Duckham. The flowers are incurved with bright petals, very large and held up by strong stems with good foliage.

October Frost.

***October Frost** An exceptionally fine variety for exhibition purposes. A pure white, with broad, slightly incurved petals. Even when the flower is fully open it does not show a center. Strong grower, with heavy foliage, and one of the earliest to flower. A variety that has taken prizes at many of the late shows.

Major Bonaffon See illustration and description on second page of cover.

***Omega** Beautiful light yellow with broad yet well-rounded flowers, often, under good cultivation, reaching seven and one-half inches in diameter. Well recommended by all growers of Chrysanthemums.

***Pink Ivory** A beautiful variety closely resembling the popular Ivory in every respect except color. When first open it is almost pure white, gradually changing in color to beautiful light pink.

***Pacific Supreme** Color a most beautiful shade of clear pink. A wonderful flower, extra fine for exhibition. A mammoth bloom of purest pink; unexcelled.

GENERAL COLLECTION OF CHRYSANTHEMUMS—Continued

Price, 10 cents each; six for 50 cents. Your selection of any fourteen for \$1.00

Those marked with a star (*) are the earlier flowering varieties.

Mrs. Egan Striped Chrysanthemum. The flowers are of large size. The outside of the petals is a soft creamy-white, the inside striped and tinted with a soft rose shade. The entire shading of the blossoms is so delicate that the effect produced is a soft, glowing salmon-pink and creamy-white.

President Roosevelt Its color is unique and exceedingly beautiful; being a white-ground, with light shell-pink at center and on tips of each petal; giving the entire bloom a light pink appearance.

Red Duckham An exhibition variety of the finest type. The color is very odd, being a rosy-violet, very pretty and different from any other. The flower is large, borne on a stiff stem with good foliage.

Robt. B. Laird An incurved Japanese variety. Solid and globular petals, broad and deeply grooved, inside orange-red, outside old gold.

***Roi d' Italie** This variety is an extremely handsome yellow of very brilliant color, incurved into a fine compact globe of rather narrow petals; has a splendid stem and foliage, and has proved a very useful early variety.

Rob. Halliday Is still near the top of the list of early yellows; this variety has attained wide popularity and deservedly so; very large when well done; three feet. October 20.

Simplicity This is one of the largest white Chrysanthemums on exhibition at fall shows. Flowers of fine form. A pure snow-white, a good, strong grower, in all a unique and beautiful variety.

***Smith's Advance** Snowy-white, of perfect incurved form, very large; this is undoubtedly one of the most useful varieties ever introduced.

Silver Wedding A grand white variety. Purest white with broad, reflexed petals, forming a bold, handsome flower, seven inches in diameter by five inches deep. One of the most distinct varieties.

Timothy Eaton One of the largest of the Japanese incurved type, and winner of every cup and prize for which it was ever entered. Purest white of true globular shape. In habit of growth and length of stem it is everything that could be desired.

T. Carrington A very large Japanese incurved; color carmine-rose, with silvery reverse. Fine for exhibition. A great prize winner.

Virginia Poehlman Claimed by many to be the very best white to date. Pure white, faintly tinged pink. A most wonderfully beautiful Chrysanthemum.

William H. Lincoln A magnificent golden-yellow variety, with straight, flat, spreading petals. An extra large flower, completely double and of great substance.

Rosiere.

***Rosiere** A fine double, deep rose-pink that, avoiding the common fault of most early pinks, does not fade. It is of dwarf habit, with heavy foliage and immense blooms seven and one-half to eight inches across.

***W. F. McNeice** Midseason. A large and handsome variety. The petal has good substance, and the color of the flower is lavender-pearl, shading to a rich, glowing pink at the center. This variety has no equal.

White Bonaffon One of the most useful of the white varieties. Color pure snow-white. The flower forms a perfect ball when in full bloom. It is a dwarf grower, with heavy foliage.

White Coombes Growers who value so highly the grand early pink, Mrs. Coombes, will be delighted with its white sport offered herewith, valuable as an October white where big, fine blooms are needed.

Winter Cheer Lovely deep pink, closely incurved in form, and can be kept as late as Thanksgiving; not a monster in size, but a beautiful, attractive variety.

White Chadwick Flowers are pure white. An ideal grower, with very strong stem and luxuriant foliage. A magnificent flower.

Yellow Jones The yellow sport from Mrs. Jerome Jones. The color is good, and it fully equals its parent in all other essential points.

Special Offer "DELIGHT"

Collection of 18 Chrysanthemums, our own selection, for \$1.00.

If you will leave the selection of varieties to us, we will send you eighteen Chrysanthemum plants in well assorted and meritorious kinds for \$1.00 postpaid. All will be labeled, but must be strictly of our selection.

Child of Two Worlds.

Ostrich Plume Chrysanthemums

Price, 10 cents each; three for 25 cents.

Below we offer unique Chrysanthemums. The term "Ostrich Plume" is applied to this type on account of the feathery growth with which the petals are thickly covered.

Child of Two Worlds (Pure white.) This grand sport from Louis Boehmer was well received, having many admirers at the shows. Like the parent, it is a strong grower, of good habit, considered as the best white of the hairy type, and well deserves a prominent place in any set of this peculiar style of Chrysanthemum.

F. J. Taggart Most striking novelty of many years, and decidedly the best of all the plumed, or hairy varieties; a great advance over all yellows in this class, being perfectly double and the plush-like hairs much more dense. Color light yellow, with old gold and bronze shadings. Flowers large, five inches across and very double.

Louis Boehmer Has a wonderful hair-like growth or ex-crescence. Color most beautiful shade of lavender-pink, shaded silvery-pink in ends of petals. Flow-ers splendidly incurved, inside of petals deep rose. Flowers enormous.

Perle of Lyonnaise Bright, clear golden-yellow, some-what plumed, quite full. Of a beautiful globular form.

***Mrs. Alpheus Hardy** The flowers are very large, per-fect shape, and the color is the purest white. It is of immense size, broad petals and in-curved, the surface being downy. The entire flower seems frosted with glittering white.

SINGLE FLOWERING Chrysanthemums

The innate love of simple, graceful form, the desire for ar-tistic effect, have combined to popularize the Single Chrys-an-themums. We offer the following choice collection of new varieties. Price, 10 cents each; six for 50 cents.

Belle of Weybridge Chestnut terra-cotta, a fine color.

Ceddie Mason Very best of the single reds. Bright and velvety.

Ena Reimers Terra cotta. Good substance and a fine keeper.

Golden Star Intense deep golden-yellow; very free; fine, long, very stiff stems.

Katie Covell Maroon; stiff erect petals.

Lida Thomas Chrome-yellow, suffused with gold and amber.

Ladysmith The very earliest of the singles, lasting in nice condition for a full month; the flower is deep rose-pink, with golden eye; the foliage is small and very finely divided, and is completely hidden by the masses of flowers.

Little Barbee Clear yellow; very free.

Mary Richardson Has color like sunshine on old gold, with a salmon-bronzy tinge; extreme-ly fine; a beautiful grower, producing fine sprays.

Mensa Finest single white for commercial cutting; a giant white of heavy substance and strong texture.

Pompon Chrysanthemum Diana.

Hardy Pompon Chrysanthemums

The elegant Pompon Chrysanthemums are entirely hardy and live over winter without protection. They begin to bloom in September and continue loaded with flowers till stopped by freezing weather. The flowers are small and round, most of them perfectly double and of exceedingly brilliant colors. The brightest and most showy autumn flowers we have, and always greatly admired. Price, each variety, in strong, thrifty plants, 10 cents each; three for 25 cents.

Acto Has dahlia-like petals, bright rose, lighter reverse.

Alma A beautiful pink variety, like a miniature "Mrs. Perrin," flowers large for a Pompon, and plant three feet high. A beauty.

Clorinda Yellow and bronze; very showy.

Diana The most beautiful of white Pommoms, pure in color, of full fluffy form; very early; extremely useful to every grower of cut flowers.

Fred Peele Deep crimson; tipped gold.

Lillia Tall, stiff stems; good sized flowers freely produced; grand red color.

Madge Has no superior among yellows.

Mrs. Vincent Large, deep purplish-rose.

Mrs. Frank Beu Very popular orange and bright bronze; late; one of the very best.

Oneita Bright, clear yellow; the best yellow variety out.

Oriole Yellow, marked with crimson.

Wm. Sabey Fine canary-yellow.

Grandmother's Hardy Garden Mums

The fragrant, reliable, old-fashioned Chrysanthemums that reigned supreme in the garden corners and alongside the house, in our grandmother's home.

Price, 10 cents each; three for 25 cents.

Alena Flat, reflexed; dainty pink; one of the best and earliest.

Autumn Glow Rose shaded crimson; very showy.

Golden Queen Beautiful clear golden-yellow; fine form and good size.

Kenneth Pure white; large flowers.

GERANIUMS==General Collection of Double Geraniums

PRICE, 10 CENTS EACH; ANY 6 FOR 50 CENTS; ANY 14 FOR \$1.00.

S. A. Nutt.

S. A. Nutt This is the darkest and richest double Geranium grown. It is very bright, dark, deep, rich velvety-maroon, an excellent bedder and a perfect pot plant.

Alphonse Ricard

An excellent semi-double, a strong grower, dwarf and branching. Produces immense trusses of bloom; color bright orange-red.

Bertha de Pressily

not fade in summer. One of the most free and continuous bloomers, the flowers of a well-grown plant completely covering the foliage.

Beauty Poitevine

Semi-double. One of the very finest of the Bruant race. The color is a brilliant salmon, shading to apricot in the center; trusses colossal, florets two and one-fourth inches in diameter.

Bruanti

Semi-double; color of the flower a vermillion-red, a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up; trusses exceptionally large, and borne in immense spherical balls often measuring eight inches in diameter. The best scarlet bedder extant.

Contraste

The flowers and trusses are very large. Lower petals orange and carmine, upper petals clear orange, making a striking contrast of colors that is beautiful.

Emerson

A most charming variety, having large trusses of double flowers of clear nankeen-salmon.

Fleuve Blanc

(River of White.) Double white, pure in color, elegant in form, of fine size.

Francis Perkins

Color a bright pink. The blossoms are perfect in form and borne well and clear above the foliage.

Fire Brand Color a dazzling flame scarlet, fine, prominent truss, flowers large and of great substance, an excellent bedder and pot plant.

Hubert Charron Beautiful semi-double flowers, pure white, with a reddish-carmine band around each petal, frequently delicately mottled throughout the whole flower.

Jean Viaud Of a beautiful clear rosy-pink color with distinct white blotch at the center. A rapid, vigorous grower, yet compact and shapely.

John A. Doyle A strong, vigorous grower, throwing its truss up well above the foliage; of enormous size and of the richest brilliant vermilion-scarlet.

La Favorite La Favorite is a pure double white Geranium, as free-flowering as the single varieties; can be

used for planting in beds for furnishing a supply of beautiful white flowers for vases, etc.

Marquis de Castelaïne A giant among Geraniums. Produces a wealth of bloom the whole season. Flowers two inches and over in diameter.

Trusses of bloom five to seven inches across. Petals broad, arranged to form a round flower of perfect shape. Color deep rosy-scarlet, shading into pure scarlet at the edge of upper petals.

Miss Francis E. Willard

Is of vigorous growth; flower stalks very long and carried well above the foliage; color is a delicate blush, shaded with pearl-pink, a most charming piece of shading.

Mrs. Buchner

The constitution and growth are excellent; the trusses are exceedingly large on long foot stalks, the florets are very large and of a magnificent pure snow-white; never out of bloom.

Mme. Jaulin

Has been pronounced the finest of all the delicate pink or blushed varieties. Plant is of dwarf but robust habit of growth, flowers of good size and very abundant. Center of flower delicate pink, outside pure white.

Mme. Barney

A splendid deep pure pink, of a lively shade and grand habit of growth; dwarf and branching.

Oroso

A splendid modification of the salmon colored sorts, with very large semi-double flowers of melon flushed with rose. The plant growth is strong and satisfactory.

Queen of Fairies

Large, round florets of very waxy appearance; colors carmine and white with carmine center, each petal delicately edged with carmine.

Rosebud Geranium

Florets like perfect rosebuds. The habit of growth is dwarf and compact, making this variety one of the most desirable for pot culture. The color is bright scarlet, flamed with purple shadings, and the substance most lasting.

Red Wing

(Double.) This is a fine new American Geranium just offered for sale. It has all the marks of a successful bedder or pot plant; being a healthy, robust grower, large-flowered and extraordinarily floriferous. Color deep cardinal-red with a soft velvet lustre.

Four New Double Geraniums

Double Dryden

Magnificent combination of colors; center of flowers coral-white, gradually shading to the most exquisite, glowing, soft crimson; beautiful variety; strong and robust; fancy pot flower.

M. Anatole Roesleure

Beautiful shade of deep rose-pink, rivaling the color of Paul Neyron Rose. Flower shows a distinct white center. Extremely handsome foliage. Highly recommended.

Ruby

Beautiful, semi-double flowers on extra long stems. Large clusters; free in bloom. Color dark currant-red suffused with violet. Stands the sun well.

PRICE, 15 CENTS EACH;
ANY 2 FOR 25 CENTS.

Mrs. Lawrence

Finest Geranium of this color that we have ever seen; splendid compact habit of growth; wonderfully free flowering; indispensable as a pot plant, recommended for winter blooming. Unsurpassed as a bedder. The color is an artistic shade of bright satiny salmon-pink, slightly tinged white.

Leopold Bouville

Semi-double, bright Solferina red, richly shaded bright carmine-red, purple to distinct white color. A magnificent variety which produces a wealth of bloom the entire season.

Single Flowering Geraniums

Price, 10 cents each; any six for 50 cents; fourteen for \$1.00.

Alice of Vincennes The grand new Geranium. This lovely new Geranium has a border of intense scarlet forming a broad band around the body, color of rosy-pink, heavily veined with scarlet; center white. A very brilliant combination.

Granville Floret perfectly round; lovely bright pink flowers.

General Sheridan One of the best bedding Geraniums in cultivation. Grows freely and blooms with the greatest profusion; brilliant scarlet flowers.

Gen. Leonard Wood A variety unique in color, and of fine size and form of floret. It is of a bright crimson-rose color, with large white blotch; very bright and fine.

Hofgartner Eichler Dark crimson, shaded to dark scarlet; very dark and beautiful.

Mrs. E. G. Hill Single; florets two and one-half inches. The center of each petal is soft, light salmon, bordered with rosy-salmon and veined deep rose.

Madame Bruant Fine trusses of bloom in great profusion; individual flowers large, of fine shape, center of flowers white, veined with carmine-lake, the five petals regularly and distinctly bordered with bright solferino.

President Roosevelt Pure snow-white, retaining its purity the entire season; perfectly formed round flowers, borne in enormous trusses, held well above the beautiful foliage.

Richmond Beauty A brilliant scarlet-crimson, with large white feather on the two upper petals; floret round; color clear and striking.

Tiffin Its flower color is pure scarlet; leaves all green with no zone. Tiffin is remarkable for the great number of blossoms it bears, the large size of its cluster, and its sturdy growth.

W. A. Chalfant Dazzling scarlet, florets slightly circular and slightly cupped, forming a magnificent truss; one of the best for bedding.

FOUR NEW SINGLE GERANIUMS

Price, 15c. Each; Any Two for 25c.

Jacquerie Beautiful deep cardinal-red, beautiful; immense trusses on exceptionally long stems; very vigorous grower.

Dryden Bright soft crimson, pure white at the base of petals, giving it a large white center.

Maxime Kovalevski New Single Geranium. Fine, vigorous grower; flowers beautiful orange shade of Lincoln red; a very distinct and striking color. Well worthy of a thorough trial.

Nuit Poitevine New Single Geranium. A remarkably strong and vigorous variety; color beautiful rosy-purple, lower petals feathered rich scarlet; splendid habit and growth.

Pansy Geranium, Mrs. Loyal.

Pansy Geranium MRS. LAYAL A Wonderful Plant

Price, 20 Cents Each. Three for 50 Cents.

This new and beautiful Pansy Geranium is of the easiest growth, dwarf in habit, and literally covered with flowers all the time, and as it requires little or no attention, it is invaluable as a window plant. There is nothing that gives better returns for a little care when grown in the window garden than this plant. The flowers are bright cherry-red with white at the base of each petal; the two upper petals are dark crimson-maroon. It is this combination of coloring with blotches which obtained for it the title of "Pansy Geranium." The flowers are of immense size and very freely produced.

Ivy-Leaved Geraniums

A Splendid Class of Climbing or Trailing Geraniums. Adapted for Baskets, Vases, Rock Work and Trailing on Trellises.

Price, 10 cents each; any three for 25 cents.

DOUBLE FLOWERING VARIETIES

Achievement Another grand English novelty, being a true cross between the Ivy and the Zonal class. It has the habit and texture of the Zonal, with the form of Ivy foliage, and also of the Ivy bloom. Color pure self-rose with white eye, immense size, on long stems, freely produced.

Alliance Hybrid between the Ivy and the Zonal, with the vigor of the latter and the finish of the former, a grand plant for vases and veranda boxes as well as for special bedding; color bluish-white, feathered in rosy-crimson; flowers semi-double, on long stems above the glossy foliage. A grand new Ivy.

Incomparable Trusses very large; florets immense and very regular in form; quite full; the color is an exquisite shade of rosy-carmine. Nothing finer.

Joan of Arc The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy-green leaves making it a most effective background for the great clusters of snow-white flowers.

Mrs. Hawley One of the handsomest Ivy Geraniums ever introduced. Immense trusses of large florets, deep, bright pink in color, approaching scarlet; upper petals feathered with maroon. Flowers quite double.

P. Crozy The flowers are brilliant scarlet, borne in the greatest profusion; the habit is dwarf and compact; the flowers are semi-double and last a long time. As a pot plant or in beds it is fine.

Double-Flowered Ivy-Leaved Geranium.

FANCY LEAVED, GOLD AND SILVER

TRI-COLORED GERANIUMS

Happy Thought A tri-colored Geranium with very dark green foliage, having a light creamy, almost pure white center with a dark zone. Flowers bright scarlet. Price, 10 cents each.

Mrs. Pollock A magnificent variety, the green leaf disk overlaid by a beautiful bronze-red zone, belted with bright crimson and outwardly margined with golden-yellow; very fine for the parlor or conservatory during the winter and spring. Price, 15 cents each.

Mountain of Snow The finest of this class for ribbon lines or massing; the center of the leaf is bright green, the outer margin broadly marked with silvery-white; one of the whitest leaved sorts; flowers are bright scarlet. Price, 15 cents each.

Wm. Langguth Double Red Silver-Leaf Geranium—This new variety is the second double-flowered Geranium in the silver-leaved section. It is identically the same in every way with Mrs. Parker, except in color of flower, which is a bright scarlet.

The foliage is beautiful; the center of the leaf is a deep green and the outer margin broadly marked with silvery-white. Price, 20 cents each.

Madame Salleroi

Very compact and fine variety of Silver Geranium. A thrifty, healthy grower, rarely reaching a height of more than 8 inches. Leaves very small, peculiar, clear green, edged with white. The finest border Geranium known. Price, 10c each

William Langguth.

BRONZE GERANIUMS

Bronze Bedder Foliage bright golden-yellow, with a broad zone of a deep chestnut-brown, the brightest and best of all the Bronze Geraniums. Price, 15 cents each.

Crystal Palace Gem Broad golden-yellow margin with a central disk of green; dwarf and free. Price, 15 cents each.

Exquisite Large chocolate zone, large golden-yellow center; edges variegated, flowers salmon. Price, 15 cents each.

Golden-Bronze Geraniums.

SWEET-SCENTED GERANIUMS

NOTED FOR THEIR FRAGRANT FOLIAGE

Price, 10 cents each; three for 25 cents.

Balm Large leaves, with a very strong fragrance.

Lemon-Scented Small leaves, with delightful lemon scent.

Mrs. Taylor Dark green foliage of a peculiar fragrance. Flowers are scarlet, shaped like a Pelargonium, and borne in great profusion.

Nutmeg-Scented Small leaves, nutmeg perfume.

Rose-Scented Too well known to need description. These are indispensable in the formation of bouquets.

We have two varieties, one of the broad leaved and the other fine cut.

A Choice Collection of Rex Begonias

Rex Begonia.

Nature has bestowed on Rex Begonias many of her choicest gifts, uniting the radiance and brilliancy of precious jewels, the shining lustre of metals, with the beautiful colors and textures of the most costly fabrics. The leaves alone possess all these charms, while the dainty flowers add lightness and grace. Give them a soil composed of rich loam, woods earth and sharp sand. They require a warm, moist atmosphere and a shady situation. Do not allow the sun to strike the leaves while wet, and do not over-water. Nothing can surpass them for the window or conservatory culture; they may be planted in a shady situation under trees or alongside of the house. Rex varieties make immense leaves.

We can furnish REX BEGONIAS in Six Choice Sorts at 15 cents each; four for 50 cents; set of six for 75 cents.

Large Leaved Ornamental Begonias

A class whose natural habit is to grow prostrate with heavy stems that root along the ground and send up branches with numerous stems, and very long-stemmed leaves and flowers.

SPECIAL OFFER—This set of Three Ornamental Begonias for 50 cents.

Ricinifolia, or Star Begonia A fine tropical looking plant with large ricinus-like leaves, twelve inches or more in diameter, on long stems; deep velvety-green above, and purplish-red underneath. The flower stems rise three or four feet or more above the foliage, bearing aloft fine, large, airy panicles of beautiful pale pink flowers. The stems grow along the surface of the ground. It makes a fine pot plant, and grows very large when planted outside. Price, 20 cents each.

Mrs. A. C. Townsend Belongs to the Ricinifolia family; leaves are of a charming lustrous metallic-green color; an unusually profuse bloomer; flower of a delicate light pink, borne on long footstalks. Price, 20 cents each.

Speculata Quite a novelty in the Rex type. Leaves are in the form of a grape leaf. Color is a bright green, with a background of chocolate; veins of a light pea-green, the whole leaf spotted with silver. In bloom it is magnificent; the panicles composed of great numbers of individual pink blooms, are lifted high and spray-like quite clear of foliage. Price, 15 cents each.

Ricinifolia—Star Begonia.

Tuberous-Rooted Begonias.

Tuberous-Rooted Begonias

See color illustration of "Beauty Collection" on back page of cover, and offer on page 3.

These are among the very handsomest of our summer blooming plants, flowering throughout the season. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results, but they must have plenty of light and air. Do not allow them to become dry. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until May, when they may be started again.

SINGLE—White, yellow, crimson, rose, scarlet. Price, 10 cents, three for 25 cents, seven for 50 cents.

DOUBLE—In the same colors. Price, 15 cents, three for 40 cents, six for 75 cents.

NEW FRILLED TUBEROUS BEGONIAS

This strain, by careful selection, has been wonderfully improved, until it is now unquestionably the finest of the tuberous-rooted section. The flowers are of large size, with beautifully frilled and wavy petals.

We offer Single, Scarlet, White, Pink, Yellow and Crimson, 15 cents each, three for 40 cents, six for 75 cents.

Speculata.

BEGONIAS, FLOWERING VARIETIES

This beautiful class of plants is deservedly popular. They are suitable for pot culture in the window or the outdoor plant stand. During the greater portion of the year the plants are, in the different varieties, covered with a profusion of graceful, drooping racemes of pink, white, crimson and bi-colored buds and blossoms that are exceedingly attractive, and having a waxy, coral-like appearance. The plants themselves are of neat, compact habit, with glossy green leaves in some varieties and exquisitely cut ones in others.

Price, 10 cents each, except where noted. Selection of any six 10 cent varieties for 50 cents.

Argentea Guttata.

Argentea Guttata This variety is an introduction of M. Le-moine, and is a cross between Olbia and Alba Picta. This beautiful sort has the silvery blotches of Alba Picta, the grace and beauty of growth of Olbia. It has purple bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. Produces white flowers in bunches on ends of growth stems. Good for house culture.

Alba Picta Long, pointed, slender leaves, thickly spotted with silvery-white. Foliage small and elegant.

Erfordi This splendid new variety is of very sturdy and even habit, growing about ten inches high and forming a freely branching bush ten to twelve inches across; a ball of flowers. Uncommonly large flowers which are of a beautiful rose color shading to carmine towards the center. The flowers are borne on strong short stocks and bear extremely early. Always in bloom.

Fuchsoides Coccinea Elegant, free-blooming variety. It resembles Hybrida Multiflora in growth. The flowers are bright scarlet.

McBethii Shrubby in growth, with very deeply indented leaves, which are fine and small. Very free flowering, being constant the year round. A fine summer bedding plant if given light soil and perfect shade. Put it among your Ferns. White flowers, waxy in texture, carried in panicles.

Trailing Begonia Marjorie Daw This Begonia is distinct from all other Begonias, for instead of growing upright it droops. It bears great clusters of large, shining pink flowers that droop from long stems, making a beautiful sight.

Coralline Lucerne The Wonderful New Flowering Begonia. This new Begonia has simply taken everybody who has seen it by storm. It certainly is a wonder. The blooms last from a month to six weeks, and are borne in immense clusters, almost hiding the plant. The color is bright coral-red, changing to a delicate pink. It is past the power of speech to describe it. A wonder. Fine plants, 20 cents.

Purity.

Purity The finest pure white Begonia grown. Its marvelous freedom of bloom and close, compact growth combine to make it one of the finest pot plants. Should be included in every plant collection.

Begonia Coralline Lucerne.

THE HANDSOME AND WONDERFUL HARDY BEDDING BEGONIA, EVANSIANA

This is a tuberous-rooted, herbaceous, hardy perennial Begonia, losing its tops in the fall. When bedded out, the roots remain in the soil and start new growth in the spring, just as do the Peony and Perennial Phlox. The plants like a rich, porous soil and partial shade and will bloom throughout the summer. It is really one of the most beautiful of summer blooming Begonias and never fails to grow well and bloom freely when bedded out in a partially shaded, moist situation; produces clusters of flowers and buds of a beautiful pink color by the hundred on a single plant during an ordinary growing season. Dry bulbs will be sent until April first to tenth, after that date started plants will be sent. Price, 25 cents each; three for 60 cents.

FLOWERING BEGONIAS==Continued

Price, 10 cents each, except where noted. Six for 50 cents; thirteen for \$1.00.

Metallica A shrubby free-blooming variety, with triangular leaves; under side of leaf and stem hairy; the surface a lustrous metallic or bronze color, veined darker, flowers white.

Begonia Thurstoni.

Thurstoni The under side of the leaves is a rich purplish-red, the veins very prominent, while the face or upper side is a bronzy-green, shaded with crimson and olive, with a peculiar glossy-metallic luster over all. Flowers rosy-white, in large clusters well above the foliage. The plant has a fine habit.

Begonia Gracillis Luminosa A magnificent new specimen of the Semperflorens type, exceptionally sturdy and vigorous, and unquestionably one of the choicest bedding sorts in existence. Its flowers are large, perfect and plentiful, and never out of bloom. Color, the brightest scarlet.

Marguerite Leaves a bronzy-green, somewhat resembling *Metallica*, but growing in more bushy form. Large trusses of light rose-colored flowers freely produced.

Picta Rosea A wonderfully free growing Begonia of sterling worth and great beauty. The plant is very compact in growth, forming a dense, well proportioned bush with rich green foliage, spotted with silver. The flower is a rosy-flesh color, shaded with a silvery-pink and enlivened with dense clusters of yellow anthers. One of the most wonderful flowering Begonias within our knowledge. It blooms continually.

Otto Hacker In a class by itself. A strong, vigorous grower, of fine upright habit, with large, shining deep green leaves eight to ten inches long. Flowers bright coral-red, borne in immense clusters eight to ten inches across. Price, 15 cents each.

President Carnot A strong growing variety of stiff, upright habit; foliage large, somewhat in style of *B. Rubra*, but more than twice as large; upper side deep green, underside purplish-red; flowers beautiful coral-red in large pendent panicles.

Robusta The stock, stem and under side of the leaf are Indian-red; the upper side of the leaf glossy olive-green. The flower is composed of two wide and two narrow petals, the wide ones being broadcast at the base and terminating in a round point, of a beautiful bright rose.

Sandersoni Bushy growing variety; glossy deep green leaves; flowers in clusters of drooping, scarlet, heart-shaped buds.

Weltoniensis A very handsome winter-flowering variety, giving in profusion its lovely pink flowers, easy cultivation.

Zebrina Besides its graceful form, the leaf is distinguished by its glistening silver shading following the leaf, the body being a very dark velvety-green; under side plum color, vein green. Flowers pure white.

Rubra This Begonia is still a great favorite. The flowers are a rich coral-red, hanging in large pendent clusters; these, combined with the rich green foliage, make it one of the best plants for house culture.

M. de Lesseps.

M. de Lesseps The leaf is of silky texture, and is beautifully spotted with silver. Very strong, free-growing variety, that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful white and pink flowers.

DWARF CANNAS==Standard Varieties

THESE ARE THE MOST POPULAR AND MOST MAGNIFICENT OF ALL SUMMER-BLOOMING PLANTS FOR BRILLIANT BEDDING AND MASSING

Price, 15 Cents Each; 2 for 25 Cents, Any Ten for \$1.00

For Special Offers in Cannas for Bedding and Massing and Other Plants for Bedding, See Pages 4 and 5.

THE CANNA, with its elegant tropical foliage, and its brilliant showy flowers, whether bedded out or grown in tubs, is one of our most ornamental plants and is of very easy culture. The improvements made in the Canna in the last few years in size and diversity of color place it in advance of all other plants for bedding purposes. In the following pages we have the cream of all the late and standard sorts. Having discarded all those that show weak points, our customers cannot go wrong on any of these varieties, as every Canna offered has some points of merit. Remember, too, that our Cannas are started plants, and not dormant roots, as are often sent out.

Buttercup (Three feet.) True bright buttercup-yellow; large beautifully formed flowers in fine, large handsome trusses; stands unfavorable weather better than almost any other kind, and always shows up bright and clear, and is undoubtedly the best and most beautiful pure bright, deep canary-yellow Canna in existence.

Charles Henderson This is acknowledged as the standard crimson; a very compact grower; elegant dark green foliage on purple stems. The flower spikes are the largest size, the petals are very broad and beautifully recurved, which, in addition to forming a magnificent globular head of perfect florets, keeps the trusses clear of all faded flowers. The color is a deep rich crimson, with a yellow flame at the throat. It is easily the finest crimson Canna. Height 3½ feet.

Egandale One of the most popular dark leaved varieties. Foliage dark maroon, of compact habit of growth. Flowers bright cherry-red, in good sized trusses. The best bedding Canna of its color, because of its harmony of leaf and flower. The flowers, which are a bright cherry-red, have great substance, and last for an unusually long time. An exceedingly free bloomer, and a valuable sort. Height four feet.

Florence Vaughan

The Beautiful Spotted Canna. Flowers very large, of most perfect form, with broad over-lapping petals, nicely rounded at the ends. Color a brilliant yellow, spotted with bright red. A strong grower and flowers very freely. Height four feet.

Mile. Berat This is a pink variety of French origin. Entirely distinct from any other sort. It is much the darkest of all the pink Cannas, being dark carmine-pink. Heads of bloom are held very erect and well above the foliage. A showy, effective bedder. One of the finest introductions. Height four feet.

Papa Nardy Magnificent heads of broad, round-petaled flowers, a lively carmine-rose. One of the best. Height four feet.

Pillar of Fire The giant of its class, grows six to seven feet high; flowers bright crimson-scarlet, borne in erect spikes like blazing torches; continuous bloomer, invaluable for center of beds, etc. Height six feet.

Richard Wallace A tall growing wide flowered, heavy trussed canary-yellow—the largest and best of its color; bleaches very little. Five feet.

Secretary Chabane Color, bright, distinct orange-salmon; very showy; compact and vigorous in growth, producing massive trusses of large flowers.

Souv. de Antoine Crozy By far the brightest gilded Canna grown. Flowers brilliant crimson-scarlet, bordered by a broad band of golden-yellow, which serves to set out the brightness of the scarlet. One of the most attractive in the entire collection. Height three and one-half feet.

Crimson Bedder.

Crimson Bedder One of the most showy and longest-lasting flowers of any Canna we grow. Brightest imaginable shade of crimson-scarlet. Plant is very compact in growth, throwing up straight flower spikes with well shaped trusses of bloom. Flowers remain in perfect condition for a longer period than ordinary varieties, making it one of the most valuable for planting in masses where brilliant color is desired. Height five feet.

Black Prince A magnificent variety, flowers frequently five to six inches across. Color an intense, dark velvety-maroon, almost black. A strong, erect grower with fine dark red stems and deep green leaves edged with purple. Height five feet.

Giant Orchid-Flowering Cannas

Price, 15 Cents Each,

Four for 50 Cents.

ALL STARTED PLANTS

Burbank Gigantic flowers, like Austria and Italia; wonderfully profuse bloomer, and strong grower, producing immense clumps; rich canary-yellow, lower petals spotted crimson. Height five feet.

Italia This wonderful Canna has a wealth of graceful foliage and gorgeous flowers. The three upper petals are golden-yellow with a large blotch of orange-scarlet in center of each, the center and lower petals scarlet, with a narrow edge of golden-yellow. Height five feet.

Louisiana A new Orchid-flowering Canna. It is a vigorous grower, producing a thick mass of glossy-green foliage, each leaf edged with a narrow purple band. The flowers are immense, often measuring more than seven inches across; color vivid scarlet. A gorgeous beauty. Height five feet.

Mrs. Kate Gray Flowers six in. across; color a splendid shade of rich orange-scarlet, finely flaked and streaked with golden-yellow tints. Height five feet.

Pennsylvania Lustrous, wavy petals of the largest size, in which the deepest shades of orange and scarlet are exquisitely blended. Individual petals, two to two and one-half inches wide, make up flowers and trusses of imposing proportions, the flower stalks rearing their lovely burdens high above the foliage. Height six feet.

Venus (Green-leaved.) Long erect stems bear trusses of large size, perfect form and ever-clean freshness. The large oval petals are exquisitely variegated; warm rose-pink, mottled near center, and edged with creamy-white. Makes a very pretty cut flower. Height four feet.

Italia.

Eight Rare and Choice Fancy Cannas

Price, 20 Cents Each; Three for 50 Cents; Entire Set of Eight for \$1.25. All Started Plants.

Duke of York Largest and most magnificent of the variegated Cannas. Bears great bunches of immense flowers. Color a beautiful rich deep crimson with a throat of curiously mottled creamy-white and each petal edged with an irregular border of fine gold. Light green foliage, very tough; a strong grower. Height four to five feet.

Gladiator A very showy bedding Canna of medium height with large flowers of brassy-yellow thinly speckled in dull red. The long center petal and lower petal are solid dark red, making a most striking contrast to the predominating yellow. Three feet.

King Humbert A cross between the Crozy and Orchid-flowered families. Flowers are as large as those of any of the Orchid-flowered Cannas, yet have the firmness and substance of the Crozy type. Bright orange-scarlet streaked with crimson. Foliage bronze, with brownish-green stripes. Grows four to four and a half feet.

Mephisto (Three feet.) A handsome shade of deep, rich crimson, held erect on fine, well-built trusses, and strong stems. A constant bloomer.

Giant Crimson (Five and one-half feet.) Dark rich velvety crimson, fine shapely flowers in large well-filled trusses. Immense heads of large, rounded flowers well displayed above the foliage; brilliant crimson. Flowers keep well. Their freshness, size and profusion make them ever conspicuous.

Mrs. Carl Kelsey Foliage green with a narrow edge of purple, and with erect, full heads of enormous flowers, each one wider than this page. Orange-scarlet, flaked and striped with golden-yellow; petals wavy edged. We know of no other Canna so marvelously marked—an ornament to any garden. Height six to seven feet.

Niagara (Crimson and gold.) Great handsome trusses; broad, thick, durable petals; color rich deep crimson with a wide irregular border of deep golden-yellow. Height three feet.

Uncle Sam A tall stately variety with green foliage and immense heads of orange-scarlet flowers. Height six to seven feet.

CARNATIONS! THE DIVINE FLOWER

For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground quickly make large specimens, and when brought indoors in the fall, produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive, don't buy them—grow them yourself. Pinch the plants back frequently during the growing season.

PRICE, 10 CENTS EACH; ANY THREE FOR 25 CENTS; SEVEN FOR 50 CENTS; FIFTEEN FOR \$1.00.

Lady Bountiful.

ELDORADO

A yellow of free-blooming habit; strong, vigorous plant, erect stems, finely formed flower of fair size; very free. Petals edged with a narrow band of light pink; almost a Picotee in marking. The flower retains its yellow color under artificial light, unlike most yellow varieties.

ENCHANTRESS

A very pleasing shade of light pink, deepening towards the center. When fully developed, over four inches in diameter; very attractive and fine form; stem is strong and stiff; both outdoors and in the house the growth is ideal; very healthy and of vigorous constitution; very early, free and continuous; needs no special culture to develop its magnificent blooms.

LADY BOUNTIFUL

Large, nicely filled flowers of purest white. Not only good for large sized blooms when given special care, but valuable for garden planting and pot culture. Very sweetly scented with that delightful, old-fashioned clove fragrance lacking in many of the newer Carnations.

HARLOWARDEN

The largest and best of its color, a bright dazzling crimson. Flowers often measure three inches in diameter, and are well supported on long stiff stems. A wonderfully free bloomer, always full of buds.

MRS. THOS. LAWSON

It has created quite a sensation on account of its wonderful size and beautiful color—a deep cerise-pink approaching very near to a brilliant carmine. The habit is strong, free-growing, very vigorous, producing flowers averaging over three inches in diameter.

MAY DAY

Has been awarded a gold medal in England, where it is a favorite. A commercial Carnation of an exquisite shade of satin-pink; has a fine stem, strong calyx, and is probably the freest bloomer extant.

O. P. BASSETT

A very large deeply fringed sort of great substance and beauty. A prize winner at all shows, and the good, bright, solid red that is practical for all purposes.

ROSE PINK ENCHANTRESS

A lovely rose-pink shade of color put on by the old favorite "Enchantress." The parent's practical wide-awake habit of growth and trustworthy blooming qualities have always made it popular, and this new coloring but adds greatly to an already first-class reputation.

THE BEACON

A splendid new red that blooms throughout a long season. Flowers are gracefully formed, and will average from two and three-quarters to three inches in diameter. Color scarlet, with a brightening dash of orange.

VICTORY

Exceptionally satisfactory and useful as a cut flower, owing to its great stability, its nice long stems, and the prodigality of its bloom. Color brilliant scarlet.

WHITE PERFECTION

All that its name implies. Bloom is abundant, of large size, and immaculate whiteness.

SIX NOVELTIES IN CARNATIONS

James Whitcomb Riley.

Price, 15 cents each; two for 25 cents; the set of seven for 75 cents.

Afterglow A giant among Carnations, being of very rank growth and producing all season long its very large cerise-colored flowers in great freedom. One of the finest sorts.

James Whitcomb Riley This is the only pure yellow Carnation that is grown today. It is a variety easy to grow and of healthy constitution; flowers average three inches or more in diameter; have a very pleasing clove fragrance, borne on fine stiff stems.

Mrs. C. W. Ward A perfectly formed flower with full center; color, deep pink, several shades lighter than Lawson, deeper than Winsor, having strong, erect stems twenty-four to thirty-six inches in length. A vigorous, healthy grower and has never shown disease of any kind. A very early and free bloomer, producing fine flowers early in the season. The leader in its shade of pink.

Princess Charming An extra fine pink; runs a shade deeper than Enchantress in winter, with a longer, stiffer stem and produces equally well, and positively will not split; expected to displace Enchantress.

Rosette Large, full flowers, rich dark pink prettily fringed and delightfully perfumed; fine both for garden planting and cut flowers.

St. Nicholas A splendid new velvety-scarlet Carnation which blooms throughout a long season. Flowers large, finely formed, delightfully scented and produced on long stems. No finer sort of this color is to be had.

White Wonder A greatly improved White Perfection, which begins blooming in September and continues throughout the season; snow-white, fragrant, absolutely perfect in form, large in size, on stiff stems, healthy and free and an easy rooter; grand in every way. The only variety that threatens to pass White Enchantress in the race.

DOUBLE FLOWERING HARDY SCOTCH OR SWEET MAY PINKS

These are dwarfer than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground; flowers perfectly double, clove-scented, and the plants will stand outdoors year after year, being entirely hardy.

PRICE, 10 CENTS EACH; THREE FOR 25 CENTS; 75 CENTS PER DOZEN

ABBOTTSFORD—Deep carmine, marbled with white.

EARL OF CARLISLE—Various shades, maroon and rose, with white.

HOMER—Rich rosy-red with dark center.

MARY GRAY—Reddish-purple, narrow white lacing.

HER MAJESTY—Unquestionably one of the finest of the century. Color pure white.

Her Majesty

Earl of Carlisle

Abbotsford,

Beautiful Fuchsias

If properly cultivated, and a suitable place be had where the plants are protected from the midday sun, few flowers can equal the Fuchsias in gracefulness and beautiful showy flowers perpetually coming on. The secret of success with Fuchsias is to keep the plants properly watered and nourished to stimulate fresh, continuous growth, and consequently flowers. This satisfactory result requires repeated repotting if plants are kept in pots, or if planted out, much mulching with cow manure and watering.

Double-Flowering Varieties

Price, 10 cents each; any six for 50 cents.

Avalanche Beautiful golden foliage and double, dark violet-purple corolla.

Gloire des Marches It is nearly perfection as to free growing and habit, being strong and bushy. Tube and sepals deep scarlet; corolla very large and double, and pure white.

Phenomenal The largest Fuchsia we have yet seen. Tube and sepals are bright coral-red, beautifully formed. Corolla, nearly two and one-half inches across, is of the very richest violet shade. Habit is remarkably free, and it blooms more freely than any other large variety.

Purple Prince Fine double variety; sepals scarlet; corolla a beautiful distinct blue; very dwarf.

Tenner (New.) This new double Fuchsia is of extraordinary merit. Violet blue corolla; very dark rich red sepals, waxy lustre. Plant of fine form, easy to grow, continually in bloom. Positively one of the grandest varieties ever offered.

Saply Freres Erect grower, very large flower; corolla very double, or rosy-violet; long, recurving sepals of bright coral-red.

White Phenomenal The flower is large and very double. It is a free bloomer and an exceptionally easy variety to grow.

Single-Flowering Varieties

Price, 10 cents each; any six for 50 cents.

DeMirable Sepals relieved, bright red, quite large corolla, rose and violet.

Lovely The tube and sepals white; corolla single; brilliant crimson; tinted magenta.

Speciosa Well known variety, producing large flowers two inches in length, tubes and sepals of which are bluish, the corolla crimson. Some plants of this variety grown in eight or nine-inch pots will produce from 300 to 500 flowers from December to May.

Wave of Life Foliage bright yellow, corolla bright violet; sepals scarlet.

Black Prince.

Black Prince This is without question the very finest single Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant of easy culture.

Trailing Queen The young plants, as they commence growth, creep out to the edge of the pot and then go trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and flowers. The flowers are borne in large, drooping clusters; very large, long, graceful.

FERNS for House Culture

Most Beautiful of All Decorative Plants

There are no plants grown that are more desirable for the house than these fine decorative Ferns. Their great diversity and gracefulness of foliage make them much valued as plants for vases, baskets or rock work, or as specimen plants for parlor or conservatory. They are easily grown, free from insects and disease, and thrive well in the ordinary living-room. See that the plants have plenty of drainage and are kept well watered; never let dry out for any length of time.

Ostrich Plume Fern (*Nephrolepis Whitmani*) — An improvement on the *Nephrolepis Elegantissima*, with still more gracefully divided pinnae, giving the whole plant an airy, lace-like appearance; makes beautiful symmetrical plants even in small sizes, and large specimen plants are beautiful beyond description. Price, nice strong plants, 15 cents each; large size, from four-inch pots, 40 cents each.

Springfieldii Of the Ostrich Plume type. The fronds grow stiffly erect in the most luxuriant manner, giving it a feathery appearance. New fronds are constantly developing and are a rich, dark green, and remain so. Just the thing for the center of vases, window boxes, etc., where an erect growing plant is needed. Price, 10 cents each; fine large plants, 35 cents each.

The Newport Fern (*Nephrolepis Scottii*) — This Fern is all the rage at fashionable Newport. Identical with the Boston Fern, except it is smaller in all of its parts, and more compact, and will make more fronds in a given length of time. The fronds are lighter green than any of the *Nephrolepis*. The plants are never straggly, always making a shapely plant. Fine young plants, 15 cents each; larger plants, 35 cents each.

Ostrich Plume Fern.

The "Roosevelt Fern," (*Nephrolepis Roosevelt*) — It is our good fortune and great pleasure to offer this wonderful new Fern. It stands second in popularity of all the Ferns, and will soon be more popular than even the old favorite Boston Fern. In general characteristics it resembles the world-famous Boston Fern, but it produces many more fronds than the Boston, thus making a bushier, handsomer plant. Then the pinnae are beautifully undulated, giving the "Roosevelt" a pronounced wavy effect seen in no other Fern; as the plant ages this effect becomes quite distinct. A charming and most notable variety. Fine young plants, 20c; strong plants, 50c.

Nephrolepis Elegantissima Compacta.

Parlor Fern (*Nephrolepis Elegantissima Compacta*) — A dwarf form of *Nephrolepis Elegantissima*, making dense, bushy, compact mass of foliage. One of the most valuable Ferns. Price, 15 cents each; four-inch pots, 40 cents.

Nephrolepis Scholzei.

Crested Fern (*Nephrolepis Scholzei*, The Plumed Scott Fern) — It is a sport from Scotti, possessing the merits of that most popular variety, but with the pinnae subdivided, giving it an airy feathery appearance. The fronds, like in Scotti, stand erect, with a graceful arch forming a plant of ideal shape, and they never break down, giving the plant a ragged appearance as is so often the case with other plumed forms; furthermore, the loose, elegant arrangement of the fronds, allowing a free circulation of air through the foliage, prevents the center of even the largest specimen from becoming defective or yellow. The smallest salable plants perfectly express the type, and in every size are models of beauty for table decoration. Price, 15 cents each; by express, four-inch pot plants, 40 cents.

Philadelphia Lace Fern (*Nephrolepis Elegantissima*)

A sport of the popular *Nephrolepis Piersoni* Fern. Much more beautiful, and an improvement over the *Piersoni*. Is more dwarf and compact, the fronds broader and only half the length. The small size pinnae, or leaflets, are subdivided into perfect miniature fronds; the side pinnae stand at right angles to the midrib of the fronds, on edge instead of flat, giving both sides of the main frond the same beautiful appearance. It is impossible to conceive of the beauty and grace of this wonderful Fern from description—must be seen to be appreciated. Price, nice plants, 15 cents; large plants 40 cents each.

The Popular Boston Sword Fern

(*Nephrolepis Exalta Bostoniensis*.) In the vicinity of Boston no other plant is used so extensively as this graceful *Nephrolepis*, which differs from the ordinary Fern in having much longer fronds, which frequently attain a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. Price, nice plants, 10 cents each; larger size, 35 cents, three for \$1.00.

SPECIAL OFFER—Any five of the above Ferns in nice young plants for 60 cents. Strong four-inch pot plants, any four for \$1.25.

Dwarf Growing FERNS For Dishes

We have grown a large quantity of small Ferns suitable for Fern dishes. The use of ferneries as ornaments for the dinner table is now very general. Nothing makes so fine an ornament, or is so well adapted for the purpose. Price, 10 cents each; three for 25 cents; any six for 50 cents.

Pteris Wilsonii.

Pteris Wilsonii An ornamental Fern of unusual merit. One of the most dwarf of this class, having deep green foliage, leaves heavily crested, giving it the appearance of a tassel. A fine addition to the ornamental varieties.

Pteris Wimsetti.

Pteris Wimsetti Green leaves, with the ends very peculiarly twisted. Is one of the best varieties for fern dishes, being a short, compact grower. Will stand much rough treatment.

Adiantum Cuneatum.

Adiantum Cuneatum

(Maiden Hair Fern.) A very beautiful and graceful Fern, its delicate fronds being much used for cut flower work.

Pteris Cretica Alba Lineata.

Pteris Cretica Alba Lineata

A very handsome Fern, nicely variegated, grows very rapidly into handsome plants.

Holly Fern.

Aspidium Tsussimense

Without question the most valuable of all Ferns yet introduced for fern dishes; of strong but dwarf and graceful habit; of good color and of better keeping quality than any other Fern we know. A clear, good grower and very ornamental.

Fern Dishes

For these we make the following special offer, selecting the varieties which are best adapted for this use. Selection of varieties must be left to us.

For 50 cents we will send eight beautiful varieties of our own selection, this being sufficient for a dish six to eight inches in diameter.

Selaginella Emiliana.

Moss Fern (*Selaginella Emiliana*.) An upright growing moss with delicate lace-like foliage. Suitable for fern dishes or for table and house decoration.

Cyrtidium Falcatum (Holly Fern.)

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is coarser than the Tremula Fern, it is very graceful and is becoming very popular. The leaf is a rich, glossy green, and each leaflet is about the shape and size of a Rose leaf. The fronds are fine for cutting on account of their lasting quality.

Pteris Adiantoides A very desirable

Fern, whether for growing in the room or planting out. Very similar to Falcatum, having the same deep green leaf. Grows very freely and attains a height of twelve to eighteen inches.

Pteris Argyrea, Silver Fern.

Pteris Tremula.

Pteris Argyrea (Silver Fern.) A showy Fern with variegated foliage; fronds large, light green, with a broad band of silver-white down the center of each. Distinct. Price, 15c each, four for 50c; large plants, 30c each, four for \$1.00.

Pteris Tremula

Or Shaking Fern. One of the finest Ferns for house decoration, growing very rapidly and throwing up large, handsome fronds. It makes magnificent specimens, easily grown and very popular. Price, 15 cents each, four for 50 cents; nice, large plants, 30 cents each, four for \$1.00.

Asparagus Sprengeri

The Charming Decorative Plant. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large Roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decoration as, for example, in the decorations of mantels, nothing can equal it. Price, 10c each, three for 25c; large plants from four-inch pots, 25c each; five for \$1.00.

Asparagus Plumosus Nanus

(Lace Fern.) One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as

finely woven as the finest silken mesh. Their lasting quality when cut is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. Price, 10 cents each; three for 25 cents; large plants in four-inch pots, 30 cents each; four for \$1.00.

Dracena Terminalis.

Dracena Terminalis Superb species; rich crimson foliage, marked with pink, carmine and creamy-white. Words cannot describe the exquisite coloring. This is one of the most admired of the decorative species, its elegant habit and extremely beautiful, lively coloring giving it marked value. It is a rapid grower, and for room adornment or as a vase plant for out-of-door use it is indispensable. Price, 25 cents each; three for 60 cents.

Asparagus Sprengeri.

Asparagus Plumosus.

Dracena Indivisa.

Dracena Indivisa Of all the plants in use for centers of vases, baskets, or for beds in the open ground, nothing is so valuable as this. From its graceful drooping habit it is sometimes called the "Fountain Plant." Price, 10 cents each; three for 25 cents; extra large, 25 cents.

PALMS AND OTHER CHOICE DECORATIVE PLANTS

Palms have become an almost indispensable feature in all decorations, whether for apartments, conservatories, or for tropical bedding in summer. The following varieties of Palms are of easy culture in the parlor or conservatory. No home should be without one or more. It might be well to state here that young Palms do not always resemble the illustrations; the characteristic leaves usually appear the second year. We deliver the small plants by mail, postpaid; the large plants must be sent by express.

Phoenix Roebelinii.

Phoenix Roebelinii (Grand Novelty.) A new Palm is always interesting, but when the newcomer is easily the most graceful and withal the hardiest, it is little short of sensational. Phoenix Roebelinii has the grace and lightness of Cocos Weddelliana, but it is more robust in growth and has tenfold the foliage of that fine variety. Price, nice four-inch pot plants, 50 cents each; from five-inch pots, \$1.00. Extra large, \$1.25.

Latania Borbonica Palm Leaves large, fan-shaped, of a very cheerful green color; plant of hardy constitution, and adapted to all decorative purposes within or without doors. Appreciated by all the plant-loving community. Price, 25 cents; larger size by express, four-inch pots, 50 cents; five-inch pots, \$1.25.

Areca Lutescens One of the most valuable and beautiful Palms. Its dark, glossy green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed; the trunk and stems are golden-yellow. Price, nice plants, twelve to fifteen inches high, 50 cents; large specimen plants, twenty-six to twenty-eight inches high, \$1.50 each.

Phoenix Reclinata A fine decorative Palm; one of the finest vase plants, particularly for outdoor decoration. It is of very robust habit, and is very easily grown. Price, for nice plants, 25 cents each; strong four-inch plants, 50 cents each; larger, by express, \$1.00 each.

Kentia Forsteriana This is one of the finest plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are deep, glossy green, fan-shaped, split deeply into segments. Price, small plants, 25 cents each; medium, 50 cents; larger, by express eighteen inches high, \$1.00.

Pandanus Utilis (Screw Pine.) For majesty of form and gracefully arranged foliage, this is without a peer. As an ornament for the window, its glossy, dark green, serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it cannot be surpassed. Price, 35 cents each; two for 60 cents.

Ficus Elastica (India Rubber Tree.) Very large, smooth, leathery leaves, ever-green foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. Price, twelve inches high, 35 cents; eighteen inches high, 50 cents; two feet high (by express only), \$1.00.

Araucaria, or Norfolk Island Pine Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree, but no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house, and is highly ornamental. Price, nice plants, twelve to fifteen inches high, three tiers, \$1.00 each; larger plants, eighteen to twenty inches high, four and five tiers, \$1.25 each. These can be sent only by express.

LATANIA

BORBONICA

Kentia Belmoreana.

Kentia Belmoreana The Kentias are among the best of the Palm species for general cultivation. This variety is one of the best in its class—graceful habit, bright green foliage, gracefully disposed; as a decorative plant for the window, dinner table or conservatory it scarcely has an equal. Price, small plants, 25 cents each; medium, 50 cents; larger, by express, 18 inches high, \$1.00.

Araucaria, or Norfolk Island Pine.

India Rubber Tree.

The American Wonder Lemon

The Largest Edible Lemon in the World.

Superb fruit has been taken from the tree weighing over three pounds each. In addition to its fruit-bearing qualities it makes a very handsome specimen plant for house culture. The dark green foliage is very large and handsome, and the pure waxy-like flowers with yellow stems are as fragrant as Orange blossoms, which it greatly resembles. The lemons have very thin rind and are full of rich acid juice. One is equal to eight or ten ordinary lemons. It makes delicious lemonade, and for culinary purposes has no equal. It is of the very easiest culture, flowering and fruiting in any good ordinary soil. Price, for very strong, young plants, 10 cents each, six for 50 cents; second size, splendid two-year-old plants, 35 cents each.

Azalea Indica—Chinese Azalea.

Beautiful Chinese Azalea

(Azalea Indica)

No plant yet introduced gives better satisfaction or is becoming more popular every season for windows and conservatory decoration. The ease with which they can be grown, their diversity of color and freedom of flowering will always keep them in public favor. The accompanying illustration gives a good idea of an average plant in flower. The plants we offer are all set with buds, and are beautifully trained specimens, and will flower in the spring time in any ordinary living room. In summer set outdoors in the shade and keep moderately wet. Plants twenty-four to thirty inches in circumference, \$1.00 each.

Azaleas are too large to be sent by mail; must be sent by express.

APOLLO—(Medium.) Crimson-scarlet; best red.

HAERENSIANA—Beautiful double salmon; late.

MME. VAN DER CRUYSEN—(Late.) Glossy rose, tinted with amaranth. By many thought to be the best of all.

PRESIDENT OSWALD—(Early.) Double salmon, very fine and free.

VERVAENEANA—The largest and best Azalea grown; very double, color rosy-salmon, white margin. Of robust growth with nice foliage; very free blooming, from February to Easter.

VERVAENEANA ALBA—A very fine double white, similar in other respects to Vervaneana.

HARDY AZALEA MOLLIS

A beautiful species from Japan, with large flowers of fine shape. The colors run through all the shades of orange, yellow and carmine. Fine, bushy, showy hardy plants, used extensively in parks and public grounds. Price, extra strong, well set with flower buds, by express only, 50 cents each. If wanted by mail, add 15 cents for postage.

OTAHEITE ORANGE

A grand pot plant, and one of great beauty and novelty. It blooms most freely during the winter, though it is likely to bloom at any and all times of the year. The fruit is about one-half the size of ordinary oranges, and very sweet and delicious. Price, 10 cents each, six for 50 cents; large strong plants, 25 cents each. Specimen plants from five-inch pots, 50 cents each.

SWEET-SCENTED JASMINES

The Jasmine is a favorite greenhouse or house plant everywhere North, while in the South it is perfectly hardy. It is the idol of the poets, and one of the sweetest flowers. Among the species are found equally desirable subjects for decorating the greenhouse and the outdoor border, combining in every instance freedom and elegance with the most delicious fragrance.

GRANDIFLORUM—Foliage fine; flowers white, star-shaped and fragrant; blooms from November until May, easy culture Price, 10 cents each; larger size, 25 cents each.

GRAND DUKE OF TUSCANY—Easily grown, even small plants bearing a profusion of double, creamy-white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmynes. It is sweeter than a Tuberose, and that is saying a good deal for it. Will thrive outdoors and bloom through the season. A magnificent plant, and one of the most valuable and popular pot plants. It can be stored in a dry cellar in winter. It will please you. Try it. Price, fine plants, 15 cents each; large plants, 35 cents each. Extra large, bushy plants, eighteen to twenty-four inches high, by express only, 50 cents each.

GRACILLIMUM—A flowering shoot is produced from every joint which terminates in a dense cluster of pure white, fragrant flowers; in bloom from October to February. Price, 8 cents each; fine, bushy plants, twelve to fifteen inches high, 25c.

POETICA—Similar to Jasmine Grand. Flowers smaller, but borne on large spikes. Makes a valuable climbing plant, though if desired can be grown bush form. Price, 10 cents each; fine, bushy plants, 25 cents each.

REVOLUTUM—A strong climbing plant, with glossy leaves and single, deep yellow, fragrant blossoms. A beautiful plant and easily grown. Almost hardy in this latitude. Price, 10 cents each; larger size, 25 cents.

JASMINE PRIMULINUM

A new and exquisitely beautiful flowering plant. Finest of all Jasmynes for pot culture, or for the open ground in the Southern and Pacific states where it is hardy. It makes a very graceful plant with long, wavy stems, thickly clothed with handsome foliage, and when in bloom each stem or branch is almost a solid wreath of large, golden-yellow blossoms like immense Primroses—two inches across. Plants bloom when very small, and if trained up to a trellis or wall will climb a few feet in height, as it is really a semi-climber. But either as a climber or bushy pot plant it has few equals. Price, strong plants that will bloom soon, 10 cents each, six for 50 cents. Plants from four-inch pots, 30 cents each, four for \$1.00.

Maid of Orleans.

MAID OF ORLEANS—In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Of easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxy-white appearance. If you only have one Jasmine, let it be this one. Price, 15 cents each; larger size, 35 cents each.

RHYNOSPERMUM JASMINOIDES or African Jasmine

A beautiful greenhouse plant, with glossy, evergreen foliage, producing masses of pure white Jasmine-like flowers of delightful fragrance. Of climbing habit and presents a beautiful appearance when properly trained. Flowers are desirable for bouquets. Price, 15 cents each; large size, 35 cents each.

OLEA FRAGRANS (Sweet Olive)

An old favorite greenhouse shrub, succeeding admirably as a house plant, producing small, white flowers which are of the most exquisite fragrance, continuing to bloom almost all the entire winter. Nice, strong plants, 35 cents each; larger, 50 cents each.

The Royal Plant CAMELLIA JAPONICA

The royal family of greenhouse plants. Leaves glossy-green; flowers of the most exquisite beauty and waxy texture. From pure white to crimson in almost endless variegation. The pure white ones are generally prized above the colored varieties. Their culture is nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Their time of blooming is winter and early spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. The varieties we supply are the best extant, the pick of a Continental collection, and embrace double white, double pink, double red and double variegated. Price for very large, strong plants, by express, \$1.25 each; three for \$3.25.

AGERATUMS

Very useful for bedding or borders, and flowering continually throughout the summer. Price, 8 cents each, any four for 25c. See quantity offer on page 5.

LITTLE BLUE STAR

—Of dwarf, bushy habit, never attaining a height of over six or eight inches. It is extremely free flowering, the individual tufts of bloom are very large and dense. The color is an intense blue, the most beautiful ever seen in the Ageratum family.

INIMITABLE—A giant flowered type, much larger than other sorts now grown. Flowers lavender-blue, produced in immense heads on stout heavy stems. Plant grows nine to ten inches high and flowers freely the year around.

MONT BLANC—Large flowered white. Strong, compact grower.

PRINCESS PAULINE—A novel variety, dwarf, compact habit. Its peculiarity consists of both blue and white being combined in the same flower, the body of the flower being white, while the stamens, forming an outer ring, are sky-blue.

ALTERNANTHERA

Beautiful dwarf plants of compact habit, growing about six inches high, and admirably adapted for edgings, beds or ribbon lines. Always attractive and highly ornamental.

AUREA NANA—Bright golden-yellow. Price, 6 cents each, 60 cents per dozen.

PARYCHOIDES MAJOR—When at its best the color of this variety is a clear carmine, the delicate foliage making a dense but soft cushion. Price, 8 cents each, four for 25 cents.

ACALYPHAS

The most important feature is its wonderful qualification for bedding, as it will stand bedding out like a Coleus; in fact, in the sunniest places it produces the highest coloring. The leaves are large, oval shaped, varying in size, the larger leaves measuring four and one-half inches wide and eight inches long. Habit of growth is compact, with free branching habit, rarely attaining a height of over twelve or eighteen inches.

ACALYPHA TRIUMPHANS—Very bright, ovate, pointed leaves, light red, shaded and marbled darker. Price, 15 cents each; two for 25 cents.

ACALYPHA MARGINATA—Fine large foliage, dark olive margined rose. A very desirable variety, standing upright in hot and dry weather. Price, 15 cents each; two for 25 cents.

ACALYPHA MILTONIANA—Gracefully drooping, irregular leaves, long and slender; deep green with creamy-white margin. Price, 15 cents each; two for 25 cents.

Bougainvillea Glabra Sanderiana.

BOUGAINVILLEA SANDERIANA

Flowers soft rosy-crimson, borne very evenly all over the plant. Blooms when quite small, and may be trained in almost any shape. On account of the lasting qualities of its flowers, it is frequently called "Chinese Paper Plant." Price, 15 cents each, two for 25 cents.

Little Blue Star.

Robert George.

ABUTILON; or FLOWERING MAPLE

The Abutilon or Flowering Maple is a plant of as easy culture as the Geranium and quite as satisfactory. It is beautiful both in leaf and flower, and is very profuse in bloom. A good plan, if you wish to flower them in the house during winter, is to plant in pots and plunge in the garden, as they can then be lifted in the fall without disturbing the roots. Price, 10 cents each, three for 25 cents. Extra large plants, 25 cents each, three for 60 cents.

DRIVEN SNOW—Very large, wide open, pure white flower; the most effective white variety to date.

ECLIPSE—Fine for baskets and vases, trailing in habit. Its foliage is very attractive, beautifully marked dark green and yellow. Flowers bright yellow, with crimson throat.

GOLDEN BELLS—Appropriately named. A well-grown plant of this variety has the appearance of being hung with an abundance of glittering golden bells, making a fine contrast against the bright green leaves. A strong, handsome grower. Flowers bell-shaped, of a rich golden-yellow. It blooms continually through the entire summer.

ROSAEFLORA—Despite later introductions, the best pink variety we have seen. The clear rose or pink of its flowers is fresh and beautiful; free bloomer.

ROBERT GEORGE—A free and continuous bloomer; flowers large, incurved, overlapping petals; orange, veined crimson; beautiful.

SOUVENIR DE BONN—A very distinct and striking new plant, with large, bright green leaves, distinctly edged with a pure white band. The long-stemmed flowers are bright orange, veined with crimson, and stand well out beyond the foliage, producing a very pleasing effect. An excellent plant for large vases and porch boxes.

Alloysia Citriodora (Lemon Verbena)

This plant has the most fragrant foliage of any plant grown. The fragrance is that of the lemon. One plant will scent up a whole yard. Grows rapidly; exquisite. Can be wintered over in the cellar. Price, 10 cents each; three for 25 cents.

SWEET ALYSSUM

(DOUBLE WHITE)

See quantity offer on page 5

The trusses are enormous, measuring at times one inch in diameter and five inches long. The flowers are perfectly double and of delightful fragrance. Price, 8 cents each, four for 25 cents.

Sweet Alyssum.

Coleus.

Our Beautiful Bedding COLEUS

There is nothing in the line of bedding plants that can ever take the place of Coleus. Used in solid clumps or as edging to Canna beds, etc. Price, 5 cents each, any twelve for 50 cents; twenty-five for \$1.00. Price of Coleus by the hundred when sent by express, \$3.50 net.

BECKWITH'S GEM—Beautiful fancy variety with large leaves of heavy texture and finely scalloped edges; center of leaf dark velvety-maroon, bordered with fiery-red; edge is green, changing to creamy-yellow at the point of leaf.

BUTTERFLY—A crimson-bronze, old gold and green.

COUNT CUVIER—Center fiery-red, surrounded with deep maroon, edged olive-green, serrated edge.

EMPRESS OF INDIA—Crimson, with golden edge.

FIRE CREST—The major portion of the foliage is a bright carmine-crimson shade; edge is slightly marked golden-yellow, which heightens the coloring; center of leaves blotched deep bronze.

GOLDEN BEDDER—Clear yellow when well developed; edge somewhat crinkled; center rib of lighter yellow.

GOLDEN VERSCHAFFELTII—This is a beautiful yellow variety with scalloped edge, tinted delicately with bright red.

JAMES BARNSHAW—Yellow and crimson striped.

MISS RETTA KIRKPATRICK—Large white center, shaded with yellow, broad green-lobed margin; large foliage.

PROGRESS—A beautiful mottled red, green and bronze.

QUEEN OF THE WEST—Large leaf, and slightly serrated; outer band of bright oxide-green with margin of bright yellow and center wedge of creamy-white, the whole covered with blotches and spots of bright carmine and deep maroon.

SETTING SUN—Crimson, with brightest golden edge.

TRAILING BEAUTY—An excellent variety for hanging baskets and vases on account of its trailing habit; center of leaves fiery-crimson surrounded with deep maroon; deeply serrated edges of bright olive-green.

VERSCHAFFELTII—A rich velvety-crimson; best bedder.

THREE GIANT RAINBOW COLEUS

Price, 10 cents each; three of any kind, 25 cents; 75 cents per dozen.

CHRISTMAS GEM—Leaves immense. Looks like a Rex Begonia, and just as beautiful. Cannot be excelled as a pot plant. Of strong, vigorous habit, growing from two to three feet high, with leaves often nine to ten inches long, which are of bright carmine, shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich velvety luster.

SENSATION—A grand Coleus. Leaves six to eight inches long and five inches wide; has a deep velvety texture, beautifully scalloped edge; color crimson-maroon, with center of light red.

DUNERIA—The grandest Coleus of recent years; has a deep velvety texture. Color crimson, maroon center; beautifully scalloped edge of light red; a fine, showy bedder. A magnificent variety.

CALADIUM ESCULENTUM, OR ELEPHANT'S EAR.

Very effective, and suitable for either a single plant on the lawn, masses in beds or margins of water; its very distinct leaves often attain a length of three feet by twenty inches wide, and have a rich, tropical effect. Price, for nice bulbs of Caladiums, 15 cents each, two for 25 cents, five for 50 cents; large bulbs, 25 cents each, six for \$1.25; extra large, 40 cents each, three for \$1.00.

Elephant's Ear.

Clerodendron Balfouri.

Cestrum.

Cyperus Alternifolius.

CLERODENDRON BALFOURI

We can safely recommend this great Clerodendron as one of the most satisfactory plants for window culture now known. It is a vigorous, rapid, healthy grower, and produces an abundance of blooms which are bright crimson surrounded by pearly-white petals, producing a striking contrast against the dark green foliage. It can be used for a fine specimen pot plant, and can be grown to fine form by cutting off the ends of the growing shoots. A partially shaded position is conducive to rapid growth. Price, 10 cents each.

CESTRUM PARQUI

(Night-Blooming Jasmine)

This beautiful shrub is cultivated for the delicate fragrance of its elegant flowers, which are borne in clusters; of easy cultivation.

An excellent garden plant, growing rapidly. Foliage long and of a deep green color. Produces its richly fragrant flowers at every joint. Sweet only at night. It is also well adapted to house and window culture. Price, 10 cents each.

CALCEOLARIA (Creole Queen)

Produces in the spring a mass of beautiful, pocket-like crimson flowers. Price, 10 cents each.

CROTONS

The Crotons are among the finest decorative foliage plants known. Leaves are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Crotons love heat, sunshine and moisture. We will send you the following choice kinds at 20 cents each, three for 50 cents.

ALICE—Broad leaves of red, yellow and green markings. Beautiful.

INTERRUPTUM—Long, narrow leaves, center yellow and red.

MAKOYANUM—Chocolate and carmine markings. Broad leaves.

PICTURATUM—Long leaves of yellow, red and green.

VEITCHII—Yellow, green and crimson. One of the best.

CUPHEA PLATYCENTRA (Cigar Plant)

This is a well-known ever-blooming plant of neat habit, growing twelve inches in height. The tube of the flower is scarlet, with the end partly white and crimson. These plants thrive beautifully, in hanging baskets, vases, etc. They are also

valuable as pot plants in the window. Price, 8 cents each, four for 25 cents.

Calla, The Gem.

Calla, "The Gem"

The Gem is of strong dwarf habit. The foliage is of lustrous dark green, and is produced in great abundance. Its flowers are produced in the greatest profusion, being literally an ever-bloomer. It will bloom freely all summer out in the open ground; in September it can be lifted and potted, and will continue blooming all winter. Price, 15 cents each, four for 50 cents; large plants, 25 cents each, three for 60 cents.

UMBRELLA PLANT

(Cyperus Alternifolius)

An ornamental grass throwing up stems about two feet high, surmounted at the top with a whorl of leaves, diverging horizontally, giving it a very curious appearance. It is splendid for the center of vases or as a water plant. Price, 10 cents each, three for 25 cents.

CRAPE MYRTLE (Lagerstroemia Indica)

A very popular and free-flowering shrub, or small tree, which produces blooms in great abundance throughout the summer. The flowers are beautifully fringed and are borne in large clumps. A massing of these, or a single specimen, makes a most striking effect. A favorite tub plant in this latitude, where it is not hardy enough to preserve its old wood during the winter, as in the South, where it is perfectly hardy. Here it dies down to the root, but comes up again in the spring. The best way, therefore, is to keep the plants in the cellar over winter and transplant in rich soil early in the spring, watering freely during the summer, and no flower will produce better effect. Price, 15 cents each, two for 25 cents.

CRAPE MYRTLE PURPUREA—Of a peculiar purplish-crimson color.

CRAPE MYRTLE PINK—Colored a fine shade of pink.

MYRTUS CUMMUNIS

(The Jew or Bride's Myrtle.) This is a handsome, upright, evergreen plant, suitable for pot culture in the house; has small glossy green leaves that are very fragrant. This is scarce and rare. Flowers pure white, very fragrant. Hardy in the South only. Strong plants from three-inch pots, 20 cents each, three for 50 cents.

WHITE CALLA

Aethiopica—This is the well-known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas, send to us, as we are headquarters for them. We have two sizes. Price, 15 cents each; larger size, 25 cents each.

CALLA HASTATA

This is the yellow Calla. It is just like the others only the flower is a lemon-yellow. It is very distinct and will enrich anyone's collection. Price, 15 cents each; four for 50 cents.

CALLA RICHARDIA

Spotted Calla—The Richardia Alba, or Spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white; the flowers are white, with a rich chocolate throat. It can either be grown in a pot, planted in a border or in a vase or rustic stand, the latter being a very effective way of showing its beauty. Price, 15 cents each; extra large bulbs, 25 cents each.

The Godfrey Ever-Blooming Calla

This new hybrid is a true ever-blooming variety. Compared with the ordinary White Calla, it gives three flowers to one, the flower being equally large, of perfect form and very much whiter. The plant is of dwarf, compact, strong growth, about eighteen inches high. Price, 15 cents each; four for 50 cents.

LITTLE GIANT FEVERFEW

The great value of the old Dwarf Feverfew for cut flowers during the summer, fall and winter, is well known to florists and others. This variety surpasses it in every way. It is very dwarf, attaining a height of from twelve to eighteen inches. The flowers are larger, of more perfect form and of the purest white. Price, 10 cents each; three for 25 cents.

Tradescantia, or Wandering Jew

Beautiful trailing plants with thick, waxy, lance-shaped foliage; useful in baskets and porch boxes. Most beautifully variegated purple, scarlet and white. Price, 10 cents each; \$1.00 per dozen, postpaid.

Heliotrope Centifleur.

GIANT-FLOWERING HELIOTROPES

THESE ARE UNIVERSAL FAVORITES ON ACCOUNT OF THEIR DELIGHTFUL FRAGRANCE

Flowers Equally Well as Bedding Plants in Summer or as Pot Plants in the House During the Winter.

Price, 8 cents each; three for 20 cents.

ALBERT DELAUX—Foliage is a bright golden-yellow, marked slightly with a delicate green.

BUISSON FLEURI—Plant semi-dwarf; extremely beautiful in growth, free grower, easily propagated; the plant is covered with bloom, trusses extremely large; florets large and flat-faced; color rosy-violet with star-shaped eye.

CENTIFLEUR—Dwarf in growth, bushy, with fine, neat foliage; a healthy, sturdy variety, completely covered with a bouquet of bloom. The sprays of bloom are the largest that we have ever seen; the florets are wide and flat; color lovely deep heliotrope, with conspicuous white eye, and deliciously fragrant.

LUER d'OPALE—Very free flowering, trusses extremely large, florets very broad, azure-lilac passing to pearl-white with yellow eye.

MADAME DE BLONAY—Fine, large, strong foliage, producing very large trusses of pure white flowers.

Magnificent Climbing Vine

THE QUEEN'S WREATH

(Antigonon leptopus)

Hardy south of Ohio river. The flowers are borne in prodigious profusion, and a well-established plant, loaded with its gorgeous carmine flowers, is one of the grandest sights. Its discoverer, Dr. Seeman, writes respecting it: "I am well acquainted with the contents of our gardens in most parts of the world, but I have no hesitation in giving it as my deliberate opinion that there is no more graceful or beautiful climber than the Antigonon leptopus." Price, 15 cents each; two for 25 cents.

Queen's Wreath.

HIBISCUS

Large growing tropical shrubs with very glossy foliage. The plants, under the hottest sun, produce enormous flowers in great numbers and make noble specimens. They can be grown in tubs and kept for years. The blooms average five or six inches in diameter, and are gorgeously colored. The plants can be wintered over in a warm, dry cellar.

Double Flowering Varieties

Price, 10 cents each, any three for 25 cents; in extra large size at 25 cents each, three for 60 cents.

AURANTIACA—Large, double orange-colored flowers. Very novel and attractive.

MINIATUS SEMI-PLENUS—Semi-double flowers, light vermilion-scarlet; petals waved and recurved; flowers noticeable for the absence of formality, but very handsome.

PEACHBLOW—One of the finest plant novelties offered in recent years; flowers double, from four to five inches in diameter; charming, rich clear pink color, with a small deep crimson center; entirely new and most beautiful shade.

RUBRA—A very pretty double red Hibiscus. Flowers deep cherry-red, very large and double.

Single Flowering Varieties

Price, 10 cents each, any three for 25 cents; in extra large size, 25 cents each, three for 60 cents.

COOPERII TRICOLOR—Foliage beautifully variegated with dark green, pink and white, flowers crimson. This beautiful tricolor plant is one of rare magnificence, and is unequaled by any other plant in brilliancy of foliage.

CARMINATUS PERFECTUS—Full, round flowers of perfect shape; soft carmine-rose, with a deep crimson eye.

DENISONII—The most distinct of all Hibiscus. On account of the difficulty in propagating, it will always be scarce. Color a delicate carmine and changes to pure white.

DECORUS—Foliage very large and lobed; flowers enormous, on long stems, of a beautiful rosy-carmine color; the stamens and pistils are very showy; the stigma is large, circular and golden-yellow.

GEN. DE COURTIGGIS—A very grand, large-sized flower; single light scarlet; very showy.

GRANDIFLORUS—Rich, glossy foliage; blooming profusely through the summer; literally covering the plants with scarlet-crimson single flowers.

ROSE SINENSIS—Flowers red and very large, averaging nearly five inches in diameter.

VERSICOLOR—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white.

Hibiscus Peachblow.

Rare New and Choice Old Impatiens

Price, 10 cents each; any three for 25 cents; any seven for 50 cents.

Some of these are entirely new and distinct in color. All are true ever-bloomers, are good bedders and make splendid pot plants for the house. The Impatiens delight in a light, rich soil, and thrive best in a partially shaded position. They are a mass of bloom all the time, are splendid bedders and superb pot plants for the house. When grown in pots care should be taken to avoid overwatering.

ATROVIOLACEA—Deep purplish-violet.

CARMINEA—Bright carmine.

HYBRIDA ROSEA—Rosy-white.

SULTANI IMPROVED—Certainly the freest-blooming bedding or house plant in cultivation. The plant is literally covered with brilliant, rosy-scarlet flowers. For summer bedding or winter blooming in the house it has no equal.

SALMON QUEEN—In form and foliage it is like Sultani, but color of flower is a handsome shade of salmon.

ENGLISH IVY (Ivy Canariensis)

An excellent variety for cultivation in the house, being a free grower, with very beautiful, broad, glossy green leaves. Price, 15 cents each, three for 25 cents; strong plants from four-inch pots, 20 cents each, three for 50 cents.

GERMAN or PARLOR IVY

A rapid-growing and succulent plant, well adapted for covering trellis work quickly or training in the parlor. Leaves glossy green and flowers yellow, in clusters. Price, 10 cents each; three for 25 cents.

New Superb French Hydrangeas

THE NEWEST AND FINEST VARIETIES YET INTRODUCED

IT IS DIFFICULT to imagine a more lovely floral object than these superb new Hydrangeas. They are unquestionably the best and most showy of all the Hydrangea family. It is impossible to impress upon anyone the wondrous beauty of these superb Hydrangeas, even the smallest plants bear immense trusses of bloom that are simply amazing. They are of easy culture and sure to succeed with only ordinary care. These Hydrangeas are very vigorous, healthy and rapid growers, and are practically a summer and winter flowering plant, requiring only a short rest between seasons, and can be used as a fine specimen pot plant for the veranda or some other conspicuous place during summer and after a short rest in the cellar can be placed in window garden where they will be queen of the winter flowers. This species of Hydrangea is generally hardy in the South and throughout the Middle States with some protection during winter months, and here they will flower profusely from June to October. In our Northern States they will give better results when used as pot plants. The plants succeed rather better in a shady place than where it is too sunny, on which account they are valuable for house culture. The pot plants require a liberal supply of water during their season of growth and flowering. Price, except where noted, strong plants from two and one-half inch pots, 25 cents each; any five for \$1.00.

Hydrangea Bouquet Rose.

AVALANCHE—A splendid large white, which has made a reputation for itself during the past two seasons, an easy variety to force early, and remarkably free-flowering.

BOUQUET ROSE—Large trusses of well-formed flowers, rosy-amber turning to bright pink; has proven a special favorite in the New York market this season.

LA LORRAINE—Very large flowers, pale rose, turning to bright pink; has become a general favorite during the past two years.

MME. E. MOUILLERE—This has been the favorite white variety in the New York market this year, very free flowering, of good size and form. Awarded silver medal at the National Flower Show at Boston last year.

ORNAMENT—Large pretty mauve-pink flowers, very free flowering.

OTAKSA MONSTROSA—Color of bloom intense rose, shaded white; borne in much larger clusters than Otaksa, quite small plants bearing blooms of enormous size, which are very lasting in quality. The variety is free in growth and very free in the production of bloom; one of the finest novelties of the year. Price, 15 cents each; two for 25 cents.

THOMAS HOGG—An older variety but one of the best. A pure white variety with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a length and width of six feet. Perfectly hardy, and is one of the finest plants for cemeteries. Price, 10 cents each; three for 25 cents.

LANTANAS

Or Shrubby Verbenas, the Finest Plants that Grow

The brilliant colors, robust growth and profuse blooming habit of the Lantana render it one of the finest bedding plants that grow. The varieties here described give a wide range of color, and include the most distinct and profuse blooming varieties.

Price, 10 cents each; three for 25 cents. For quantity offer see page 5.

AURORA—Large flowered, dark and light shades of pink, with yellow center.

ALBA PERFECTA—Pure white; very fine.

HARKETT'S PERFECTION—A new variety with beautiful, fresh and yellow flowers and golden variegated foliage.

MICHAEL SCHMIDT—Flowers fresh and sparkling, of a brilliant yellow, passing into purple vermillion.

RADIATION—Plant semi-dwarf; brilliant red, center orange-yellow; a beautiful combination of two very bright shades.

SERAPHINE—Dwarf; red with yellow center.

ULTIMA—A magnificent pure golden-yellow.

WEeping LANTANA—Fine for baskets, vases, pots or window boxes. Produces a great abundance of delicate, drooping, leafy vines, covered nearly all the time with clusters of lovely lilac flowers with white eyes.

PASSIFLORA PASSION FLOWER

PFORDI—A beautiful sort; blue flowers. Price, 10 cents each.

CONSTANCE ELLIOTT—New Hardy Passion Flower. This beautiful variety has flowers very large and pure ivory-white. Excellent for cemetery purposes. Price, strong plants, 10c each.

MADEIRA VINE

The most liked of all climbers. The leaves are light green above and rosy-chocolate underneath, flowers white and deliciously fragrant. Grows well in garden or pot, hanging baskets or vases. Makes fine shade for verandas. Give tubers same care as Dahlias. Price, 5 cents each; six for 25 cents.

Passion Flower.

MOONFLOWERS

(See illustration on third page of cover)

IPOMEA GRANDIFLORA—The True Moonflower. A very rapid summer climber, blooming the first season. No insects attack the leaf. The flowers are immense, pure white, sweet-scented, five inches in diameter, borne very profusely, and, as they open at night, are very striking. Being a free bloomer, the effect on a moonlight night is very charming. Try it. Price, 10 cents each; three for 25 cents.

IPOMEA LEARII—The Blue Moonflower. Flowers are trumpet shaped, of a rich violet-blue, with five purple rays. Price, 10 cents each; three for 25 cents.

IPOMEA MAXIMA—Its pure white, abundant blooms average six to eight inches across, and often surpass that magnitude. Price, 10 cents each; three for 25 cents.

Plumbago.

LIGHT BLUE AND CREAM-WHITE

The Plumbagos are always satisfactory plants, either for pot culture or for the garden. They are constant bloomers, and their delicate and graceful flowers are very useful for cutting.

CAPENSIS—A well-known favorite, and always valuable because it produces large trusses of beautiful light blue flowers. Price, 10 cents each.

CAPENSIS ALBA—The counterpart of Plumbago Capensis, excepting in color, which is creamy-white. A constant bloomer; a splendid new sort. Price, 10 cents each.

Justicia Carneae.

JUSTICIA, or Brazilian Plume

Is a strong, rapid grower, and throws up long stems on which are produced fine, plume-like flowers, the ends of each petal drooping in a most charming manner. Either for house or outdoor culture.

JUSTICIA CARNEAE—Large pink flowers. Price, 15 cents.

JUSTICIA HYDRANGOIDES—Large flowers, lilac and white. Price, 10 cents each.

LINUM TRIGYNUM (Yellow Flowering Flax)

Clear, bright yellow flowers resembling small Morning Glories. Very attractive for house culture, as there are so few yellow winter flowering plants. Price, 10 cents each.

OLEANDERS

These old-fashioned shrubs are becoming immensely popular again. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar.

OLEANDER ROSEA—Has double pink flowers. The old favorite. Very sweet. Price, 15 cents each.

LILLIAN HENDERSON—Has double white flowers of the largest size. Fragrant like the old double pink. Price, 15 cents each.

YELLOW OLEANDER (LUTEA)—A new and scarce variety with light yellow-colored blossoms. A decided novelty. Price, nice plants, 15 cents each.

WE WILL SEND THE THREE VARIETIES OF OLEANDERS, VERY FINE PLANTS, FOR 40 CENTS.

Large well branched plants from four-inch pots, 30 cents each; three for 75 cents.

TWO BEAUTIFUL PLUMBAGOS

Oleander Rosea.

PRIMULA OBCONICA GIGANTEA—(Always in Bloom.) This is a charming new plant for winter; in fact, we know of none that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its elegant panicles and sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. Price, 10 cents each, four for 35 cents; large plants from four-inch pots, 25 cents each, four for 75 cents.

PRIMULA OBCONICA GIGANTEA KERMESINA—Beautiful deep crimson.

PRIMULA OBCONICA GIGANTEA ALBA—The pure white flowers greatly enhance the beauty of the existing lilac, rose and crimson shades.

PRIMULA OBCONICA GIGANTEA LILACINA—Beautiful lilac.

PRIMULA OBCONICA GIGANTEA ROSEA—Lovely rose.

Giant Flowering PANSIES

It is impossible to do justice to these lovely flowers in a printed description. Cold type cannot convey an idea of the indescribable richness, the varied and exquisite coloring, the large size, perfect form and great substance of the blossoms. Plants are compact and bushy, and produce great quantities of flowers borne well above the foliage on strong stems. Owing to their vigor, this strain withstands the hot and dry weather better than any other variety, and produces its great beautiful blossoms in profusion all summer. The plants we offer are from seed of selected flowers of the Giant Trimardeau, Bugnot and Cassier strains in the following named colors, brilliant fine red, margined, striped, golden, purple, black, white, violet and gold. Price, 5c each; 35c per dozen; forty for \$1.00.

Paris Daisies, or Marguerites

MRS. F. SANDER—Unlike all other Marguerites, its color is of the purest glistening white throughout; in size it frequently measures five inches across; the center of the flower is a mass of closely arranged fringed florets; these are surrounded or edged by the broad, shining white ray petals, forming a flower which reminds one forcibly of a glorified double Pyrethrum. These are produced on long stems with a freedom not known in other varieties of the Marguerite. Strong young plants, 15 cents each, two for 25 cents.

QUEEN ALEXANDRA—The flowers are pure white, the greater percentage coming full double, but even the semi-double and single flowers, which appear on the same plant, are very handsome. Should be in every collection. Price, 10 cents each; three for 25 cents.

NICHOLSON'S WHITE—(Marguerite.) Nothing can be imagined that is finer. All know well the old varieties of Paris Daisies—how beautiful and much sought after for decorations of all kinds. The new variety blooms constantly. Nothing is so airy and graceful as these blossoms of large white petals showing a yellow disc. Price, 10 cents each; three for 25 cents.

ETOILE D'OR—(Marguerite.) The yellow Paris Daisy similar to the Nicholson's White, but a rich golden color. The two varieties go handsomely together. Price, 10 cents each; three for 25 cents.

Nicholson's White—Marguerite.

Oxalis Ortgiesi

It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright golden, star-shaped flowers, which do not close at night, like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. Price, 15 cents each; two for 25 cents.

Silver-Striped Peperomia

A Fine Table Plant

So thick and waxy-like are the leaves of this parlor gem that nearly everyone takes it to be an artificial plant. The leaves are distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Price, 10 cents each; three for 25 cents.

Oxalis Ortgiesi.

Peperomia.

Silk Oak.

Sansevieria Zeylanica.

Salvia St. Louis.

SILK OAK TREE

(*Grevillea Robusta*.) A magnificent plant for decorative purposes, of rapid growth, fully cut foliage, rivaling a rare Fern. Price, nice plants, 10 cents each; three for 25 cents.

SANSEVIERIA ZEYLANICA

This beautiful house plant is well adapted for decoration of sitting rooms, halls, etc., as it stands dust and neglect of watering with impunity. Leaves grow to a length of from three to four feet, beautifully striped crosswise with broad white variegation on a dark green ground. A rare and beautiful plant, and should be abundantly grown for positions out of sunlight, where other plants do not thrive. Price, small plants, 10 cents each; large, handsome plants, 25 cents.

Double Petunias.

DOUBLE PETUNIAS

The Double Petunia is one of the finest bedding plants for massing, mixed borders, or for vases. The brilliancy and variety of its colors, combined with the duration of its blooming period, render it invaluable for garden decoration. Our collection is unsurpassed for brilliancy of color and size of bloom. Price, 10 cents each; three for 25 cents.

ARISTIDES—Rosy-purple, beautifully frilled; edges white.
GEM—Beautifully variegated, carmine-rose and white.
MAJESTIC—Rich deep purple, shaded crimson.
PINK BEAUTY—A very handsome shade of pink.
STRIKING—Rich purple, mottled and edged white.
SEA FOAM—The finest Petunia grown; color a sea foam white; flower of the largest size and beautifully frilled.

SALVIA, FLOWERING SAGE

The Salvia is of easy culture, attaining a height of two to three feet. The flowers are very attractive, are fine for bedding, the scarlet variety especially. Price, 8 cents each; 75 cents per dozen. See quantity offer on page 5.

ALBERT RAGNEAU (New Dwarf Salvia)—This variety we consider the best of the dwarf varieties of late introduction, and in fact, the only true dwarf one. The flowers and foliage are the same as the old variety Splendens, but in growth it is much dwarfer, making it more valuable for bordering beds, etc.

ALBA—A white variety of Splendens, identical in every respect except in color, which is pure white.

PURPUREA—New Purple Salvia. An entirely new color in the Salvias; rich purple, heavily shaded maroon. A strong grower and persistent bloomer. A beautiful contrast to the scarlet varieties.

ST. LOUIS—New Salvia. A great improvement over the old Salvia Splendens. Grows two and one-half to three feet high, forming large, bushy plants covered with immense flower spikes, twelve to sixteen inches in length, of a vivid scarlet. Comes into flower early, continues until frost.

PILEA SERPAEFOLIA (Artillery Plant)

Very desirable for filling in hanging baskets, window boxes, vases, etc. It also makes a graceful plant as a single specimen. It has graceful frond-like leaves; flowers small and produce a snapping sound when water is thrown on the foliage. Price, 10 cents each; three for 25 cents.

SWAINSONIA GALEGIFOLIA

A native of Australia; extremely graceful; trained at a window or on a trellis, presents a lovely sight of light green foliage, and a splendid profusion of sprays, resembling Sweet Peas in form.

PURE WHITE—Large, milk-white, exquisite. Price, 15 cents.
PINK—Beautiful pink, with white blotches. Price, 15 cents each, one each of the two varieties for 25 cents.

Solanum Jasminoides Grandiflora.

Solanum Jasminoides Grandiflora

A beautiful plant of climbing habit, attaining a height of three to five feet, but can be grown in bush form. Its flowers are star-shaped and borne in clusters, large, pure white, with a violet tinge on back of petals and on the buds. Price, 10 cents each.

Euphorbia Splendens.

Very pretty when in bloom and a great curiosity at any time. Soon makes handsome plants. Legend says this is the plant the Savior was crowned with. Strong plants, 15c each, two for 25c; large plants from four-inch pots, 30c each, two for 50c.

Smilax.

Smilax

For using as a green with cut flowers this vine has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. Price, 5 cents each.

Poinsettia Pulcherrima

This is the plant which produces the large clusters of red leaves or flowers which are seen in all the flower stores at Christmas. Price, plants from three-inch pots, 15 cents each.

Saxifraga Sarmentosa.

Saxifraga Sarmentosa

(Or Beefsteak Plant.) A handsome plant of low habit. Leaves nearly round, and striped freely with silvery bands. Blooms white, of great beauty, and borne in spikes nearly twelve inches high. Adapted for hanging baskets, vases, etc. This is also known as Strawberry Geranium. Price, 8c each; four for 25c.

Strobilanthes Dyerianus.

Strobilanthes Dyerianus

(Royal Purple.) This plant will undoubtedly become universally popular on account of its brilliant and exquisite coloring, its extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest Coleus, Begonias or Bertolonias in the exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms, with which the plant is covered in midwinter, greatly enhance its value, beauty and usefulness. The undulation on the surface of the foliage is furnished with a bluish metallic hue, shading into light rose with a light green margin. Price, 10 cents each; three for 25 cents.

VIOLETS

Of all the delightful perfumes that of the Sweet Violets is the most delicate and pleasing. If grown in the house for winter flowers, they should be kept at a low temperature, as they will not bloom freely when it is too warm. If left in the open ground during winter, protect with a covering of leaves.

Lady Hume Campbell.

Lady Hume Campbell

The flowers are very large, often over an inch in diameter, perfectly double, like little Roses, lovely deep azure-blue, and delightfully fragrant. Price, 10 cents each; three for 25 cents.

Marie Louise

Bold, fine flowers, very fragrant and very prolific. The color is of a dark blue; flowers double. This is the favorite double or blue Violet that you see in the florists' windows. Price, 10 cents each; three for 25 cents.

Stevia Serrata

Most excellent for bouquets. Produces one mass of tiny star-shaped pure white flowers. The plants grow about eighteen inches high, stem branching freely and almost completely covered with the corymbs of flowers. Very pretty in beds, and almost unequalled for cutting and florists' work. Price, 10c each.

Nierembergia Grandiflora

A valuable plant, either for the flower garden, or for planting in baskets, pots, vases, window boxes, etc. The leaves are small and pointed, flowers pale bluish-white, one and a half inches in diameter, and salver shaped. They are borne in great abundance all during the summer, and by fall fifty flowers can, almost at any time, be counted on each plant that is growing in the garden. They may be lifted in October without wilting, and will be showy for a long time in the window or conservatory. Any soil will suit them. Price, 10 cents each; three for 25 cents; fifteen for \$1.00.

The Hardy Double English Violet

Needs no words of praise to introduce it to our customers. It speaks for itself. Here we have a Violet entirely hardy, perfectly double, a deep violet color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far excels it in its delightful odor; this is one of its greatest merits. It is entirely free from disease of any kind, will grow and bloom in any garden and in any situation. It is entirely hardy and can be left out in the open ground all winter. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. Price, young plants for this season's blooming, 15 cents each; four for 50 cents.

Princess of Wales.

Princess of Wales

The largest of all Violets. This is the largest and most productive Violet in cultivation. For richness and purity of color and fragrance of flower, it is immeasurably superior to all other single blue varieties. Large, heavy foliage. The grand single flowers are true blue, of a round, symmetrical form, almost as large as Pansies, and delicately fragrant. It has that sweet simplicity peculiar to the Violet. Extremely free-flowering, a single plant producing hundreds of flowers through the season. Price, 10 cents each; three for 25 cents.

Vinca Variegata

Vinca Major Variegata.

A beautiful variegated trailing plant, admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy-white; flowers blue. Price, small plants, suitable for hanging baskets, 5 cents each, twelve for 50 cents; larger plants, 15 cents each, four for 50 cents; extra large, for vases, 25 cents each, three for 50 cents.

Mammoth Verbena.

Mammoth Verbenas

The Verbena is one of the prettiest and most popular of all flowering plants, suitable for forming beds on the lawn. Commences to flower and spread from the first day plants are set until late in autumn, every day becoming better and more handsome. Colors range through all the different shades of scarlet, purple, blue, white, etc. Price, 6 cents each; 60 cents per dozen; twenty-five for \$1.00.

The Water Hyacinth.

The Water Hyacinth

The Most Odd, Beautiful and Valuable Plant for Easy Growth.

It forms a lovely rosette of its curious shining green leaves, and throws up spikes of the most exquisite flowers imaginable, resembling in form a spike of Hyacinth bloom, but as beautiful as many of the choicest and most costly Orchids. Each flower is about as large as a silver dollar, in color a beautiful lilac-rose, sparkling as if covered with diamond dust. The upper petal, which is the largest, has a metallic-blue blotch in the center, and in the center of that a small, deep golden-yellow spot. In the windows the most beautiful effect is produced by using a glass vessel of some sort, with shells and white sand so arranged as to conceal a small amount of soil. In summer it can be grown in the yards in a pool or tub of soil, and about three inches of water. Price, 15 cents each; two for 25 cents.

Slug-Shot Kills Bugs

A cheap powder destructive to insects that are injurious to house plants, trees, shrubs, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880 with safety to man, beast and fowl. Put up in perforated cartons and screw-top canisters, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your Rose bushes, we recommend you to try this. It does the work quickly and thoroughly. Price, by mail: Canisters (1 lb.), 40 cents each; Cartons (1 lb. paper box), 30 cents each. Price, by express: Canisters, 25 cents each; Cartons, 15 cents each; 5-lb. packages, 40 cents each.

Peonies as They Grow in the Field.

HARDY PEONIES

This family is one of the most important in existence, and the more they become known the greater will be the demand. All perfectly hardy, and will luxuriate in almost any soil. Forming most attractive objects during May and June.

Standard Varieties of Double Peonies

ACHILLE—Fine, large five-inch bloom, very floriferous, opens light flesh-colored pink, finishing blush-white, with an occasional creamy spot; somewhat resembling an immense Carnation; an excellent variety for all purposes. Price, 25c each.

ANDRE LAURIES—Rosy-red; very free late bloomer; an old well-known variety, considered very useful, probably the most widely planted of any Peony. Price, 25 cents each.

DUKE OF WELLINGTON—Two rows of large, broad, guard petals of pure snow-white. Center of flower sulphur-white. The flower is of enormous size. Our three-year plants will measure eight inches. It is pyramidal in shape. A flower you will never forget. Price, 35 cents.

DUCHESSE DE NEMOURS—Superb cup-shaped; sulphur-white flowers, fading to pure white. In all Peonies there is nothing so exquisitely chaste and beautiful as this variety in the half open bud state; excels as a cut flower. Don't omit it. Late. Price, 35 cents each.

EDULIS SUPERBA—Beautiful brilliant pink, with silver reflex; large, well-formed full flower on strong stem; blooms early with Festiva Maxima, and is a good sort to plant with that variety. Price, 25 cents each.

HUMEI—Very large, compact and striking cherry-pink flower; among the very best, highly cinnamon-scented; graceful in habit and grown very largely for cut flowers and valuable for landscape work. Price, 25 cents each.

LADY LEONORA BRAMWELL—Late midseason; compact, vigorous habit, color delicate silvery-pink, shaded with lilac and chamomile; three nanken petals tipped with crimson at the center; fine bud. Largely grown for cut flowers. Exceedingly fragrant, in fact, the most fragrant of all Peonies. Rare and fine. Price, 35 cents each.

L'ECLITANTE—Flowers large and full, deep carmine, tinged with velvety-crimson; very beautiful. Price, 30 cents each.

NE PLUS ULTRA—Rose type; early midseason. This variety, when well established, is an extremely showy and pretty flower. Color light violet-rose with silvery reflex, central petals overlaid with salmon-pink. A vigorous, strong growing and very desirable Peony. Price, 30 cents each.

QUEEN VICTORIA—Large, full, compact bloom; opens flesh-white, changing to pure white; center petals tipped with carmine spots; a grand white Peony for any purpose. More of this is being planted for cut flowers than any other variety. Price, 25 cents each.

SPECIAL OFFER—This entire set of ten standard varieties of Peonies for \$2.50.

SUPERB NEW AND RARE Double Herbaceous Peonies

COURONNE D'OR (Calot) (Crown of Gold)—Immense, very full ball-shaped bloom; pure snow-white, with yellow reflex; carmine edges on some center petals; grand. Price, 50c each.

FLORAL TREASURE—Very large and full; clear pink, shading to lighter at center; a splendid hemisphere of fragrance; long, strong stems to uphold the big bloom, sometimes six inches across; very vigorous and floriferous. Price, 50c each.

FELIX CROUSSE—A rich, even, brilliant ruby-red, exceptionally fiery, bright and effective; very large, full bell-shaped bloom. We place this in the front rank of all red Peonies—nothing like it in color. Price, 50 cents each.

FESTIVA MAXIMA—This is not only the finest white in existence, but in most quarters it is regarded as the queen of all the Peonies. It combines enormous size, with wondrous beauty, often seven to eight inches in diameter; color snow-white, flecked with an occasional clear purple spot on edge of center petals; in addition, it is very fragrant; a glorious flower impossible to describe; magnificent. Price, 40 cents each.

MONSIEUR KRELAGE—Deep currant-red with amaranthine center. The French growers evidently spilled their paint pot after producing this superb variety as there is nothing in Peonies of its color. Large, flat flowers as big as a plate, perfect in outline, grand in every way. Price, 40c each.

MADAME FOREL—Rose type; late midseason. Enormous, very full louble bloom; color glossy, deep pink with a silvery reflex. Price, 40 cents each.

MADemoiselle LEONIE CALOT—This is one of the grandest of Peonies, a tall grower, and is such a free bloomer that it completely hides the plant; the coloring is so refined as to instantly arrest attention, being a delicate rose-white with soft lilac-pink center, and numerous dots of faint, Heliotrope-pink. Price, 50 cents each.

MARIE STUART—Large bloom, coming in clusters; outer petals soft pink, center pink and sulphur-white; very chaste bloom. This is a variety that pleases everybody. Price, 40 cents each.

SPECIAL OFFER—We will send one each of these eight new and rare Peonies for \$3.25.

Beautiful Double Herbaceous Peonies

The Old-fashioned Peonies of Our Grandmother's Garden.

The three varieties, *Officinalis Rosea*, *Officinalis Rubra* and *Officinalis Alba*, which commonly make up this section in the Peony family, represent the best in free early flowering and reliable kinds.

OFFICINALIS ROSEA—Deep cerise-pink; very striking. Price, 25 cents each.

OFFICINALIS ALBA—Pure white; large and full flower. Very popular for cemetery planting. Price, 25 cents each.

OFFICINALIS RUBRA—Deep crimson; excellent for early cut flowers. Very effective. Price, 25 cents each.

SPECIAL OFFER—The above three Peonies in strong roots for 60 cents postpaid.

SUMMER FLOWERING BULBS

GLADIOLUS

THE TWENTIETH CENTURY FLOWER

OF surpassing beauty as a single flower, charming in masses and ideal for planting against shrubbery, are qualities which make it invaluable for elaborate grounds. The Gladiolus is of such easy culture and so inexpensive that it may be given a place in the humblest garden. Plant in full exposure to the sun, in any well-enriched garden soil, avoiding contact with manure, which should never be fresh; in fact, it is better to thoroughly manure the soil in the fall and resapse in the spring. When soil is stiff clay, fill the drill with sandy loam; water when necessary during the early stages of growth and again when buds show color. Here in Ohio we plant from the middle of April to the middle of May, and with all sections and sizes bloom is continuous from the end of July until frost.

OUR COLLECTION OF TWELVE NAMED GLADIOLI

Price, 8 cents each; the set of Twelve for 75 cents, postpaid.

Here are twelve sorts, tested and tried, giving a wide range of color and markings, which we will send for 75 cents, postpaid. They will surely give satisfaction.

AUGUSTA—Lovely pure white with blue anthers. Strong spike, often having two or three branches.

BRENCHLEYENSIS—Vermilion-scarlet; an old variety, but much planted on account of brilliant color.

CERES—Pure white, streaked and spotted lilac.

ISAAC BUCHANAN—Fine yellow; one of the best.

JESSIE—Fine velvety-red; long spikes of flowers.

KLONDYKE—A clear yellow, with a vivid crimson-maroon blotch in the throat; a splendid free grower.

MME. MONNERET—Delicate rose, with white stripe in center of each petal, carmine blotch on salmon ground.

MARIE LEMOINE—Long spikes of well-expanded flowers, upper division of a pale creamy color, flushed salmon-lilac; the lower divisions spotted purplish-violet, bordered deep yellow. Hardy.

MAY—Makes a large spike of well-expanded flowers, much like that famous old variety Eugene Scribe. White, edge of petals delicately touched with pink, and two lower petals penciled with a peculiar light brown.

MRS. FRANCIS KING—A new variety that is praised by all who have seen it. The flowers are large, in good sized spikes, with fine strong stems for cutting. Color a pleasing shade of light scarlet.

MRS. BEECHER—Beautiful deep rosy-crimson. Large, well opened flower, with white throat, freely marked.

TACONIC—Bright lively pink, flecked and striped with shades of the same color, the petals lightening to the faintest blush in the throat. The markings on the lower petals are deep crimson, running into a thin stripe of pale lemon-yellow.

Vase of Cut Blooms of Gladioli.

SIX EXTRA FINE NEW and RARE GLADIOLI OF EXTRAORDINARY MERIT

Price, 15 cents each; the six varieties for 75 cents.

AMERICA—Conceded to be one of the finest varieties for cutting or bedding ever sent out; color a beautiful soft flesh-pink; Orchid-like in its coloring and texture; growth and habit perfect.

GLORY—Enormous flower and perfect form, making an elegant spike. Salmon, light shaded inside. Superb.

LE PACTOLE—An elegant flower of rich cream-yellow, blotched with maroon; one of the best of the Lemoinei hybrids.

MRS. SCOTT DURAND—A beautiful rich scarlet-crimson, finely blotched with mahogany. Flowers are large, of good form and correctly placed on heavy straight spike.

PROPHETESSE—Large, round, pearly-white blooms with a conspicuous crimson throat. Healthy grower and early bloomer.

PINK BEAUTY—Fine dark rose with velvet blotch; very attractive color in artificial light. We strongly recommend this variety as one of the best for decoration purposes.

Our Superfine Mixture of Select Gladioli

It contains only kinds of proved merit and high quality. The most critical grower can wish for no better value. In the preparation of this mixture over 75 varieties are being used, every desirable variety known is represented. The flowers are of the largest size in their respective types, the spikes are of correct form, with plants of vigor and vitality.

Superb pink, red, scarlet, crimson, cerise, blues, tints of lilac, light and yellow shades are a part of this mixture. Undoubtedly this mixture is superior to any other in the value it gives. It has been prepared especially to provide the amateur with a typical collection of the modern Gladioli.

We recommend a free and liberal planting. They are so good and so cheap that we know the bulbs will give a magnificent return, while the spikes of bloom are always in demand as cut flowers. Price, 4c each; 12 for 40c; \$2.50 per 100.

SPECIAL OFFER For 20 cents we will send one bulb each of the meritorious Gladioli AMERICA, AUGUSTA and MRS. FRANCIS KING, peers in their respective types. Try them and they will not disappoint you.

Dwarf Excelsior Pearl

TUBEROSES

A splendid variety; greatly superior to the common Pearl; grows about eighteen inches high, blooms very early, matures perfectly; flowers pure white, large size, very double and intensely sweet. The Tuberose is noted for its delicate beauty and exquisite fragrance, rivaling orange blossoms in sweetness. The flowers are pure white, very wax-like and double, and are borne on stems two to three feet high. Tuberose will not bear much cold. Do not plant in the spring till the ground is warm. Price, fine extra large, well-ripened bulbs, all sure to bloom, 5 cents each; six for 25 cents.

Gloxinia

The coloring is exquisite—the ground of many pure white, with throats of blue, scarlet-rose, crimson or velvety purple; or the tubes are of a bright color, with white throat. The bulbs should be started in a warm place, and kept growing in a partially shaded place, protected from hard rains. They will bloom until late in summer, when they should be dried off, letting the leaves die, and can be kept over winter in a cellar free from frost. Dry bulbs in mixture, price, 10 cents each; three for 25 cents; eight for 50 cents.

Gloxinia.

Montbretias

The Jerusalem Lily

One of the brightest and best of summer flowering bulbs, and one which will be more generally used when its merits become more fully known. Plant in clumps of six to twelve bulbs in May or June. They greatly resemble the Gladioli in growth, and produce beautiful spikes of star-shaped flowers in various shades of orange, yellow and red. Mixed varieties, 3 for 10 cents; 30 cents per dozen; 100 for \$2.00, postpaid.

Tigridia.

SUMMER-FLOWERING OXALIS

They are very effective in masses or beds, and are particularly valuable for edgings. The bulbs, when planted three inches apart, produce an unbroken row of elegant foliage and pretty flowers. The bulbs, which are planted the first of May, or earlier, will flower by the first of June, and will furnish a neat and attractive border the whole season. They are also very beautiful grown in hanging baskets.

LASIANDRIA—Beautifully cut foliage and rosy-pink flower.

DIEPPA—Beautiful clover-like foliage, pure snow-white flowers.

PURPUREA—Fine shade of purple.

FINE LARGE BULBS—ANY OF THESE KINDS, 20 CENTS PER DOZEN; THREE DOZEN FOR 50 CENTS.

TIGRIDIAS (Tiger, or Shell Flower)

These gorgeous summer-flowering bulbs look well associated with Gladioli, Lilies and kindred stock; grow about one and one-half feet high, and flower freely throughout the summer. They require the same treatment as Gladioli, and should be lifted in autumn and dried off in the same way.

ALBA IMMACULATA—Pure snow white.

CONCHIFLORA—Golden-yellow, spotted crimson.

LILACEA—Light lilac-red; free flowering.

SPECIOSA—Large scarlet flower.

ROSEA—Rose-pink with yellow variegated center.

PRICE, 5 CENTS EACH; 50 CENTS PER DOZEN.

AMARYLLIS

Valuable alike for house, conservatory or garden. For pot culture they should be well drained and potted in soil composed of leaf mould and light loam, although they grow well in any rich soil.

AMARYLLIS ATAMASCO, The Beautiful Fairy Lily—Stems about a foot high, flowers very large, sweet-scented. Perfectly hardy south of Baltimore; can be left in open ground over winter. In Northern states bulbs should be lifted in October and stored in cellar over winter, like Gladioli, or can be planted in pots. Beautiful plants either for summer or winter. Price, 10 cents each; six for 50 cents.

BELLADONNA—A fall blooming sort with beautiful shell-pink flowers, on stems eighteen to twenty-four inches high. They are exceedingly fragrant and very free of bloom. Price, 25 cents each.

FORMOSSISSIMA (Jacobean Lily)—Crimson-velvet color, flowering early in the summer. Price, 15 cents each; two for 25 cents.

JOHNSONII—A strong growing sort with brilliant red flowers five inches in diameter, with a distinct white stripe in the center of each petal; very fragrant. Price, 30 cents each.

CRINUM

This is a fine genus of bulbous plants, growing from a foot and a half to three feet high. Flowers are large, produced freely in umbels, sweet-scented and of pleasing colors. They should be potted in rich loam, and require a warm temperature with an abundance of water every day, and an extra soaking of liquid manure about once a week.

CRINUM POWELLI—Beautiful dark rose color.

CRINUM POWELLI ALBUM—Pure snow-white.

PRICE, 75 CENTS EACH; TWO FOR \$1.25.

SELECTED DAHLIAS

MILLIONS of them are being planted in American gardens annually. They are without peer as the great summer and fall bloomers. We may safely say that perfection has been attained with this splendid flower. The Dahlia succeeds best in a strong loamy soil, and if the soil around the plants is mulched with coarse manure it will assist them very much during the heat of the summer. Plants should be set about four feet apart.

NOTE—All Dahlias are supplied in strong, divided field-grown roots. In some cases the demand for certain varieties exhausts our supply of roots, after which we send out growing plants which give equally good results.

Show and Fancy Dahlias

Price, 15 cents each; four for 50 cents.

Show and Fancy Dahlias include all the globular-shaped flowers, and are now classed under one head by our New England Dahlia Society as all show Dahlias. Following are the best varieties in this class.

ARABELLA—Very fine form. Color pale primrose, tipped and shaded old rose and lavender.

CAMELIAFLORA—Snow-white; extra fine flower.

CRIMSON GLOBE—Bright crimson. A beauty.

DUCHESS OF CAMBRIDGE—Base of petals white, suffused pink, heavily tipped dark crimson.

FRANK SMITH—Dark maroon, tipped pinkish white. Very striking.

MRS. GLADSTONE—A magnificent variety, bearing freely; perfect flowers of lovely soft pink.

MARY D. HALLOCK—Pure yellow; very showy.

RED HUSSAR—Intense scarlet; very large and fine, either for exhibition or as a cut flower.

WHITE SWAN—Pure white, very free, fine for cutting.

Decorative Varieties

This class and type of Dahlias is fast coming to the front, and will soon out rival the Cactus Dahlia. The flowers are large and flat with long, broad, loosely formed petals. The plants are very robust in growth and produce flowers freely, and cannot be equalled for the garden, or for decoration and exhibition purposes.

Price, 15 cents each; any four for 50 cents.

CLIFFORD W. BRUTON—A fine, bright yellow.

CATHERINE DUER—Cherry-scarlet, overlaid with crimson, darker at center; its iridescence is unique and very striking, winning much favor as a cut flower variety.

HENRY PATRICK—Large pure white.

LYNDHURST HENRY—Glowing scarlet, best for cutting.

SYLVIA—Flowers four to six inches in diameter; of fine form and full to the center, which is white, shaded to soft pink on the outer petals.

WILLIAM AGNEW—Best red ever introduced, of intense glistening scarlet-crimson; immense size, perfect form, and always a mass of color. Very effective for all purposes.

Cactus Varieties

Cactus Dahlias are at present the most popular group of all the Dahlia family. They have long, twisted and narrow petals of most beautiful colors, blended together in the most exquisite manner possible.

Price, 15 cents each; any four for 50 cents.

AURORA—A beautiful reddish-apricot suffused with flesh-pink, shading lighter to the tips.

BLANCHE KEITH—Extra large flower, bright yellow.

COUNTRESS OF LONSDALE—Extremely profuse bloomer; one of the very best. A pleasing blending of amber and salmon-pink.

FLORA—Large white, very showy.

FRITZ SEVERN—Deep rose-pink, white at base.

HARBOR LIGHT—Most attractive. Vivid orange-red, overlaid with flame color. Very free.

STANDARD BEARER—Brightest scarlet. Plant dwarf, of branching habit; extremely profuse bloomer, bearing the flowers well above the foliage.

STRAHLEIN KRONE—Intense cardinal-red, rich and glowing. A very early and profuse bloomer.

Decorative Dahlia, Sylvia.

Mary D. Hallock.

Wm. Agnew.

GRAND GIANT DAHLIAS

The sorts here offered are, without exception, the largest and most perfect double-flowering Dahlias now grown, flowers of all of them attaining a size of between five and six inches across under ordinary cultivation. Price, 20c each; any six for \$1.00.

CUBAN GIANT—Flowers 6 to 7 inches in diameter; dark, glowing crimson shaded maroon; tall, strong grower with projecting flower stems.

GRAND DUKE ALEXIS—The flowers are of the largest size known in Dahlias, being 18 inches in circumference, and of most beautiful form, petals being rolled up so that they overlap each other. Color pure snow-white, slightly tinged with delicate pink at center.

JACK ROSE—Brilliant crimson-red, similar in shade to the popular "Jack" Rose, which suggested its name; perfect for garden decoration or for cutting.

MME. ALFRED MOREAU—The most perfect large pure mauve-pink; a splendid flower.

MME. VAN DEN DAELE—A charming soft rose with deeper markings, shading to white in the center; a beautiful sort for cutting.

MRS. ROOSEVELT—Of immense size and remarkably free flowering; color a delicate silvery-rose, which is very attractive when cut.

QUEEN VICTORIA—Deep yellow, finely quilled. Flowers are of entirely distinct shape, globular in form, somewhat quilled. Extremely profuse bloomer on long stems, flowers being cut in sprays.

YELLOW COLOSSE—Flowers of very large size, of perfect form, pure primrose-yellow; the best of its color and valuable for all purposes.

Pompon or Bouquet Dahlias

Price, 15 cents each, four for 50 cents.

Flowers small, of the most perfect shape; very useful for cut flowers.

CATHERINE—Purest yellow, large for its class.

INDIAN CHIEF—Deep crimson.

MARS—Bright scarlet.

SNOWLAD—Pure white, extra fine for floral work.

Cactus Dahlia, Jack Rose.

HARDY PERENNIAL PLANTS, ROOTS AND BULBS FOR PERMANENT PLANTING IN BORDERS OR BEDS

New Achillea, The Pearl.

ACHILLEA—THE PEARL

It commences to bloom early in July, is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers. Price, 10c each; 3 for 25c.

UNDER this class is included all hardy plants, the foliage of which dies to the ground each winter. Every spring a new and stronger growth may be expected. Until hardy plants come into general use we cannot hope for artistic, interesting and beautiful gardens in this country. The charm of a garden of hardy plants rests in the constant change and successional variety, which, from spring until fall, develops new interest, and enables the possessor each day to find some new feature of form and beauty. Let the gardens be well and thoroughly stocked with all forms of hardy plants, combined with the finer forms of flowering shrubs, and our gardens will gratify our desires and charm the senses. The range of selection among hardy plants has gradually broadened until now the purchaser with judicious choice may stock the garden with plants which afford flowers in succession from early spring until late fall, and in such profusion that one can "cut and come again" throughout the entire season.

AQUILEGIA OR COLUMBINE

New, large-flowering hybrids. The flowers of this new strain are greatly enlarged, and the range of colors and shades has been increased. They, of course, are hardy perennials, luxuriating in the moister situations in the garden, where they form permanent clumps, growing from one and one-half to two feet high. The large, unique, long spurred flowers, gracefully hung on long stems, are not only brilliantly effective on the plant, but equally desirable when cut for vase and house decoration. Price, 15 cents each; six distinct sorts for 75 cents.

ASCLEPIAS TUBEROSA

(Butterfly Flower.) A beautiful hardy native plant. Flowers brilliant orange-red, on stems two feet high, each producing several heads of flowers. It is one of the showiest of our autumn flowers, and should be planted largely. Price, 10 cents each; three for 25 cents.

ASTERS

(Michaelmas Daisies.) Bloom all summer in great profusion. **NOVAE ANGLIAE**—Its deep bluish-purple flowers make a charming show after many fall plants have succumbed to the cold. Price, 10 cents each; three for 25 cents.

TARTARICUS—Blooms in the fall with the Golden Rod, and makes a beautiful sight. The Tartarica is a very distinct species from Asia, has large leaves and sends up a stem six to seven feet high and covered with huge panicles of light purple flowers. 10c each, three for 25c.

BAPTISIA (False Indigo)

(Australis.) A strong-growing plant, about two feet high; suitable either for the border or wild-garden, with dark green, deeply cut foliage, and spikes of dark blue flowers in June and July. Price, 15c each; two for 25c.

New Double White Anemone Whirlwind

A beautiful semi-double form of the autumn-blooming White Anemone. Strong growth and healthy foliage and free bloomer. The flowers are two and one-half to three inches across, with several rows of large white petals; very durable, lasting much longer than those of a single variety. One of the finest hardy plants for cemetery planting, and excellent for cut flowers. Price, 10 cents each, three for 25 cents.

QUEEN CHARLOTTE

A grand new variety of Anemones, with large semi-double, delicate pink flowers two to three inches in diameter, on upright stalks two to two and one-half feet high; perfectly hardy. It blooms in September. Price, 10 cents each, three for 25c.

CAMPANULA, Canterbury Bells

Grand old class of garden biennials so well known as to scarcely need description. Their immense heads of bell-shaped flowers during early summer are known to everybody. Nothing is quite so showy as these among hardy plants. Come in several colors, including blue, white, pink, Nice roots, for immediate flowering, 15c; 2 for 25c.

Coreopsis Lanceolata Grandiflora

The perfect strain of a long popular hardy plant. Flowers are rich golden-yellow, borne in great profusion nearly the entire summer. 10c each.

DELPHINIUM

(Hardy Larkspur.)

The Hardy Larkspur is one of the most important and most satisfactory plants in the herbaceous garden. Their long spikes of flowers are produced continuously from June until late in the fall if the precaution is taken to remove the flower stems before they can produce seed.

FORMOSUM

—Probably the best known and most popular of the Larkspurs, producing long spikes of deep

blue flowers with white eye; one of the best. Price, 15c each; 2 for 25c.

ALBUM—A pure white form of the above. Price, 10c, three for 25c.

DIGITALIS

(Foxglove—Gloxiniaeflora)

These are among the most satisfactory of our early summer-flowering hardy perennials, succeeding under almost all conditions, and with but trifling attention will give a wealth of flowers during July and August. The *Gloxiniaeflora* varieties have been used extensively, with very good effect, in a number of our larger public parks for naturalizing in shrubberies and other semi-shady situations. This strain embraces a wide range of color from pure white to deep pink. Price, 15 cents each; two for 25 cents.

Hardy Larkspur.

Foxglove.

Bleeding Heart.

DIELYTRA SPECTABILIS (Bleeding Heart)

These pretty spring bloomers, with their graceful, drooping sprays of heart-shaped pink and white flowers, are very ornamental and bloom freely early in the season. The plants, being hardy, increase in size and bloom from year to year; large clumps. Price, 20 cents each; three for 50 cents.

EULALIA OR JAPANESE GRASS

These beautiful hardy grasses are deserving of the highest commendation. For the lawn they are invaluable, being very showy and ornamental and of easy cultivation. They form large clumps five to seven feet high and are perfectly hardy in all parts of the country. Price, 15 cents each, or one of each variety, 35 cents.

GRACILIS UNIVITTATA—An extremely graceful and beautiful hardy plant, with narrow green leaves and silvery-white midrib. Nothing is more beautiful than a well developed clump of this variety; can be grown in any soil. Price, 15 cents each; three for 35 cents.

JAPONICA ZEBRINA—The most distinct and showy of all the Eulalias; the variegation of the foliage is entirely different from that of any other plant, being evenly striped crosswise with broad bands of golden-yellow. Perfectly hardy, a sturdy grower, increasing in size and beauty from year to year; a plant that has been established two or three years often producing fifty to one hundred of its beautiful large plumes. Price, 15 cents each; three for 35 cents.

JAPONICA VARIEGATA—A favorite ornamental plant, having long, narrow leaves, striped with white and green. Price, 15c each; three for 35c.

Eulalia Japonica Zebrina.

Dianthus.

DIANTHUS BARBATUS (Sweet William)

The Sweet William is a fine old plant which produces great masses of bloom of extremely rich and varied colors. The flowers are very lasting and fine for cutting. The plants offered are grown from the finest strain to be obtained in England, where hardy plants are universally grown and where new and improved varieties are constantly being produced. Good strong plants, 15 cents each; four for 50 cents.

Gaillardia Grandiflora.

GAILLARDIA GRANDIFLORA
(Blanket Flower.)

Flowers large, brightly colored and of perfect form. Blooms from June till October or November. Center of flower deep maroon, with petals of orange, crimson and red, shaded into rings of color. Grows two feet high; one of the best for cutting. Price, 15 cents each; two for 25 cents.

HEMEROCALLIS FLAVA (Lemon Lily)

Few plants present a more striking appearance on the lawn or border than a large clump of this clear lemon-colored Lily, which is produced in the greatest profusion, lasting in flower a long time. Price, 15 cents each; four for 50 cents.

Funkia Cordata Alba.

FUNKIAS (Day Lilies)

PARISIENSIS—Large, showy, deep purple, delicately penciled white.

A NOVELTY IN GERMAN IRIS

PALLIDA DALMATICA—One of the finest of the Germania type, of strong, vigorous habit, growing in good soil four feet high, with exceptionally large fragrant flowers, standards lavender, falls lavender shaded blue; exquisite in every way and fine for massing. Price, 15c each; four for 50c.

HARDY GARDEN HELIOTROPE

A greatly improved form. The size of the foliage and its quality are doubled; the habit of the plant is made compact and bushy; the size of the lavender-blue flowers is magnified beyond belief, specimen heads measuring ten to fifteen inches across. Price, 10 cents each; three for 25 cents.

Lily Auratum.

Lilium Longiflorum.

Lychnis.

Five Best Hardy Lilies for Summer Blooming

One each of these five grand Lilies for 80 cents.

AURATUM—(The Golden Rayed Lily.) This grand summer-flowering sort is now considered Queen of Lilies. It produces its handsome richly colored flowers in large clusters, as shown in the illustration, and blooms profusely from June to October. When expanded, flowers measure from eight to ten inches in diameter; are composed of six pure white petals, each of which is distinctly striped the whole length with a clear yellow-golden band and thickly studded with crimson spots. Gracefully formed, deliciously fragrant. Large, sound bulbs, imported direct from Japan, price, 30 cents each; three for 75 cents.

SPECIOSUM ALBUM—Among the showiest of all Lilies and perhaps the most robust and the most radiantly beautiful. Very fragrant and hardy, with broad, flat stems and immense heads of flowers—often fifty flowers in a cluster. No garden complete without some. Price, 25 cents each; three for 65 cents.

LONGIFLORUM—Bermuda grown. Widely used for forcing for Easter holidays. Its flowers have more substance and last longer in bloom than the Bermuda Lily. Quite hardy and beautiful in the open ground, blooming in June and July. Flowers snow-white and trumpet-shaped; very fragrant. Price, 20 cents each; three for 50 cents.

DOUBLE TIGER—(Tigrinum Fl. Pl.) This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large, frequently six inches across, and very double; color deep fiery-red, spotted with black. Price, 15 cents each; three for 40 cents.

SPECIOSUM RUBRUM—One of the most popular and satisfactory of all Lilies; is considered by many as the finest of all Lilies. Flowers are bright crimson and white spotted. Splendid large flowers, borne in clusters; stem two to three feet. Price, 25 cents each; three for 65 cents.

PLATYCODON (Chinese Bell Flower)

GRANDIFLORUM—Blossoms constantly from July until late in September; flowers large, bell-shaped, of a deep shade of blue. An extremely rapid-growing plant; will do well in any ordinary garden soil. Perfectly hardy, making a dense branching bush two to three feet high. Price, 10 cents each; three for 25 cents.

ALBUM—Pure white flowers. Price, 10c each; three for 25c.

LYCHNIS (Lamp Flower)

Lychnis Chalcedonica—Heart-lobed stars of brightest vermillion arranged in large flat panicles, make this variety as showy as a Geranium, and an excellent cutting sort. Price, 10 cents each; three for 25 cents.

SALVIA PRAETENSIS (Meadow Sage)

A strong growing hardy plant of upright habit; valuable as a background to more dwarf perennials in beds or for grouping in mixed borders. Flowers deep blue. Price, 15 cents each; two for 25 cents.

Lily Speciosum Rubrum.

Lily of the Valley.

LILY OF THE VALLEY

Forced in immense quantities for cut flower work by florists as they are useful in so many different combinations, but their main hold upon the affections of plant lovers is their hardiness and humility. The Lily of the Valley will thrive in any kind of soil and throw up its beautiful, modest, fragrant white bells in the out-of-the-way nooks, the shady spots, the neglected corners, where bolder and more ambitious flowers would scorn to bloom. Will also adapt itself to pot culture in winter, its delicate permeating fragrance making it especially desirable. Price, 5 cents each; 40 cents per dozen; \$3.00 per hundred.

STOKESIA CYANEA or Cornflower Aster

Grows eighteen to twenty-four inches high, flowers lavender-blue; four to five inches in diameter, borne from June to October. Price, 15 cents each; two for 25 cents.

YUCCA FILAMENTOSA

Adam's Needle—A tropical-looking plant; long, narrow leaves that remain green the entire year. It throws up a long flower stem in the summer three or four feet high, bearing large spikes of creamy-white, bell-shaped flowers that retain their beauty for a long time. Price, 15 cents each; two for 25 cents.

Yucca Filamentosa.

RUDBECKIA

(Golden Glow)

The grandest Hardy Perennial introduced in years. Grows five to seven feet and flowers from early summer until frost. Flowers are produced on long stems in enormous quantities and resemble golden - yellow Cactus Dahlias. Price, 15 cents each; two for 25 cents.

OUR GARDEN COLLECTION OF HARDY PHLOX

The plants we will send you are strong one-year field-grown roots, and will bloom profusely the first season. Among hardy perennial plants no class is of more importance than the Phloxes, succeeding in almost any position and flowering from early in summer until late in fall. They also improve from year to year, require little care and contain a range of color not found in any other hardy plant.

Prize Collection of HARDY PHLOX

Price, 10 cents each; six for 50 cents; fourteen for \$1.00.

- ATHIS**—Deep clear salmon. Some claim this to be the showiest variety in cultivation.
- BEAUTY**—Bright lavender-rose, with large, deep red eye; extra fine.
- BERANGER**—Ground color white, delicately suffused with rosy-pink and distinct amaranth-red eye; very dainty.
- BRIDESMAID**—Pure white, with large crimson eye.
- COQUELICOT**—Medium. A pure orange-scarlet, with crimson eye. The finest and brightest standard red.
- ECLAIREUR**—Medium. Brilliant rosy-magenta, with large, lighter halo; enormous florets. An excellent variety.
- INDEPENDENCE**—An excellent large-flowering early white; none better. An exceptional variety. Blooms all summer.
- LA VOGUE**—Pure mauve, with aniline-red eye.
- LA PERLE DU NORD**—Pure white; large, deep, distinct red eye; extra fine.
- MME. P. LANGIER**—Most popular red. Vivid crimson, darker eye. Makes a magnificent display when planted in rows or masses.
- MISS LINGARD**—Longest spikes of any Phlox, blooms from the ground up. Waxy white, with lavender eye.
- NIOBE**—The deepest, darkest, richest colored of all Phlox—velvety violet-red with crimson hues; grand trusses.
- PANTHEON**—Medium large, clear, bright pink.
- R. P. STRUTHERS**—Showy in the extreme; a bright, clear cherry-red, with distinct claret eye. Produces a mass of color.
- SNOWFLAKE**—Purest white, individual flowers very large.

Phlox.

Shasta Daisy.

Tritoma Pfizerii

A grand improvement on *Tritoma Uvaria Grandiflora*. The flower spikes, which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently four and one-half feet high, with heads of bloom over twelve inches long, of a rich orange-scarlet, shading to salmon-rose on the edge; a first-class acquisition. Price, 15 cents each; four for 50 cents.

Tritoma Pfizerii.

SAGE, HOLT'S MAMMOTH

A hardy perennial. One of the most extensively used herbs for seasoning. Cut the leaves and tender shoots just as the plant is coming into flower, and dry quickly in the shade. A variety of unusual substance, strong flavor and superior quality. Price, 10 cents each; three for 25 cents.

SHASTA DAISY

In growth the plants are as strong as a common field Daisy, very tall, well branched, with fine cut foliage and huge white flowers borne in profusion on long stiff stems. The flowers are pure white with gold center, petals very long and center soft and velvety. It is a very pretty hardy plant and one of the novelties that has come to stay. Price, 10 cents each; three for 25 cents.

HARDY ORNAMENTAL CLIMBING VINES

AKEBIA QUINATA

A fast grower, perfectly hardy, and one of the most gracefully hardy climbers with a deep green foliage, producing in large clusters, bunches of violet-brown flowers, which have a pleasant cinnamon odor. Fine for covering trellises and verandas. Strong plants, from four-inch pots, 25 cents each.

KUDZU VINE

Pueraria Thunbergiana—A twining vine of remarkable rapid growth, attaining a length forty to fifty feet in one season from established roots which are hardy, though the vine dies down every winter in the North. Foliage large and lobed, purple, pea-shaped flowers in clusters, borne late in the season. A fine vine for arbors, verandas, etc. Price, 20 cents each; three for 50 cents.

HONEYSUCKLES

The dear old Honeysuckle is never out of place, at the rich man's mansion or the poor man's cottage. For a cheap, hardy, robust yet lovely vine, it is the chief standby.

AUREA RETICULATA—A variety with beautiful variegated foliage; leaves are netted and veined with clear yellow; flowers yellow and fragrant. Price, 10 cents each.

CHINESE EVERGREEN—Blossoms at intervals through the summer and retains its foliage late in winter; flowers nearly white; quite distinct. Price, 10 cents each.

HALL'S JAPAN—This is the most constant bloomer of the class, being literally covered all summer with beautiful yellow and white flowers. Price, 10 cents each.

SCARLET TRUMPET—A strong, rapid grower; blossoms very freely the entire season; bright red trumpet-shaped flowers. Price, 15 cents each.

ONE EACH OF THE FOUR HONEYSUCKLES FOR 40 CENTS

CHINESE WISTARIAS

Flowers in clusters; sometimes gives a second crop of flowers in the fall. This is one of the most popular of our hardy vines, growing very rapidly, climbing to a height of fifty feet or more. It flowers in early spring in long, drooping racemes, resembling in size and shape a bunch of grapes. We can supply two varieties, Blue and White. Price, 20 cents each.

Honeysuckle—Chinese Evergreen.

Hardy Ornamental Climbing Vines

Clematis Jackmani
and Henryi.

Clematis Paniculata.

CLEMATIS PANICULATA

We cannot well say too much in praise of this vine. A clean, thrifty, robust-growing vine of graceful habit, with attractive glossy foliage, covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. No other vine so completely covers itself with flowers. An arbor or portico over which this Clematis is trained is a wall of white for the time being and what makes it the more striking is that nearly all other vines have ceased blooming at that time. Perfectly hardy, grow rapidly. Price, 15 cents each; three for 40 cents. Extra large field-grown plants, 30 cents each; three for 75 cents.

HARDY CLEMATIS

The Clematis we offer this season are exceptionally fine. Many failures in the growing of Clematis are the result of too shallow planting; the crown of the roots should be set at least three inches below the surface of the soil. They delight in a rich, cool soil in an open, sunny position. For covering walls, trellises, or verandas, old trees or ruins, or as specimens on the lawn or for massing in large beds on the lawn, they have scarcely an equal, certainly no superior.

JACKMANI—The flowers, when fully expanded, are from four to six inches in diameter; intense violet-purple, with a rich velvety appearance and distinctly veined. Flowers continuously from July until cut off by frosts. Large two-year-old roots, 40 cents each; three for \$1.00.

HENRYI—Fine, large, creamy-white flowers. A strong grower and very hardy, one of the best of white varieties; a perpetual bloomer. Price, large two-year-old roots, 40c each; three for \$1.00.

MME. EDOUARD ANDRE—Large-flowering red Clematis. A very unique variety, color a beautiful wine-red, large flowers with heavy petals; a fine contrast to the other sorts. Price, large two-year-old roots, 40 cents each; three for \$1.00.

CHINESE CINNAMON VINES

Pride of the Flowery Kingdom. Beautiful Leaves, Dainty Flowers. Exquisite Perfume. Most Desirable Easily Grown Rapid Climber in the World.

This Oriental Gem of the Far East comes to us a marvel of beauty and fragrance. Its rapid growth, abundant foliage and modest, sweet-scented flowers give it supremacy over all foreign and domestic climbers. The handsome, glossy, heart-shaped leaves and clusters of fragrant white flowers make a window, arbor or veranda a perfect bower of beauty. They stand the severest winter, and burst forth in all their beauty and splendor very early in the spring. No one should miss planting this charming vine. Once planted, it will last a lifetime. These vines make a long slender root, which should be planted with small end up. Price of Cinnamon Vine Tubers, or Roots, extra quality, sure to grow, 8 cents each; four for 25 cents.

Chinese Cinnamon Vine.

DUTCHMAN'S PIPE

(*Aristolochia Sipo*)

There is, no better hardy climbing vine for shade or screen purposes. The flowers are brown color, long and pipe-shaped, and the large, heart-shaped, deep green leaves, for which it is most valued, seem never to be troubled with either insects or disease; splendid for archways or verandas. Extra strong, four to five feet long, by express, 50 cents each.

Ampelopsis Veitchii.

AMPELOPSIS VEITCHII (Boston Ivy)

The tendrils of this climbing vine at nearly every point cling firmly to the smoothest surface of rock or wood. The glossy leaves assume in the autumn the most beautiful tints of scarlet and crimson. The handsomest vine possible for growth on house walls, especially the foundation and first story, round the doors and windows. It is quite hardy, but some protection of straw may well be used immediately over the roots in winter. Price, strong roots, 20 cents each; three for 50 cents. Extra heavy roots, 35 cents; two for 60 cents.

AMPELOPSIS QUINQUIFOLIA

(*Virginia Creeper*, or *American Ivy*.) This well known climber is one of the best for covering trees, trellises, arbors, etc.; its large deep green foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. Field-grown plants, 25 cents; extra large plants, 35 cents.

HARDY ORNAMENTAL FLOWERING SHRUBS

Pink Flowering Almond

A branching shrub two to four feet, with broad, lanceolate, bright green leaves. Native of China and Japan. Flowers double, rose color and borne in great profusion in early spring. One of the first shrubs to flower. One of the best of flowering shrubs and highly recommended. Price, 35 cents each.

White Flowering Almond

Same as the pink variety in growth and habit, but bearing white flowers. They should be planted together. Price, 35c each.

Almonds are too large to send by mail; must be sent by express.

Flowering Almond.

CYDONIA JAPONICA (Japanese Quince)

Hardy anywhere. These rank among our choicest shrubs, growing to a height of five or six feet, but they stand the knife well, and with proper pruning may be grown in any form. As a single shrub on the lawn they are very attractive, and for the edges of borders or groups of trees they are specially adapted. Their large, brilliant scarlet flowers are among the first to bloom in the spring, and they appear in great profusion before the leaves are fully developed. Price, 20 cents each; three for 50 cents. Extra large, by express, 35 cents each.

CALYCANTHUS

The well known sweet-scented shrub. It bears in May a profusion of double purple blossoms which have a strong, delicious pineapple fragrance, very popular. Price, 15 cents each; extra large, by express, 30 cents each.

Calycanthus.

Dutchman's Pipe (*Aristolochia Sipo*).

Snowball.

VIBURNUM (The Snowball)

Masses of Snowballs give for spring the same showy effect produced by Hydrangeas in fall. They are all large, hardy, quick-growing shrubs valuable for screens, groups and specimens. The more showy species carry their flowers in balls. Price, 15 cents each; extra large, by express, 35 cents each.

BERBERIS THUNBERGI

For a low, ornamental hedge that will take care of itself so far as pruning is concerned, there is nothing will take the place of *Berberis Thunbergi*. Its graceful and compact habit, bright red leaves and berries in the fall make it one of the most ornamental hedge plants. Set plants in row 18 to 24 inches apart. Any ordinary garden soil will suit it. Price, 15 cents; \$1.50 per dozen. Extra large, by express, 30 cents each; \$20.00 per hundred.

HYDRANGEA ARBORESCENS GRANDIFLORA ALBA OR "HILLS OF SNOW"

THE KING OF ALL SHRUBS

The Most Valuable Hardy Shrub Ever Introduced.

This beautiful hardy American shrub is the finest addition to this class of plants found in many years. The blooms are very large, of pure snow-white color, resembling a little the hardy shrub so well known, the Snowball, in color and make-up, only they are much larger in size and much more striking. One of its most valuable features is its coming into bloom just after the passing of all the early spring shrubs, while its long season of bloom, from early June through August, renders it a valuable plant not only to the florist, but to the owner of every garden. It is perfectly hardy, standing twenty degrees below zero. The form of the panicle is much like the tender varieties of Hydrangeas. Its foliage is of a soft, velvety texture, not nearly as coarse as that of the Hardy Hydrangea Paniculata Grandiflora. This Hydrangea is bound to be the most widely grown and most useful of all in the Hydrangea family. It will be a most valuable plant to everyone buying from this catalogue. Price, nice young plants, strong and healthy, 15c each, or four for 50c. Strong, two-year field-grown plants, 25c each; three years old, by express, 50c each.

DEUTZIAS

DEUTZIA CRENATA FLORA PLENA ROSEA—Four feet in height. Flowers double, of a pure white, beautifully tinged with rose. Price, 15c each. Extra large, by express, 30c each.

DEUTZIA FLORA PLENA ALBA—This elegant variety resembles Deutzia Rosea, except that the flowers are pure white in color. It excels all others in size of flower and bloom. Price, 15c each. Extra large, by express, 30c each.

DEUTZIA LEMOINEI—Without doubt one of the very best dwarf hardy shrubs; flowers very large and produced in cone-shaped heads of purest white, which open out very full. Price, 15 cents each. Extra large, by express, 30 cents each.

Deutzia.

Rhododendron.

RHODODENDRON (Rose Bay)

Through its blooming season in May and June, no shrub in Nature's garden, the world over, can compare with this. In winter the great leathery leaves of the Rhododendrons form rich banks of green, quite different in character and color-tone from the tints of the conifers. They will grow in any good soil, but are finest in a somewhat sheltered situation, where the soil is deep, well drained and mulched with leaves. In not dry weather soak the ground about once a week. A protection of leaves and brush during the winter will be beneficial. The plants we offer are strong and bushy, well set with flower buds, and will flower nicely the first year. Of the best varieties, hardy anywhere with slight protection. We can supply good stock in colors as follows: Blush, Deep Purple, Pink, Red, White and Rosy-Lilac. Price, \$1.00 each; must be sent by express.

Double White Althea.

ALTHEA, or ROSE OF SHARON

Flowers of large size, bell-shaped, double, full, and of brilliant and striking colors, borne in great profusion in August and September; make beautiful ornamental hedges. We offer them in two colors, double rose and double white. Price, 15 cents each; four for 50 cents. Extra large, by express, 25 cents each.

Hydrangea Paniculata Grandiflora.

HYDRANGEA PANICULATA GRANDIFLORA

This is a grand plant, very showy and attractive, lasting in bloom for months. Without question the finest hardy shrub. Grows three to four feet high and is very bushy and compact. Blooms in July, at a time when no other shrub is in flower, and the flowers remain beautiful until destroyed by frost. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal clusters more than a foot long and nearly a foot in diameter. Will bloom same season planted. Strong, one-year field-grown plants, 20 cents; three for 50 cents. Extra large plants, by express, 35 cents.

RED DOGWOOD (Cornus Sibirica)

A valuable shrub when planted singly or in groups or masses, distinguished by its bright colored bark. A strong growing variety, with clusters of large, fine white flowers. It ranks next to the Magnolia among flowering trees. Very conspicuous and ornamental in winter, when the bark is blood-red. Price, 20 cents each; three for 50 cents. Extra large, by express, 30 cents each.
Spirea Van Houtte.

Lilac.

LILACS

It is doubtful if anything in the whole range of flowering shrubs surpasses this in grace and elegance, or in hardiness and usefulness. As a decorative plant on the lawn or in the border it is without a peer, and its pure white, graceful plumes of sweetly fragrant flowers add grace and beauty to bouquets, vases, etc. As a cemetery plant it is without a rival. The varieties we offer are unusually fine. Double, in colors as follows: White and Reddish-Purple. Price, 30 cents each; four for \$1.00.

Spirea Van Houtte.

SPIREAS

VAN HOUTTE—The grandest of all the white Spireas; it is of compact habit and a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white bloom, the foliage hardly showing. Clusters of 20 to 30 white florets make up the raceme, and are set close along the drooping stems. Price, 15c each; extra large, by express, 30c each.

Philadelphus.

PHILADELPHUS

Mock Orange or Syringa

CORONARIUS—A medium-sized shrub bearing an abundance of white, sweet-scented flowers last of May. Price, 15 cents each; extra large, by express, 30 cents each.

WEIGELIAS

Shrubs that bloom in July. Flowers produced in such great profusion as to almost entirely hide the foliage.

CANDIDA—This is the very best of all the white-flowered Weigelas; a strong, upright, erect grower; flowers pure white and produced in great profusion. Price, 15 cents each; extra large, by express, 30 cents each.

ROSEA—One of the most conspicuous shrubs that we cultivate, flowers pink. It is a dwarf grower and admirably adapted to small lawns or gardens. Price, 15 cents each; extra large, by express, 30 cents each.

EVA RATHKE—The finest Weigelia in cultivation. A variety that is at once a remarkably free bloomer, flowering continuously throughout the summer and autumn; of an entirely distinct color, being a rich ruby-carmine, quite different from anything heretofore offered. Price, 15 cents each; extra large, by express, 30 cents each.

Weigelia.

Blue Spirea.

BLUE SPIREA, CARYOPTERIS MASTACANTHUS

—Blue Spirea is a fitting name for this remarkable new hardy plant. It is a sturdy, upright grower, and is extremely floriferous. The dense flower heads are of a rich lavender-blue, a rare color among flowers. Price, 15 cents each; extra large, by express, 30 cents each.

BILLARDI—A narrow, dense shrub five feet high, with dense panicles of rich pink flowers from July on. Price, 15 cents each; extra large, by express, 30 cents each.

NEW CRIMSON SPIREA, ANTHONY WATERER—It outshines all the Spireas in brilliancy of color—a bright crimson. It makes a low, compact bush fifteen to eighteen inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers. Price, 15 cents each; extra large, by express, 30 cents each.

SELECT FLOWER SEEDS

Many of our most beautiful garden flowers are raised from seeds. Considering their ease of culture, the quick results, gorgeous effect and low cost of flower seeds, they should be more extensively employed for garden decoration in this country. In the gardens of Europe immense quantities of flower seeds are utilized, with which an endless variety of happy effects are produced.

All the seeds herein offered are grown for us by the most experienced seedsmen of this country and Europe, and are the best that money can buy. Every ounce of seed we send out is fresh.

GENERAL CULTURAL DIRECTIONS—Most flower seeds germinate well in a fine, sandy loam, partly protected from the sun. Heat and moisture are the two essential points to start life in seeds. A general and fatal error is to start the seed too deep; small seeds should be barely covered with fine earth; large seeds by about half an inch. After sowing, the ground should be watered with a very fine sprinkler, regularly. Many seeds are killed by drought.

Abronia Umbellata.

Antirrhinum.

Anemone.

Agrostemma.

ABRONIA UMBELLATA

A Verbena-like plant, bearing rose-colored, fragrant flowers. Splendidly adapted for rock work and hanging baskets. Price, per packet, 5 cents.

AGROSTEMMA (Rose of Heaven)

An attractive free-flowering hardy perennial of easy culture, producing bright colored flowers on long, slender stems like a single pink; blooms the first season; fine for cutting; one to two feet; mixed varieties. Price, 5 cents per packet.

ANTIRRHINUM (Snapdragon)

Nothing has been more improved in the past few years than the Antirrhinum and they are now very popular and fashionable. Sown in spring they bloom from midsummer until frost. They succeed best in light soil in a sunny position. They are hardy perennials, but can be treated as annuals.

QUEEN VICTORIA—New giant flowered, immense spikes of purest white. Price, 10 cents per packet.

GIANT FLOWERED MIXED—A mixture of the newest varieties, having flower spikes nearly a foot long of most brilliant colors. Price, 5 cents per packet.

ATROROSEA—Old rose, striking and beautiful; double. Price, 8 cents per packet.

SPLENDID MIXTURE—Of the best and finest colors, double sorts. Packet, 5 cents.

ALYSSUM

A favorite little annual, because of its fragrance and abundance of bloom. Sow seed very early in the open ground. Dainty little plants for hanging baskets or small pots. Good for cutting or buttonhole bouquets.

SWEET—Racemes of small white flowers, honey-scented, and never out of bloom. Packet, 5 cents.

LITTLE GEM—An improved variety; much larger flowers, of a pure white, and, if possible, more floriferous than the old Sweet. Packet, 5 cents; half ounce, 20 cents.

ANCHUSA (Cape Forget-me-not)

ITALICA—A rare and little known annual of great beauty which will thrive in a shady, out-of-the-way place, where scarcely anything else will grow. It resembles a large, beautiful Forget-me-not. Color a shade of deep blue. Blooms all summer. Packet, 5 cents.

AMARANTHUS (Joseph's Coat)

These plants afford brilliant contrasts of color, being useful for tall borders and groups, also where foliage effects are desired. The leaves and stems are of different shades of red, blended with green; two to three feet high.

TRICOLOR—A hardy annual with leaves of red, yellow and green; well known as "Joseph's Coat." The colors are especially brilliant if grown in rather poor soil. Packet, 5c.

ACONITUM (Monk's Hood)

A hardy perennial, growing in any good garden soil, producing long spikes of curiously-shaped flowers. Well adapted for planting among shrubbery or in shady corners of the garden. Three to five feet. Mixed species, packet, 5 cents.

BARTONIA (Aurea)

Producing showy golden-yellow flowers, fragrant at night, above its gray and downy thistle-like foliage, which is exceedingly brilliant in the sunshine. It is very easily grown, thrives anywhere; the plants begin to flower early and bloom continuously throughout the summer. Packet, 5 cents.

Large Flowering, Tuberous-Rooted

BEGONIAS

DOUBLE, LARGE FLOWERING, MIXED COLORS—From prize varieties. Price, packet, 15 cents.

SUPERB DOUBLE ASTERS

This beautiful flower is being constantly improved, and is now one of the most desirable and effective of our garden beauties. As a bedder it is beyond description, and large beds of these lovely flowers greet you almost everywhere. Indispensable for cut flowers, fine as pot plants and alike desirable to show at fairs and exhibitions. They are easily grown, very hardy, and offer themselves for use at a time when other garden favorites are gone, and the select strains we offer cannot fail to give satisfaction to the most critical flower lover.

Giant Comet Asters.

GIANT COMET ASTERS

The plants grow about eighteen inches high on long, stiff stalks; bear in abundance their beautiful flowers. These flowers, with their long, twisted petals, strikingly resemble Japanese Chrysanthemums of very large size, larger in fact than those of any other Aster, so that, all in all, they are ideal Asters for cut flowers.

Crimson, packet10c	Peach Colored, packet....10c
Dark Blue, packet10c	Rose, packet10c
Light Blue, packet.....10c	White, packet10c

One packet each of the above six Giant Asters, 50 cents.

GIANT COMET ASTER THE BRIDE—At first pure white, then changing to blush and pink, finally to rosy-red; the plants have all these shades at one time, making a splendid effect.

Price, 10 cents per packet.

GIANT COMET MIXED—Price, 8 cents per packet.

GIANT OSTRICH PLUME

Pure white. This magnificent class of Asters bears some resemblance to the Giant Comet, differing somewhat in the candelabrum form of growth. Its greatest merit, however, is in the flowers, which are of immense size, made up of very long, loosely formed petals, rivaling the best Japanese Chrysanthemums. White and Pink, each 10 cents per packet.

OSTRICH PLUME—All colors mixed. Packet, 8 cents.

HOHENZOLLERN ASTERS

This new race of Asters closely resembles the Giant-flowering Japanese Chrysanthemums. The flowers are very large, with beautifully curled and twisted petals and long stems, which makes them invaluable for cut flowers; it is also a very fine bedding and pot plant. Price, 10 cents per packet. White, pink and mixed.

GERMAN QUILLED ASTERS

These are great favorites on account of their free-blooming qualities, and the low price of the seed commends them to many who want a nice Aster for cutting. Price, 5 cents per packet.

Washington, or Giant Victoria

This splendid variety is the largest Aster grown, bearing flowers five to six inches in diameter; very double; mixed colors. Price, 10 cents per packet.

DAYBREAK ASTER

Of symmetrical growth and habit; attains a height of eighteen inches, and produces during August in the greatest profusion perfect globe-shaped double flowers, which are of a delicate pink tint. Price, 10 cents per packet.

PURITY ASTER

This variety is identical in every way to Daybreak, being of the same symmetrical growth, height and free-flowering qualities; the flowers, however, instead of being pink, are pure glistening white. Price, 10 cents per packet.

LAVENDER GEM ASTER

One of the most beautiful Asters. With large, artistic, loosely-arranged flowers of the most charming shade of lavender imaginable. Price, 10 cents per packet.

QUEEN OF THE MARKET

The earliest of all Asters. Grows about nine inches high and very branching; the fine double flowers are produced very freely on long stems, making it valuable for cutting; the colors are deep blue, white, pink and deep rose. We offer seed in the finest mixture of the above colorings. Price, 5 cents per packet.

Excelsior Mixture of Tall Asters

This is a mixture of the most beautiful, striking and distinct colors of all the above tall-growing Asters, selected from the cream of Truffaut's Victoria, Crown and other desirable sorts, and includes many kinds especially purchased for this mixture. This is the finest mixture of Tall Asters ever offered, and the most critical lover of this flower will be astonished at the wide range of colors and varieties given in this truly Excelsior strain. Price, 10 cents per packet.

PERENNIAL MIXED

(Starworts, or Michaelmas Daisies.) Single-flowering, hardy, herbaceous plants, thriving in any garden soil. If sown early in the spring they will flower the first season. Price, 5c per pkt.

Branching Asters.

Branching Asters (Late Flowering)

The branching Asters are quite different in several respects from other Asters. They are of very strong, vigorous branching habit. The flowers are of very large size, each flower being carried on a long, upright stem, making them very great favorites for florists' bouquets, etc. Bright Pink, Pure White and Purple, each 10 cents per packet; three for 25 cents. All colors, mixed, packet, 10 cents.

COREOPSIS, or CALLIOPSIS

A very showy border plant, producing flowers in nearly every shade of yellow, orange, crimson, red and brown, blooming all summer and excellent for cutting and massing.

"TIGER STAR"—A new, novel and pretty form of this popular free-growing annual, forming compact bushes not over eight inches high, covered throughout the entire summer with its pretty flowers of rich, reddish-brown, the tips of the petals tigered with golden-yellow, not unlike some of the Orchids. Packet, 8 cents.

CHOICE SORTS, MIXED—Semi-double, pretty. Packet, 5 cents.

COMMELINA SELLOWINA

A lovely perpetual flowering "Wandering Jew," suitable for garden in summer or for pots all the year. The flowers look like blue butterflies; blooms in short time from seed and is a beautiful and showy flower which is sure to prove satisfactory. Packet, 5 cents.

CROZY'S DWARF CANNAS

These new dwarf French Cannas bloom freely the first year from seed. The mixed seed we offer has been saved from the finest varieties of all colors.

ALL VARIETIES AND COLORS MIXED—Price, packet, 5 cents.

CASTOR BEANS (Ricin)

NEW ZANZIBAR BEAN—A new form of Ricinus, of short-jointed, stout growth and extraordinarily large leaves, produced in such an abundance that the plant is a perfect pyramid of beautiful foliage. Seeds are of extraordinary size, beautifully mottled and speckled. White, pink, black, crimson, etc. Price, packet, 5 cents; ounce, 25 cents.

BORBONIENSIS—Very large and beautiful green foliage; grows fifteen feet high. Packet, 5 cents; ounce, 25 cents.

CINERARIA

A wonderfully beautiful greenhouse plant and not at all hard to grow. Seeds germinate quickly and easily and young plants grow off without any trouble. Keep in a shady place over summer, and remove to house in fall. Use insecticides to keep free from aphids, and as flower buds show, give good light.

GRANDIFLORA, MIXED—Large flowering prize varieties. Price, packet, 15 cents.

Annual Chrysanthemums

(Early Blooming Garden Sorts)

The annual Chrysanthemums bear no resemblance to the late autumn varieties, but have a beauty distinctly their own. The plants grow from twelve to fourteen inches in height, have fine, delicate foliage, and produce beautiful daisy-like flowers of various bright rich colors.

JAPANESE HYBRIDS—The seed here offered has been saved from a magnificent collection. Seed sown in spring will produce flowering plants by fall. Packet, 10c.

FRUTESCENS GRANDIFLORA—(French Marguerite or Paris Daisy.) Largely grown for cut flowers. They make elegant bushy pot plants for winter flowering, and bloom all summer in the garden. White, Packet, 5 cents.

FOXGLOVE (Digitalis)

The Foxgloves are quite stately and highly ornamental plants when well grown, with flower stems at least three feet in height. They are fine for the mixed border, or planted singly in half-shady places near a walk or drive. The racemes of flowers are often two feet in length, containing scores of the prettily-spotted thimble-shaped flowers. Perfectly hardy. Sow the seed in spring in the garden and transplant as desired. Perennial. Mixed varieties. **Packet, 5 cents.**

EVERLASTINGS

These odd flowers never fade, but if cut in bud and blossom and dried, they will last and retain their rich and brilliant color for many years. They should be cut when in full bloom and dried slowly in the shade, with their heads hanging downward to keep the stem straight. **Mixed, per packet, 5c.**

FEVERFEW

Fine border plants that are always in flower. They bloom quickly from seed, and are extra good for cutting. They also make fine plants for winter blooming in pots. Flowers large and double like Roses, and very profusely borne at all times of the year. Habit dwarf and compact, making them very desirable either for garden or pots.

EXIMIA GRANDIFLORA—Flowers enormous in size, as double as Roses, and pure snow-white. A most superb pot plant, blooming all the year round. **Packet, 5 cents.**

FUCHSIAS

Fuchsias are easily grown from seed as cuttings, and from seed many new varieties obtained. They will flower freely the first season in open ground, while the plants can be taken in the house in the winter, where they will flower still more freely. Finest single and double varieties, mixed. **Price, packet, 15 cents.**

FOUR O'CLOCKS

(Mirabilis, or Marvel of Peru)

Plants are crowded for months with innumerable silk-like flowers of the most ravishing colors, and exhaling a delicious perfume. These flowers owe their common name of "Four O'Clock" to the regularity with which their beautiful flowers open at that hour each afternoon.

NEW DWARF SORTS—These are fine plants, growing about twelve inches high, each forming a bush covered with flowers. All colors mixed. **Price, 5 cents.**

FOUR O'CLOCK MIXED—Including variegated leaved sorts. **Packet, 5 cents.**

FORGET-ME-NOTS, or Myosotis

The beautiful Forget-Me-Not is a synonym for faithfulness and undying affections. Beautiful for shady nooks and quiet beds, and exquisite for cutting and for wearing. It flourishes best in a moist, shady situation and is in constant bloom nearly the whole season. Fall-sown seed will flower in early spring. If sown in boxes in the house early, will flower the first season.

HUNNEMANNIA, or**BUSH ESCHSCHOLTZIA**

This is a most beautiful plant and we want every one of our customers to plant at least one packet of it.

The plants grow into a shrubby bush, two feet high, and produce large cup-shaped flowers three inches across on stems twelve inches long. The color is of clear, bright yellow, the petals are broad and crackled, like crushed satin. The flowers keep in water for two weeks. **Large packet, 8 cents.**

IMPATIENS SULTANI

One of the prettiest plants for pot culture and outdoor planting in a half-shaded situation; remarkable for long duration of bloom. Charming for winter blooming. When the plants are only a few inches in height they commence blooming, sending out perfect masses of rosy flowers. **Packet, 10 cents.**

ICE PLANT

(*Mesembryanthemum Crystallinum*)

Curious plant for hanging baskets, rockwork, vases and edgings. The leaves and stems are succulent and fleshy, and appear as though covered with ice crystals. The whole plant is peculiarly brilliant in the sunshine. Succeeds best in dry sandy loam and in a warm situation. Can be grown in pots or open border. Tender annual trailer. Six inches high. **Packet, 5 cents.**

JOB'S TEARS (Coix Lachryma)

An old-fashioned but valuable remedy for sore throat, goitre and teething babies, when the seed is strung on linen thread and worn around the neck as a chain. Also used to advantage in basket making and raffia work. **Packet, 5 cents; ounce, 15 cents.**

KOCHIA TRICOPHYLLA

(Summer Cypress)

A highly ornamental annual of rapid growth which forms regular pyramids about three feet high, having a cypress-like appearance. The leaves are slender and of a light pea-green until September, when they change to carmine and blood-red. Its bright autumn coloring has given it two other names: "Mexican Fire Plant" and "Burning Bush." The flowers are minute but countless. Sow indoors in April and plant out in May, or sow in open ground about May 1st. Plants do best in a sunny exposure. **Packet, 5 cents.**

SUNFLOWER

MAMMOTH RUSSIAN—Enormous flowers. The well known old Sunflower, with coarse, tall plants from four to eight feet in height, and bright yellow flowers. **Packet, 5c; 1/4-lb., 15c.**

NASTURTIUMS

A MARVELOUS range of new colors has been developed in this favorite flower, which for three or four months of the season makes a better display than almost any other plant. No other annual will produce such a lavish profusion of flowers for so long a time with the same small outlay of time and labor. The maximum of bloom is produced in thin soils, and never flags through the hottest weather. In soils too rich leaves predominate. Plant the seeds an inch deep, and thin seedlings to ten or twelve inches apart. The varieties offered below were selected, after exhaustive trials, from a very large number of sorts as being the best and most distinct.

Climbing
Nasturtiums
Mme.

Gunther's Hybrids

For richness and variety of colors these new hybrids have no equal among Nasturtiums. It would be impossible to describe all the different colors. The foliage is mostly dark, and contrasts very effectively with the

rich colors. They are climbers, and free and continuous bloomers. Price, large packet 10 cents, two packets for 15 cents; ounce, 20 cents; one-quarter pound, 60 cents.

CHAMELEON NASTURTIUMS

When a plant of this novel sort is in full bloom one can find upon it flowers of almost

every shade of color and form of marking known to Nasturtiums. No matter what color a flower may be when it opens, it is continually changing until it fades. Unlike many flowers which are notable because curious, those of the Chameleon Nasturtium are always beautiful and attractive.

DWARF CHAMELEON—Packet, 5 cents; ounce, 15 cents.
TALL CHAMELEON—Packet, 5 cents; ounce, 15 cents.

FRINGED CHINESE PRIMROSES

This charming and beautiful flowering plant is indispensable for winter or spring decorations in the home or conservatory. It is one of our most important of winter-blooming pot plants. **CHISWICK RED**—Large, brilliant scarlet. The brightest of all. Packet, 10 cents.

CHOICEST MIXED—This mixture contains nothing but the finest sorts, and cannot fail to give entire satisfaction. Packet, 8 cents.

MOONLIGHT—Cream-white; very large flowers.

SCARLET—Brilliant scarlet.

PRINCE HENRY—Cream, spotted and tipped scarlet.

TWILIGHT—Large flowers, chamois-yellow, shaded with orange-rose and splashed scarlet.

BUTTERFLY—The color is a light lemon-yellow, marked on the three broad lower petals with a blotch of rich terra-cotta red, the two upper petals are marked in shades of bright red.

TALL NASTURTIUMS MIXED—Of many bright colors; very effective when planted in long rows or masses. Packet, 5 cents; ounce, 10 cents; one-quarter pound, 25 cents.

Our Superfine Mixture of

TALL NASTURTIUMS

This mixture is composed of seeds from flowers of distinct colors in proportions that will produce the best results. The mixture cannot be surpassed. A most beautiful strain, flowering profusely and having a wide range of bright and distinct colorings, embracing rose, pink, salmon, purple, velvety dark maroon, light yellow, and deep orange in self colors, as well as most showy striped and blotched varieties. These are all of strong, vigorous growth, throwing out running shoots that can be trained upon strings or wires, or can be readily made to climb the ordinary paling fences or wire netting. They are also very showy planted at the top of a steep slope and allowed to run down the bank. They are equally beautiful simply trailing on level ground. Price, for large packet, 10 cents; ounce, 20 cents; one-quarter pound, 50 cents.

TOM THUMB NASTURTIUMS

KING THEODORE—Deep purplish-green leaves; flowers dark rich crimson.

BRONZE-COLORED—A peculiar burnished bronze color.

DEEP SCARLET—A very bright and vivid scarlet.

LADYBIRD—Rich golden-yellow, each petal barred with two broad veins of bright ruby-crimson.

MIXED TOM THUMB NASTURTIUMS—This includes many showy colors, having both light and dark foliage in mixture. Price, 5 cents per packet; ounce, 10 cents; one-quarter pound, 25 cents.

"Special" Mixture of DWARF NASTURTIUMS

This mixture contains eighteen different varieties of Dwarf, or "Tom Thumb" Nasturtiums, and no better annual exists; for filling beds or borders with a continuous supply of flowers they are unexcelled. Their handsome foliage shows a variety of green shades, including both light and very dark blue-green leaves, with distinct veins, as well as the old well-known tints, and the flowers are also greatly improved in coloring and in marking. Both this mixture and the "special mixture" of Tall Nasturtiums include varieties having blooms of a velvety texture new to the species, and some showing odd colors heretofore unknown among flowers. Price, large packet, 10 cents; ounce, 15 cents; one-quarter pound, 50 cents.

CELESTIAL or CHRISTMAS PEPPER

Small conical fruits. This sort is used as an ornamental plant during the Christmas season. A fine sharp-flavored Pepper of transcendent beauty, setting its fruit early and continuing until cut down by frost. A well-grown plant will show peppers in every stage of growth, and in three or four different colors, according to the stage of ripeness, creamy-white, pink and vivid scarlet, all on the bush together, a most novel and wonderful sight. Beautiful pot plants—in fact, few pot plants make such an attractive show as does the Pepper when in full bearing. Price, 5 cents per packet.

POPPIES

Well-known hardy annuals and perennials flowering in great profusion throughout the summer. As early in spring as ground can be worked sow the seed where flowers are to bloom and cover lightly, since if planted too deep the seed will not germinate and the annual varieties do not bear transplanting. To insure a continuous bloom during a long season the flowers should be cut regularly and no seed pods allowed to form.

Double Carnation or Featherball Poppies

Handsome annual Poppy; grows two feet tall, and is always admired. It is a free bloomer. The flowers when fully expanded look like a ball of feathers, and are of marvelous purity and beauty.

WHITE FEATHERBALL—Packet, 5c.

PINK FEATHERBALL—Packet, 5c.

TULIP POPPY—Vivid scarlet, tulip-shaped flowers, blooming abundantly; beautiful. Packet, 5 cents.

ADMIRAL—A single peony-flowered variety of surpassing beauty, having large, smooth-edged flowers of glistening white, with a broad band of brilliant scarlet around the top. These two colors form a very striking contrast, and when planted in groups produce a magnificent effect. (See cut.) Price, 8 cents.

DANEBOG, or DANISH CROSS POPPY—Very showy variety, producing large flowers of brilliant scarlet, with a silvery-white spot on each petal, forming a white cross. Packet, 5 cents.

Poppy Admiral.

Giant Pansy.

GIANT PANSIES

GIANT TRIMARDEAU—Largest of all. The blossoms are simply enormous, perfect in form, and run through all the various colors, from the lightest shade to the darkest purple. Packet, 10 cents.

GIANT ODIER, CASSIER AND BUGNOT—A superb mixture of these famous, large-flowered, spotted Pansies. The petals are large, of various colors, in the center of three, or sometimes of all five, of which are dark velvety blotches, shading out toward the edges and ending in fine hairy lines. Packet, 10 cents.

GIANT PEACOCK—A striking variety, the upper petals being of a beautiful ultramarine-blue, while the lateral and lower are of a deep claret, with white margin. Packet, 10 cents.

International Mixture of Pansy Seed

The result of our observation of the various strains produced, and of the favorites in our market, prompted us to prepare our International Mixture. It consists besides all the leading kinds of commerce, of seeds of the Giant, Bugnot, Cassier and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver edged, marbled, mahogany spotted, claret-red, and many others. Our International Mixture will produce for you, as it has for others, a Pansy bed which will be the wonder of the neighborhood and the joy of the owner. Price, packet, 10 cents.

Mixture of Scarlet and Red Pansies

This is a mixture of special selections of Pansies with red and scarlet flowers. It is partly made up of such varieties as Meteor, Red Riding Hood, Cardinal, Fiery Faces and also from some special selections we had made for this mixture by several Pansy specialists. A bed of these Pansies presents a striking and beautiful effect and will please every lover of this favorite flower. Packet, 10 cents.

Any three packets of above named Pansies for 25 cents.

Bedding Pansies

A selection for bedding purposes, large flowers of good substance;

Gold Margined.
Prince Bismarck (bronze).
Purple.
Psyche (white with violet blotches).
Rosy Lilac.
White Marbled.

King of Blacks.
Emperor William (blue).
Red.
Striped.
White.
Yellow.

Per packet, 5 cents; any four packets, 15 cents; or the whole collection for 30 cents.

FINE MIXED BEDDING PANSIES—Per packet, 5 cents.

ENGLISH FACED CHOICE MIXED—From a splendid English collection of the largest-flowering varieties. Packet, 5 cents.

Special Poppy Mixture

Comprises not only all the Double and Single Poppies described, but also a number of other sorts, specially purchased for this mixture, including some entirely new ones. Will make a grand display. Packet, 10 cents.

ICELAND

POPPIES

Hardy Iceland Poppies

These Poppies produce flowers the first year from seed. The colors range from the purest white to the deepest orange and scarlet and have a delicious fragrance. For vases or house decorations they rank among the loveliest.

SINGLE MIXED—Packet, 5 cents.

DOUBLE MIXED—Packet, 10 cents.

Giant Hardy Oriental Poppies

BRILLIANT—Enormous flower of deep flashing scarlet, entirely hardy anywhere. Packet, 10 cents.

GIANT ORIENTAL MIXED—A fine mixture of salmon-scarlet, rose, lilac, purple-blotched, orange, etc. Packet, 10 cents.

PHLOX DRUMMONDI GRANDIFLORA

Or large-flowered section. These are decided improvements over the old class, with much larger flowers, a better range of colors and of more compact growth.

ALBA—Pure white; very large. Packet, 5 cents.

LARGE BLOOD-RED—The darkest colored. Packet, 5 cents.

STAR-EYED (STELLATAS)—Rose color, grand large flowers, each flower having a white star eye. Packet, 10 cents.

GRANDIFLORA—Choice mixed; all colors. Packet, 5 cents.

SEMI-DOUBLE—Best mixed. Packet, 5 cents.

PHLOX DRUMMONDI NANA

This new strain is of dwarf, compact habit, growing about six inches high; splendid for pot culture or for ribbon lines and for massing.

DWARF—In choicest mixtures. Packet, 5 cents.

STAR-SHAPED PHLOX

Of dwarf habit, bearing pretty star-shaped flowers, varying from violet-blue to deep rose and blood-red, margined with white; choice mixed. Packet, 5 cents.

HARDY PHLOX

PHLOX DECUSSATA—These rank among the finest herbaceous perennials for beds or borders. Mixture of the finest colors. Packet, 10 cents.

HOWARD'S STAR PETUNIA.

LARGE FLOWERING PETUNIAS

HOWARD'S NEW STAR—Each flower shows a large distinct five-pointed white star on a bright crimson or purplish-crimson ground. Late in the fall, when the weather becomes cooler, the edges of the white star become feathered with fine lines of rose and crimson, while in other flowers the entire white portion is suffused with soft rose-pink. The plants begin to bloom early and flower profusely. Per packet, 10 cents.

GIANTS OF CALIFORNIA—Gigantic flowers often five inches in diameter, of every conceivable shade of crimson, pink, lavender, pure white, etc. One of the chief points of excellence is the deep throat and diversity of veinings in the throat. Many of the flowers have a clear yellow throat, while others have a pure black one, so deep that it seems to show no veinings. Packet, 10 cents.

BLOTTED AND STRIPED—Flowers with star-shaped blotches of symmetrical form; fine for bedding and window boxes. Price, packet, 5 cents.

FINEST MIXED—A choice strain, including many of the large-flowering varieties. Packet, 5 cents.

Double Portulaca.

PORTULACA

There is scarcely any flower in cultivation that makes such a dazzling display of beauty as a bed of many-hued brilliant-colored Portulacas. They thrive best in a rather rich, light loam or sandy soil and an exposed, sunny situation. Half-hardy annual.

DOUBLE MIXED—All colors. Packet, 5 cents.

BIRD OF PARADISE (Poinciana)

This is a rare novelty and a very interesting plant. The flowers are golden-yellow, red and purple, of beautiful shape,

measuring nearly two and a half inches across. They are produced in very large trusses which bloom in great profusion the first year if sown early in the spring, and will produce a large plant three to five feet tall. It can be grown inside in winter if desired. When once grown it is sure to be planted each year. Try it. Mixed, packet, 5 cents.

SCABIOSA

(Mourning Bride, Sweet Scabiosa, Pincushion Flower)

The Sweet Scabiosa has been in cultivation so long that its native country is unknown. They grow about two and one-half feet high, and come into bloom early in July, and continue without interruption until hard frost. The beautiful flowers in exquisite shades are borne on long stems, and when cut keep in perfect condition for the best part of a week. They make effective borders or beds, and no garden is complete without Scabiosas, especially where flowers are wanted for cutting.

DOUBLE—All colors mixed. Packet, 5 cents.

SCHIZANTHUS (Butterfly or Fringe Flower)

The Schizanthus has been called the "Poor Man's Orchid," on account of their easy culture and resemblance in form and variety of coloring to some of the floral aristocrats. May be sown outdoors in spring, where they are to remain, or started inside and transplanted when the weather is suitable. A sowing made in autumn will give an abundance of bloom through the winter. We offer a splendid mixture of this interesting flower at 5 cents per packet.

Salpiglossis "Emperor."

SALPIGLOSSIS (Painted Tongue)

The Salpiglossis is one of the greatest favorites among annuals, partly because of its easy culture, but principally for its beautiful, almost Orchid-like flowers, which it produces from early summer until late fall. Seed should be sown early in spring in a hotbed or window and transplanted when weather is settled or directly out of doors after danger of frost.

NEW "EMPEROR" SALPIGLOSSIS

The new Emperor strain is a very great improvement on the older type in its increased size of flowers, their improved shape and larger variety of colors, and more than all else in their singularly beautiful veinings of gold. These are the only flowers, to our knowledge, that show a glint of gold in their coloring. Packet, 8 cents.

GRANDIFLORA, MIXED—Large flowers, most vivid. Packet, 5 cents.

TEN WEEKS STOCK

One of the most popular plants, either for bedding, massing or pot culture; for brilliancy and diversity of color or profusion and duration of bloom is unsurpassed. The Ten-Weeks Stocks are generally cultivated, and bloom from ten to twelve weeks after being sown; they grow from six to eighteen inches high, and when grown in light, rich soil they bear an immense quantity of bloom, each plant forming a perfect bouquet of delightful fragrance. Half-hardy annual.

EARLY TEN-WEEKS STOCKS—Pure white; very sweet. Packet, 5 cents.

EARLY TEN-WEEKS STOCKS—Rich crimson. Packet, 5c.

EARLY TEN-WEEKS STOCKS—Clear blue. Packet, 5 cents.

EARLY TEN-WEEKS STOCKS—Purple. Packet, 5 cents.

EARLY TEN-WEEKS STOCKS—Bright pink. Packet, 5 cents.

EARLY TEN-WEEKS STOCKS—Clear yellow. Packet, 5c.

ONE PACKET EACH OF THE SIX VARIETIES FOR 25c.

EARLY TEN-WEEKS STOCKS—Twelve of the finest colors mixed. Packet, 8 cents.

Newest and Best Sweet Peas

The crop of Sweet Peas was again practically a failure in the United States the past season, and we are obliged to offer a smaller list of varieties than usual. The ones here offered are of the very best and most dependable kinds. Sweet Peas should be sown as early in spring as possible. The soil should be rich, the drills six inches deep. Cover first about an inch, and as the plants grow fill in until the drill is full.

Six of the Most Recent Novelties in Sweet Peas

New Varieties that have been Tested Thoroughly and Found to be Distinct and Novel

Price, 10 cents per packet; 25 cents per ounce.

ASTA OHN—Soft lovely lavender; charming.

COUNTESS SPENCER—Bright, clear pink showing a little deeper at the edges. The form is open, and the margins of the petals are wavy. Both standard and wings are very large.

FLORENCE MORSE SPENCER—This might be described as a light pink-edged Countess Spencer. The flowers are extremely large, of the finest open wavy form, borne upon strong stiff stems, four flowers to each stem.

KING EDWARD SPENCER—Bright crimson-scarlet; wings unusually large.

HELEN LEWIS—The orange-rose wings roll and fold; the standard is reflexed, showing the distinctly fluted effect, and is of an intense rich crimson-orange. The blooms are truly of a gigantic size—the ruffled standard measuring two inches across.

WHITE SPENCER—Flowers of enormous size that are absolutely pure white. The standard is decidedly waved, crinkled and fluted. The flowers are borne three and four to the stem; the stems measure from twelve to fifteen inches in length. The vines are nearly covered with bloom. Unsurpassed for cutting and for keeping after being cut.

SPECIAL OFFER—One packet each of the above Six Novelties for 50 cents; one ounce of each for \$1.25.

Countess of Spencer Hybrids (Mixed)

Composed exclusively of Giant Waved "Spencer" varieties, including several new hybrids of exquisite colors and shades. This mixture contains an equal proportion of colors of the Countess of Spencer hybrids, and is one of the most superb combinations ever offered in a catalogue. Packet, 8 cents; ounce, 20 cents.

SWEET WILLIAM

These make matchless border plants, with heads of bloom of great size and wonderful beauty; should be in every garden; height one and a half feet.

PERFECTION, SINGLE MIXED—

A splendid strain; flowers of many bright colors, large size and varied markings, including auricula-eyed varieties. Packet, 5 cents.

DOUBLE, MIXED—Fine double flowers, which, however, to our fancy, are not so beautiful as the single. Packet, 5 cents.

Sweet William.

VIOLET

A fine collection of many fine varieties and colors—blue, lavender, white. Many of the finest scented varieties are included; mixed sorts. Packet, 6 cents.

VINCA

(Madagascar Periwinkle, or Old Maid)

Ornamental free-blooming plants; seed must be sown early and then the plants will bloom the first summer. They can be taken up in the fall like Chrysanthemums, potted and kept in bloom through the winter.

MIXED COLORS—Packet, 5 cents.

Select List of the Best Standard Large-Flowering Sweet Peas

Price, 5 cents per packet, any six for 25 cents. One ounce of any one variety, 15 cents.

AURORA—Extra large size, beautifully flaked with bright orange-salmon on a creamy-white ground.

APPLE BLOSSOM—Bright rosy-pink, beautifully blended; white.

BLANCHE FERRY—Earlier than any other sort. Wings are nearly white, while the standards are a deep rose-pink. Dwarf grower.

BLANCHE BURPEE—A fine large flower of beautiful form; firm, lasting substance and snowy whiteness, having three of the extra large flowers on each long stiff stem.

CAPTAIN OF THE BLUES—Fine large blue, lavender shaded.

DOROTHY ECKFORD—The finest pure white; giant flower, also robust in growth and stem. The plant is short-jointed, and grows an enormous mass of bloom.

HON. MRS. E. KENYON—A beautiful primrose color, a bold giant flower, and a most desirable variety.

KING EDWARD—Bright scarlet. A solid deep color and very large sized flower.

KATHERINE TRACY—Bright pink; a large, bold, perfect flower of great substance.

LADY GRISEL HAMILTON—Beautiful pale lavender; in form it is of the most advanced giant-flowering type.

LOVELY—The flowers are very large and of fine form. A delicate shell-pink tinged with yellow, producing a very warm, soft color of exceeding beauty. There are often four flowers on a stem.

PHENOMENAL—Large flower, nearly white, having a distinct edging of lilac, which gives it a peculiar and very attractive appearance.

PRINCE OF WALES—Bright rose; large flower; the prettiest of the bright red varieties.

PRIMA DONNA—Soft pink; fine shade; grand flower.

SENATOR—Purplish-maroon, heavily striped on white ground. Darkest striped variety.

OUR GRAND LARGE-FLOWERING MIXED SWEET PEAS

The finest mixture possible, as only the large-flowered or "Grandiflora" type (Eckford's) is used. More than one hundred different colors. They are perfectly magnificent. Packet, 5 cents; ounce, 10 cents; one-quarter pound, 30 cents; one-half pound, 50 cents.

Viscaria.

VISCARIA

Very free-blooming annuals, closely allied to the Lynchnis; they form compact plants about a foot high, and are covered from early summer till fall with their bright flowers, shaped somewhat like a single Pink, borne on long, slender stems; it is best to sow them where they are to bloom, thinning out to prevent overcrowding.

MIXED COLORS—Packet, 5 cents.

MAMMOTH VERBENAS

For garden beds or massing the Verbena is unrivaled; flowers of the most brilliant colors, blooming continually from spring until late in the autumn. Although perennials, these form luxuriant plants and bloom profusely the first season.

VERBENA WHITE—(Sea Foam.) Large and sweet-scented. Packet, 5 cents.

DEFIANCE—Scarlet. Packet, 5 cents.

SHADES OF BLUE, MIXED—Packet, 5 cents.

MAMMOTH PINK—Packet, 5 cents.

MAMMOTH VERBENAS, MIXED—The individual florets on properly grown plants over one inch across—or larger than a 25-cent silver piece. They bloom freely, are vigorous in growth, and contain all of the beautiful new colors and shades. Mammoth mixed colors. Packet, 5 cents.

VALERIANA (Hardy Garden Heliotrope)

Showy plant; grows in any garden soil; does well in the shade; hardy perennial; grows two feet in height and blooms the first season from seed. Fine for bouquets. We offer a very choice mixture of bright rose, red and white varieties. Packet, 5 cents.

Zinnia.

ZINNIAS

(Youth and Old Age)

The Double Zinnia is one of the easiest grown and most showy of garden annuals. The plants come quickly from seeds, are easily transplanted, and make a fine display in a bed or border or among shrubbery. Each flower lasts for several weeks, and the plants bloom abundantly until destroyed by frost.

IMPROVED DOUBLE STRIPED—A good strain, representing all the leading colors, all striped. This is really the finest strain of Striped or Zebra Zinnias in cultivation. Pkt., 5c.
IMPROVED TALL DOUBLE, MIXED COLORS—Saved only from select flowers, perfect in colors. Packet, 5 cents.
IMPROVED DWARF DOUBLE MIXED—Extra large, perfectly formed, double flowers; very fine; mixed colors. Packet, 5c.

Mammoth Verbenas.

WALL FLOWER

These old European favorites are not as much grown and appreciated in this country as they deserve, due, no doubt, to the fact that they are scarcely hardy in very cold locations, but in sheltered locations with protection they winter safely in Northern states, though, perhaps, it is better to sow the seed annually in spring, and winter the young plants over in the cold frame. They are worth the trouble, making nice bushy plants, one and one-half feet high, bearing in the spring long spikes of most deliciously fragrant flowers of various colors, crimson, purple, yellow, apricot, mahogany, pink, etc.

Wallflower.

FINE GERMAN DOUBLE, TALL, MIXED—Spikes of deliciously fragrant double flowers, combining many shades of color, chocolate-brown and orange-purple predominating. Per packet, 8 cents.

DOUBLE, LARGE-FLOWERING, SUPERB, DWARF, MIXED—Finest double dwarf branching, comprising rich yellow, brown, violet, white. Packet, 8 cents.

Other Standard Flower Seeds

In this list we name, with prices, other Standard Flower Seeds, which, from lack of space, were omitted from the preceding descriptive list. It is needless to say that the seeds of each

MIXED SORTS—All sizes, shapes and colors. **Packet, 5 cents.**

THE KUDZU VINE

The New Japanese Flowering Bean

This is the most rapid growing vine known. It has a tuberous root, which is perfectly hardy, and in spring sends up vigorous shoots, which will quickly shade an entire piazza front. It will grow twenty feet the first summer from seed sown in the open ground in May.

Its foliage is very luxuriant, and its rose-colored fragrant flowers are produced in large clusters. For covering porches, arbors, fences, stumps, dead trees, etc., with a luxuriant curtain of foliage, and in the shortest possible space of time, there is no climber that can equal it. **Packet, 8 cents.**

MORNING GLORIES

Seed of the well-known Morning Glory is so cheap, the flowers so bright, and the vines of such rapid growth, that it should be planted largely to cover trellises and unsightly out-houses.

FINE MIXED—A great variety of colors of the popular old-fashioned Morning Glory. **Packet, 5 cents; ounce, 10 cents.**

GIANT IMPERIAL JAPANESE MORNING GLORIES

These grand new Morning Glories from Japan are remarkable for the large size and exquisite new colors of the flower. The vines grow quickly to a height of twelve to twenty feet. They are of all shades of red, and innumerable shades of blue, from pale lavender to richest indigo and royal purple; also white, yellow, gray, slate, copper color, brown, bronze, almost black, and many other odd shades. Many varieties have a distinct marginal band of a different color, some are elegantly spotted with pink, crimson, blue, brown, etc. **Packet, 5 cents; ounce, 15 cents.**

MOONFLOWER

GRANDIFLORA WHITE—Annual. (Illustrated on cover.)

The vines are literally covered with thousands of the immense white flowers, many of them measuring over seven inches across. Beginning to flower early in August, the vines are nightly covered with pure white flowers, emitting a rich Jasmine odor. Planted in rich ground, in a sunny situation, the vines attain a height of twenty-five feet in a season. **Pkt., 5c.**

Summer Garden Collection of POPULAR FLOWERS

Eleven Packets of Seeds of Beautiful Free Flowering Easy Growing Annuals Sent Postpaid for 25 cts

Many have asked us what flower seeds are most suitable for producing a satisfactory and continuous display of flowers in their summer garden and we have chosen this collection as among the best suited for that purpose. We have also borne in mind the fact that flowers suitable for cutting are preferred, and all are available for bouquets or vases.

ASTER, GIANT COMET—Snow-white, delicate lavender, dark blue, clear pink and mixed.

ALYSSUM—(Little Gem.) New dwarf variety.

CLEOME PUNGENS—(Giant Spider Flower.) Singular-looking, rose-colored flowers; the stamens look like spiders' legs.

CARNATIONS—(Marguerite.) Mixed colors.

MIGNONETTE—(Giant Red.) Giant, fragrant flowers.

NASTURTIUMS—All colors, mixed.

PANSY—(Imperial German.) Best; all colors.

POPPY—(Golden Gate.) Lovely variegated colors.

PHLOX GRANDIFLORA—Mixed large-flowered; all colors.

SWEET PEAS—Best mixture.

VERBENA—Fine mixed; all colors.

THREE VEGETABLES OF ESPECIAL MERIT NEW SWISS CHARD

LUCULLUS

The plants grow to a height of two to two and one-half feet. The stalks are as thick and broad as those of Rhubarb, being one and one-half inches broad, heavily ribbed and from ten to twelve inches long below the leaf. These stalks are delicious when cooked and served in the same manner as Asparagus. The extra large leaves are sharply pointed at the top, while the texture is heavily crumpled or "savoyed," more crisply tender and of finer flavor. The leafy portion of the foliage is cooked and served in the same manner as Spinach. The leaves and stalks served as separate vegetables afford two distinct dishes from the same plant at one time. Per packet, 5 cents; ounce, 10 cents.

EARLY SWEET CORN "GOLDEN BANTAM"

Golden Bantam is becoming each year more firmly fixed in popular favor because of its extreme early character, vigorous growth and surpassingly delicious flavor. It is pronounced by thousands of planters the finest extra early Sweet Corn ever grown. Although the dry grain is entirely free from any flinty glaze, it is exceptionally hard and firm, hence can be planted earlier than any other true Sweet Corn. The stalks are dwarf and sturdy in habit, growing to a height of four feet; they bear two and three good small ears, which have eight rows of broad yellow grains, extending to the extreme rounded tip. Golden Bantam is as distinct in flavor from that of white varieties as in color—being almost literally "sweet as honey." The skin is exceptionally tender. Price, per packet, 10 cents; one-half pint, 20 cents; one pint, 30 cents.

Golden Bantam.

BRUSSELS SPROUTS, OR MINIATURE CABBAGE

If more widely known, the Brussels Sprout would be as popular as it is valuable; few people appreciate its full worth as a winter vegetable. The small cabbages grow on stalks in great profusion. It is not the least affected by frost, and equal to cauliflower in flavor. Per packet, 5 cents; ounce, 15 cents.

Brussels Sprouts.

STANDARD VEGETABLE SEEDS

The seeds offered on this page include the leading varieties and those worthy of special notice. They are in every sense good, reliable and valuable. We guarantee our seeds to be strictly true to name, pure, of high excellence, and to grow, if properly treated, to the extent that should any prove otherwise we will refill the order without charge, or send any other seeds that may be selected, to the amount paid for same. HOME VEGETABLE COLLECTION

SPECIALY SELECTED FOR TOWN AND CITY HOME GARDENS

Most people residing in town and cities have not time or room sufficient to grow an extended garden. But vegetables fresh from the home garden are so far superior to those which can be purchased that we have made a special list for city people. One packet each of the following in full-sized packets, postpaid for 25 cents.

Lettuce—Early Silesia.
Radish—Lady Finger.

Cucumber—Early White Spine.
Spinach—Thick-Leaved.

Beet—Early Egyptian.
Turnip—Purple-Top.

Beans—Stringless Green Pod.
Parsley—Dwarf Curled.

The Marvelous Japanese Air Fern

Requires No Soil or Water

And Will Keep for Years
Without Any Attention

Don't Fail to Get One of These
Wonderful Plants—A Charming
Decoration for the Home.

With the Air Fern we offer a beautiful brass basket five inches in diameter and two and one-half inches deep, made of heavy brass, carefully lacquered and will not tarnish. The fern basket is suspended by a ring and three brass chains seven inches long. The Air Fern has a spread of about ten inches. Our illustration does not do full justice to the beauty of the combined effect of Fern and basket.

The Japanese Air Plant comes from far-off Japan, and, like most everything else from that strange land, is full of interest and mystery. It seems to live on air, as water, earth, sunshine and care are all unnecessary and it is not affected by cold. In its original state the Air Plant is a sea moss growing in the waters of the rivers and along the shores of the Island Kingdom—Japan—where it is gathered and shipped to Europe to be cured by a secret process known only to one or two people in Germany. One of its peculiarities is to show the approach of change in weather, which is indicated by the many little fronds on each plant fluffing out or becoming much larger and then returning to their normal state.

SPECIAL OFFER

We will send the Fern and Basket complete, postpaid, to any address in the United States, for . . . **ONLY 50c.**

Evergreen Trees by Mail Postpaid—12 Packages as Below

Fine for Hedges, Windbreaks and Ornamental Lawn planting. These packages cannot be broken. By mail, postpaid, price, \$1.00 per package; 6 packages for \$5.00. Complete planting instructions and cultural directions will be furnished with each order.

Owing to the widespread interest in forestry and woodlot planting, farmers and land owners all over the country are beginning to realize that the establishing of woodlots or shelterbelts is just as important as the raising of staple crops, and the profits larger and more sure. Evergreen hedges and rows of trees between fields tend not only to increase the fertility of the soil, but by their ornamental appearance add considerable to the cash value of the farm.

These varieties are all those which have been thoroughly tested and are proven absolutely hardy and reliable and will grow successfully in all parts of the country. Complete planting instructions and cultural directions will be furnished with each order sent. Send in your orders as early as possible to avoid disappointment as stock is limited. Shipment will be made in March, April or May. You cannot afford to overlook these wonderful collections.

Velvet Lawn Grass Mixture

Nothing adds more to the attractiveness of a home than a well-kept, close, velvety lawn. Our lawn grass seed is the very best quality mixture of the finest varieties of natural grasses, embracing such as are of neat growth, hardy and best adapted to produce a permanent and fine turf. The quantity of seed required per acre is from three to four bushels. One quart will sow a space of 15x20 feet, or 300 square feet. Our Velvet Lawn Mixture is a compound of grasses that ripen successively, thereby always presenting a green and cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun, and remain in that condition until the cool months of autumn revive them. Our mixture can be relied upon to produce the best results. Price, quart, 30 cents, postpaid; by express, five pounds, about one peck, \$1.50; twenty pounds, \$5.00. Must not be included in Club Rates.

Shady Place Lawn Grass

Usually it is quite difficult to obtain a satisfactory growth of grass under trees and in shady places; for sowing in such places we recommend the use of this special mixture. The grasses used in making this special mixture are only those that are well adapted for growing in shade. Price, 45 cents per quart, postpaid. Must not be taken in Club Rates.

NURSERY DEPARTMENT

CHOICE FRUITS AND ORNAMENTALS

NOT ALLOWED IN CLUB RATES—PRICES ON NURSERY STOCK ARE PLACED VERY LOW AND WE CANNOT ALLOW THEM TO BE INCLUDED IN CLUB RATES, NOR MAY THEY BE TAKEN AS PREMIUMS

The trees here offered are young and thrifty and will make a very rapid growth and bear quickly. When fruit trees or shrubs are received before they can be planted, they may be safely kept for any length of time by having the roots packed in boxes of moist soil and stored in a cool cellar or shed. It is important to order fruit early, that they may be planted out before the foliage starts.

All nursery stock must be sent by express, unless otherwise stated in the offer.

When offered by mail, postage is paid by us; if by express or freight, charges are to be paid by purchaser, but larger stock will be sent.

SPECIAL NOTE—As our Nursery is a separate and distinct department from our Greenhouses, it is necessary that all nursery stock orders be shipped direct from the Nursery, and we therefore ask customers to kindly keep such orders separate from the Plant and Seed Orders.

Nursery stock will not be shipped with other plants.

APPLES AND OTHER LARGE TREES OR PLANTS CANNOT BE SHIPPED UNTIL SPRING OPENS, USUALLY ABOUT MARCH 1st; AFTER THAT DATE ORDERS WILL BE FILLED PROMPTLY. GRAPE VINES AND OTHER SMALL FRUITS CAN BE SENT WHEN DESIRED.

TREES BY MAIL—We have a choice lot of small one-year-old trees suitable for mailing to our customers in distant states, thus saving them heavy express charges. We know many will avail themselves of this opportunity of getting trees who could not otherwise do so.

Winter Banana Apple.

BEST WINTER VARIETIES

Winter Banana Apple This valuable new Apple has a decided Banana flavor, fruit is large, perfect in form, golden-yellow, beautifully shaded and marbled with bright crimson. Flesh lemon-yellow, creamy texture like a well ripened fall pippin, rich, of highest quality and a good keeper—from November until May. Tree a remarkably strong grower, of ironclad hardness, with a large foliage that never blights or mildews and produces enormous crops every year. A truly wonderful fruit. The entire crop of Hood River, Oregon, Banana Apples sold at \$12.00 per box of less than one bushel, the highest price ever paid for Apples. Why not have a few good trees? Ours are genuine.

McIntosh Red Hardy Canadian Apple. Medium, nearly covered with dark red; flesh white, fine, tender, juicy. Good annual bearer. November to February.

Winter Maiden Blush (Or Greenville.) This variety is identical with Fall Maiden Blush, except in time of ripening and keeping qualities. It being a winter apple and a splendid keeper, the value of such a variety cannot be overestimated. This fine Apple was produced from seed of the Fall Maiden Blush by Jason Downing, in Darke county, Ohio, in the spring of 1874. It made a vigorous growth, and at the age of seven years it bore excellent fruit, from which time it has produced fruit annually. In 1888, at the age of fourteen years from seed, it yielded fifteen bushels of picked apples.

MAYFLOWER PEACH.

MAYFLOWER PEACH

Practically frost-proof; it blooms very late and blossoms are very large, thus quite safe from damage by ordinary frost. Safe and sure for planters everywhere. This new peach originated in North Carolina, and is the earliest peach in existence; besides, its color is perfectly red, which makes it one of the best and most profitable market sorts in existence. It is perfectly hardy, and abundant cropper, and should be in every home collection of fruit whether for the home garden or for commercial purposes. Our stock comes from the originator, and can be relied upon as being genuine and first-class in every respect. Price, good trees, 30 cents each; \$3.00 per dozen. Mailing size, 25 cents each; \$2.50 per dozen.

BEST QUINCES

Price, mailing size, 25 cents; first-class, two years, 40 cents each, \$4.00 per dozen, by express.

MEECH'S PROLIFIC—Good grower, productive, bears young; fruit large, yellow, showy; good for cooking.

ORANGE—Large, roundish, bright golden-yellow; cooks tender, and is of excellent flavor; very productive; the most popular and extensively cultivated variety. October.

APRICOT

Harris Hardy—The Harris Apricot is being largely grown for commercial purposes, and is a marked success. The fruit is fully as large as the best Apricot grown in California, and so much better quality as to make and hold a place in the market against the very best from California. Price, 35 cents each; \$3.50 per dozen.

NECTARINE

A most delicious smooth-skinned fruit which thrives wherever Peaches will grow, but is liable to be stung by the curculio, and requires the same treatment as Plums. Price, 35 cents each; \$3.50 per dozen.

"St. Regis Ever-Bearing Raspberry"

Actually bears the first season planted.

St. Regis.

Plants of St. Regis planted in early April gave ripe berries on the 20th of June of the same year. For four weeks thereafter the yield was heavy and the canes continued to produce ripe fruit freely without intermission until the middle of October. The berries were large and beautiful, firm and full flavored, to the very last. St.

Regis is the only Raspberry, thus far known, that will yield a crop of fruit the season planted. Awarded a certificate of merit by the American Institute of New York. Price, 10 cents each; \$1.00 per dozen, by mail, or \$4.00 per hundred by express. See colored plate of St. Regis enclosed.

SOME CHOICE FRUIT NOVELTIES

The Giant Himalaya Berry

length if left untrimmed. It is usually trained to a wire or over a trellis as a grape vine. The berries are almost coreless and very rich; they need very little sugar in cooking. They have a flavor all their own, and are surpassingly good for pies, jellies and jams. Perfectly hardy; makes enormous yield. Introducer claims that from two vines he picked \$31.00 worth of fruit one year, and \$54.00 worth the next. It is well worth giving a trial. Our plants are genuine. Price, 25 cents each; \$3.00 per dozen by mail postpaid.

This new fruit comes from Central Asia, an entirely new berry. It grows a cane twenty to thirty feet in length if left untrimmed. It is usually trained to a wire or over a trellis as a grape vine. The berries are almost coreless and very rich; they need very little sugar in cooking. They have a flavor all their own, and are surpassingly good for pies, jellies and jams. Perfectly hardy; makes enormous yield. Introducer claims that from two vines he picked \$31.00 worth of fruit one year, and \$54.00 worth the next. It is well worth giving a trial. Our plants are genuine. Price, 25 cents each; \$3.00 per dozen by mail postpaid.

The Logan Berry

A hybrid between the Raspberry and Blackberry. The fruit is as large as the largest Blackberry, and is produced in immense clusters. The color is a clear, dark red. It partakes of the flavor of both the Blackberry and the Raspberry—mild, pleasant, vinous flavor, delicious and peculiar to this berry alone. Seed small, soft and few. Berries very firm, and carry well. Strong grower; enormous bearer. Fruit ripens early, just after Strawberries. Price, 20 cents each; \$2.00 per dozen, by mail, postpaid.

Crystal White Blackberry

Berries of fine, translucent white, of good size, sweet and pleasant. Canes prolific, but not entirely hardy. Should be planted near other sorts to fruit well. Price, 10 cents each; \$1.00 per dozen.

Japanese Wineberry

This interesting plant belongs to the Raspberry family. The fruit is borne in large clusters and each berry is at first tightly enveloped by the large calyx, forming a sort of burr. For jelly making, canning and preserving it is without an equal. Price, 10 cents each; \$1.00 per dozen, by mail, postpaid.

New Dewberry Premo

Much like Lucretia, but very distinct, and exceedingly early, being seven to ten days ahead and all cleaned off when Lucretia is beginning. Quality and size uniform. Was found in a Lucretia patch. Price, 10 cents each; \$1.00 per dozen.

Strawberry-Raspberry

Valuable for the extreme North, as the fruit is borne on the young growth, and is of course hardy in any climate. This is an entirely new fruit, both in habit of growth and form of fruit. Bushes grow one to three feet high and are covered

with Raspberries in the shape of Strawberries. Price, 10 cents each; \$1.00 per dozen.

Premo Dewberry.

Garden Elderberry

Everyone is fond of Elderberries. Ours are selected for fruiting and producing the finest berries. Try a few bushes. Price, 15 cents each; \$1.00 per dozen, by express.

Paw Paw, or Northern Banana

Grows everywhere and produces large fruit resembling the Banana. Price, 25 cents each; \$2.00 per dozen, by express.

Sassafras

Valuable as an ornamental tree and the roots are fine for making tea, which is highly prized as a beverage and spring medicine. Price, 20 cents each; \$2.00 per dozen, by express.

Improved Dwarf Juneberry

A good substitute for the large or Swamp Huckleberry. The fruit is borne in clusters, and is reddish-purple in color and changing to a bluish-black. In flavor it is a mild rich sub-acid, excellent as a dessert fruit or canned. Price, 10 cents each; \$1.00 per dozen, by mail, postpaid.

Rocky Mountain Cherry

This shrub originally grew wild in the Rocky Mountains. The fruit has been greatly improved by cultivation, and is claimed to be, when fully ripe, the best fruit of the season. It is jet black and about as large as English Morello Cherry. Price, 25 cents each; \$2.50 per dozen, postpaid.

Himalaya Berry.

Japanese Wineberry.

OUR CHAMPION GRAPE COLLECTION

ONE STRONG VINE OF EACH, POSTPAID, FOR \$1.00.

If extra heavy two-year vines are wanted we can send largest size by express for only \$1.25 for the collection, or by mail for \$1.50

This is the same collection we offered last spring. So great was the demand for it and it gave such universal satisfaction that we have decided to hold the offer open another year. The collection consists of eight of the very finest grapes grown. Just the thing for the home garden or for covering an arbor. The eight varieties are as follows, all strong one-year vines:

Price of varieties (except where noted: 15 cents each, \$1.50 per dozen; two-year-old vines, 20 cents each, \$2.50 per dozen.

CHAMPION—(Blue.) One of the earliest to ripen, practically free from rot or other disease, strong grower, compact bunches, quality fair, size medium. It succeeds anywhere, and is good for covering arbor.

WYOMING—(Red.) A popular market sort. Berry small; quality good; very productive and hardy, resembling Delaware somewhat; valuable for home use.

BRIGHTON—(Red.) One of the best red grapes in cultivation. Bunch large and compact; a strong grower and very productive; quality good.

MOORE'S DIAMOND—(White.) The color is a delicate greenish-white, with a rich yellow tinge, when ripe. Very few seeds, juicy, and almost entirely free from pulp, which makes it ideal corn. Berry size of Concord and two weeks earlier.

CONCORD—(Blue.) An old variety does well everywhere planted; good size, productive.

WORDEN—(Blue.) A valuable black grape ripening from three days to a week before Concord. Berry large, of good quality; thin skin; very productive; vine a strong grower. It comes in early enough to avoid the rush of Concords, thus brings one to three cents per pound more.

MOORE'S EARLY—(Blue.) A large black grape, ripening a week earlier than Concord; good grower; berries large, good quality, and makes a moderate yield; very valuable as an early grape.

NIAGARA—(White.) The most popular white grape. Fruit large and very productive; a good grower; ripening same season as Concord; equally good.

Remember you get this entire collection of eight one-year-old vines postpaid for \$1.00, or two-year-old vines by express for \$1.25.

CHOICE SEED CORN

GOLDEN CASH CORN—A new deep grained yellow corn with the smallest cob of any variety known. The ear is large, well filled at butt and tip ends, with beautiful golden deep grains. This corn is beyond doubt the best feeding corn in existence. Matures in ninety to one hundred days. Shells easily as early as September. It certainly is the ideal corn. Everyone will buy it for seed that sees it. Price, 50 cents per pint, postpaid; \$1.25 per peck; \$4.00 per bushel, freight or express.

SEED OATS

Regenerated Swedish Select—The stiffest straw of any Oats grown. Our stock is bright and clean. Sixty to seventy-five bushels per acre is no uncommon yield. One quart by mail, 40 cents. By express, one peck, 50 cents; one bushel, \$1.50.

MELLEN'S EARLIEST POTATO

This grand new potato is fully two weeks earlier than Early Ohio. Round, good yielder and cooker. Just the thing for the early garden. Price of eyes same as other varieties.

SEED POTATOES

We offer a very select list of seed potatoes at following reasonable prices, customers to pay express or freight charges on arrival.

HORSE CHESTNUT

A very beautiful well known tree, with round, dense head, dark green foliage, and an abundance of showy flowers in early spring, and bears beautiful brown nuts in autumn, the delight of children. Price, six to eight feet, \$1.00 each; \$10.00 per dozen.

VOLGA POPLAR—For Quick Shade

The new shade tree for lawn and street planting. One does not want to wait a lifetime for shade, and there is no other tree that will make the rapid growth of the Volga Poplar. Tall, stately, symmetrical, forming a beautiful top and the leaves are of a waxy-green, making it one of the very best of the quick-growing kinds. Notice the cut and see how the leaves hold up to October 15th. Compare this with the other tree by its side. We have beautiful trees ten feet high. Price, 50 cents each; \$5.00 per dozen; \$35.00 per hundred.

CAROLINA AND LOMBARDY POPLAR SAME PRICE.

CATALPA BUNGEI (Umbrella Tree)

Grafted on stems six to eight feet high, it makes an umbrella-shaped top without pruning. Perfectly hardy and flourishes in almost all soils and climates. Leaves large, glossy, heart-shaped, deep green; lay like shingles on a roof; always making a symmetrical head. Desirable for lawn, park and cemetery planting. Price, six to eight feet, each, \$1.00.

NORWAY MAPLE

One of the finest for street planting or for single specimens on the lawn for permanent shade. It grows slow, but is a beauty when once well started. It makes a beautiful dense shade. Top round and symmetrical. Thrives everywhere. Price, eight to ten feet, \$1.00 each.

AMERICAN WHITE ELM

A magnificent, stately tree, with wide spreading head and drooping branches. Price, 75 cents.

Norway Maple.

CALIFORNIA PRIVET FOR HEDGES, SCREENS, FENCES

Nothing adds so much to a home as a beautiful California Privet Hedge Fence. Plant ten inches apart, costs only \$1.00 per rod. It makes a fence the day it is planted and will last a lifetime.

A quick, strong growing shrub, yet easy to control by use of shears or knife to any desired shape. Fine for hedges between city lots, on large rural grounds, parks, cemeteries, in single clumps or with other shrubs; also as screens to outbuildings, fences, etc. Very hardy, easy to grow on all soils, even in partial shade; almost evergreen, its rich leathery-green foliage changing to purple in winter. Price, large, well-branched plants, twenty-four to thirty inches high, 15 cents each, postpaid; by express, \$5.00 per hundred; \$40.00 per thousand. Sixteen to twenty-four inches high, 10 cents each, postpaid; by express, \$4.00 per hundred; \$30.00 per thousand.

California Privet and Catalpa Bungei.

growth, yet graceful because of its drooping branches. Yellow flowers are followed by vivid scarlet fruits, the foliage changing in fall to scarlet and gold. Price, 15 cents each; \$1.50 per dozen. If by express, \$10.00 per hundred.

BARBERRY THUNBERGI

Another very valuable hedge plant. Absolutely hardy. Dwarf. Inimitably neat and dense of growth.

GARDEN ROOTS Good Gardens

There is a growing tendency all over the country to have a good garden, and it matters not whether you live in the city or country, you can enjoy the fresh products of a good garden, and there is nothing pays so well as a good bed of Rhubarb, Horseradish and Asparagus. It is not necessary to reset each year, but when once planted you can gather the products year after year for a lifetime. You cannot realize the returns you get from a small patch of ground. If you have more than you can use, you can easily sell the surplus for cash to your grocer. The profits are enormous, and it is an opening for a large commercial business. Our stock is very fine.

TRY 100 RHUBARB ROOTS

They Will Pay Your Coal Bill Next Winter

A basket of Rhubarb ready for market.

The forcing of Rhubarb is a great business that pays big profits. Anyone can succeed at it—the method is very simple. You plant in the open ground in spring as many roots as you wish to force—say one hundred to one thousand, or, if just for family use, a dozen will answer. These roots will make a good growth until fall. When freezing weather comes on they should be dug, and allowed to remain until they are frozen solid. Keep in this condition a few days, and then they are ready for forcing. Take to the cellar, and pack on the cellar floor or in barrels or boxes, as best suits you, then cover the roots with about three inches of soil. Keep damp, but not wet. In about three or four weeks you can begin cutting, and get three or four cuttings from the same roots during the winter. This brings fancy prices, and a very small bed will return \$25.00 to \$50.00. Any ordinary cellar or cave will answer. You can make big money out of it, and there is no end to the business, as there is an unlimited market for the product. You can easily pay your coal bill by planting a few hundred roots. Our stock is grown especially for forcing and garden use. Price, good roots, 15 cents each; ten for \$1.00, postpaid. By express, \$4.00 per hundred; \$30.00 per thousand.
